## Winter Toubkal

With the snow-capped peaks of Morocco's High Atlas Mountains providing an impressive backdrop, we climb to the summit of North Africa's highest peak, Jebel Toubkal (4167m). On a clear day we enjoy views from the summit across the Atlas range and over the Sahara Desert. We also explore the souks and medina of the bustling city of Marrakech.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Tour Comfort: Basic

Our basic accommodation can offer the most rewarding and memorable places to stay. These are usually communal or camping style with shared facilities. Running hot and cold water may be unreliable and overall comfort levels are basic.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Trek Grade: Challenging to Tough

A blend of challenging and tough grade treks, this level suits experienced and fit hikers who are confident trekking for long periods on difficult terrain and at high altitudes, with demanding ascents and descents.

## Your tour itinerary

### Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

### Your Tour Leader

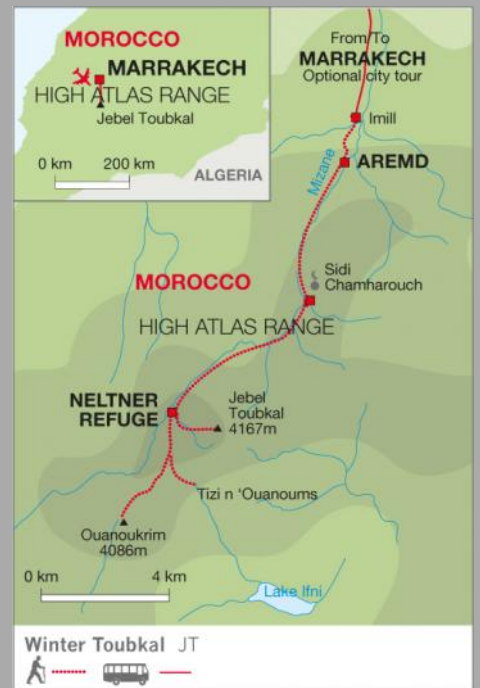

A Tour Leader is an integral part of any Explore tour and your tour will be led by one of our experienced tour leaders who have been handpicked and expertly trained. We believe that our Tour Leaders are the key to the success of our tours; they are passionate travellers who are bursting with first-hand local knowledge which they love to share. Your Tour Leader will also take care of all the planning and organisation throughout your journey. Their passionate approach will make this tour fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

### DAY 1 Join tour Marrakech

Join your tour in Marrakech. The city is the spiritual heart of Morocco, the cultural melting pot of the mountain Berbers and the desert peoples of the south, whose eclectic mix of ideals and traditions has resulted in a fascinating clash of colour, noise and visual delights that is straight out of the Arabian Nights. Depending on the schedule of your flights, you may be able to start exploring the souks of the Red City independently before meeting your group and Tour Leader at the hotel.

Overnight: **Standard Hotel**  
**Single Room Available**

**Swimming Pool Available** 

 **Included Meals:** None

## DAY 2 Drive to Imlil and trek to Aremd (2000m)

After most of the morning free in Marrakech, we leave the city behind and drive south towards the craggy peaks and plunging valleys of the Toubkal Massif. Crossing the Haouz Plain we pass through the tiny town of Asni, from where our road begins to climb towards the foothills of the Massif. Below us the valley of the Oued Rhirhaia stretches out into the distance and small villages cling to the sides of the steep hills as we meander our way towards the village of Imlil. Here we leave our vehicle and in the company of our tour leader, assistant mountain guide and cook, head along the Mizane Valley towards the Berber village of Aremd (2000m). Built on a moraine spur overlooking the valley floor, Aremd is the largest village in the valley and provides an interesting mix of traditional terraced farming, gites and streets that seem to be permanently gridlocked by goats and cattle. For generations the local Berber villagers have worked these lands, producing corn, potatoes and walnuts from the harsh landscape and we will have a chance to explore something of the village en route to our overnight accommodation, stopping for a refreshing mint tea along the way. Please be aware that our village accommodation will be basic, with shared facilities and dormitory style rooms. Total walking time: approx 1 hour.

Overnight: **Basic Village House**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 3 Trek to Neltner Refuge (3207m) via Sidi Chamharouch

This morning we meet up with our mules and muleteers for the continuing journey through the mountains. Heading east and crossing the flood plain, our route takes us along mule tracks and up into the high rocky cliffs above the valley. Crossing the river we eventually come to the pastoral shrine of Sidi Chamharouch (2340m), which attracts tourists and pilgrims alike (although only Muslims are allowed to cross the stone bridge to visit the marabout shrine itself). The village sits besides a small waterfall and presents a jumbled cluster of houses that seem to melt together into a chaotic mass along the valley walls. Continuing up into the snow-line it will take us another 5 hours to reach the refuge. After a chance to rest we'll then do another equipment check, practising on the surrounding snow covered slopes and receiving some basic instruction on the use of crampons and ice axes from our mountain guide. Total walking time: approx 5 hours

Overnight: **Basic Mountain Shelter**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 4 Ascend Jebel Toubkal (4167m)

If conditions are right this morning we will make our first attempt on the summit of Jebel Toubkal, North Africa's highest mountain. It will be an early start, a long day and a steep climb, as we make our way up a meandering track of snow and scree to our first stopping point at 3700m. From here we turn left, following the slope up to the South Col of Tizi n' Toubkal (3975m), from where we follow the snowy ridge to the summit. Depending upon snow conditions, the journey to the top should take us around 4 hours and once we hit the summit the views that greet us are simply breathtaking. On a clear day you can see the entire Toubkal range, right down to the plains of Haouz surrounding Marrakech. To the north lie the white giants of the High Atlas and to the south, the Anti Atlas and the Sahara. Pliny, the great Roman scholar, once described the High Atlas Mountains as the most fabulous mountains in all of Africa and from our vantage point high above the valley it is easy to understand why. Descending to the Neltner Refuge from here, the journey back should take us around 2.5 hours, where a late lunch will be waiting for us. Total walking time: approx 6.5 hours Overnight refuge.

Overnight: **Basic Mountain Shelter**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 5 Ascent of Mount Ouanoukrim (4086m)

Assuming conditions yesterday were right for the ascent of Jebel Toubkal, this morning you may like to attempt the nearby peak of Ouanoukrim, a more demanding climb than Toubkal with some steep, exposed sections of rock and snow. Departing the lodge early, we follow a gradually climbing path that takes us towards Tizi n'Ouanoums and then on to Tizi n'Ouagane (3750m). Chances are we will encounter snow for much of the journey and, as we begin the ascent to the top from Tizi n'Ouagane, we will have to negotiate a rocky track that may require some scrambling. Once past this section though, the route to the top then continues along a steadily climbing slope of snow and scree to the summit, from where we are rewarded with more spectacular views across the Anti Atlas and the Sahara. Enjoying a picnic lunch en route, the entire journey should take us around 8 hours, depending on conditions. Total walking time: approx 8 hours

Overnight: **Basic Mountain Shelter**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 6 AM trek to Tizi Ouanoums Pass (3650m), then descend to Aremd via Neltner

This morning we follow the same initial route as for Ouanoukrim before turning left up a steep gorge to Tizi Ouanoums, a viewpoint affording stunning views down towards the still waters of Lac D'ifni. The total journey should take us around 3 hours, returning to Neltner for lunch. Afterwards we turn our back on the mountain for the last time and head back down to Aremd, arriving in the village late this afternoon. Depending on our arrival time, there may be time for an optional visit to the local hammam. Total walking time: approx 8 hours

Overnight: **Basic Village House**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 7 Trek to Imlil. Drive back to Marrakech

Trekking back to Imlil this morning we rejoin our vehicles and drive back to Marrakech, where on arrival the rest of the day is free to explore the city's colourful souks and its celebrated Djemma El Fna Square. A feast for the senses, the area is a chaotic confusion of noise and colour, where you will find the streets alive with storytellers and letter-writers, musicians, jugglers and water-sellers. Marrakech is divided into two distinct parts, the Gueliz (or modern French-built city) and the Medina (the Old City) and there is the option to take an afternoon walking tour around the souks with a local guide, visiting the museum and the elegant Koutoubia mosque and tower, reputed to be the most perfect Islamic monument in North Africa. Alternatively you may prefer to spend your final afternoon independently exploring this maze of narrow streets, enjoying the sounds, colours and smells of the exotic and perhaps haggling for some last minute presents. Or perhaps you'll prefer just sitting in a local café and watching the street tableaux unfold before you.

Overnight: **Standard Hotel**

**Single Room Available**

**Swimming Pool Available** 

 **Included Meals:** Breakfast

## DAY 8 Tour ends Marrakech

The tour ends today in Marrakech. Depending on the schedule of your flights you may wish to spend some additional time wandering in the market and buying your last souvenirs before departure.

 **Included Meals:** Breakfast

## Accommodation and Meals

### Accommodation Rating

Morocco is a developing country and as such, the accommodation standards are not equivalent to those in Europe and can be more basic. We generally choose our properties because of their location, cleanliness, traditional style or for their welcoming atmosphere, as we endeavour to provide an authentic Moroccan experience. However, some of the properties might have some outdated or simple furniture and the level of service may vary depending on the location. You may find that availability of hot water is variable or limited in certain locations. Breakfasts are generally continental style. A swimming pool is often available, especially in the cities.

### Food & Drink

Included meals: 7 breakfasts, 5 lunches, 5 dinners included in the price of this tour. Please be prepared to pay for non-included meals. Please note that costs for drinks and meals can vary depending on location.

## Budgeting for your Tour

You will need some extra money to cover meals and drinks not included in the tour price, any optional sightseeing, souvenirs and items of a personal nature such as laundry.

### Food

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

#### Morocco

**Lunch £:** 6.00

**Dinner £:** 8-10

---

## Drink

The prices for drinks can vary greatly depending upon location and the prices detailed below are an average guide. In general you would expect that drinks purchased in a supermarket or local bar to be less expensive, whilst drinks in an upmarket bar or restaurant may be more expensive.

### Morocco

**Bottle of Beer £:** 2.50

**Water £:** 0.60

## Other Sightseeing & Activities

The following excursions and/or activities are usually available and may be arranged locally. Estimated costs are provided below for guidance only, are on a per person basis unless shown otherwise, and may depend on the number of participants. Prices quoted are correct as of the date these tour notes were originally issued but may change at any time due to currency fluctuations.

---

## Tipping - Tour Leader

At your discretion you might also consider tipping your Tour Leader in appreciation of the efficiency and service you receive.

---

## Tipping - Local Crew

Although entirely voluntary, tipping is a recognized part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.

Accordingly, you should allow approx. £25 for tipping of crew and local guides used.

#### Morocco

Nothing compulsory, but we recommend protection against tetanus, typhoid, infectious hepatitis and polio. Consult your travel clinic for latest advice on different prophylaxis available against malaria.

## Preparing for your Tour

### Maximum Altitude on Trek (m)

4167

### Trekking Details

This is a 4-day trek with an average of 6 to 8 hours walking each day, and an additional optional walk on Day 5. It is recommended that you know how to use ice axe and crampons. We reach a maximum altitude of 4167m and have graded this trip as challenging to tough.

### Altitude Description

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of "Medex" and downloading their information booklet: [http://medex.org.uk/medex\\_book/english\\_version.php](http://medex.org.uk/medex_book/english_version.php)

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take these to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

## Climate

### Morocco

The climate is both Mediterranean and Atlantic. The dry, hot season is from May to October when summer temperatures can reach 38°C and above (if sight seeing is included we will do our best to avoid the heat of the day during this period). Temperatures may drop significantly at times during the night as the day's heat rapidly diminishes. From December to January snow can be expected on mountain passes and it can be wet. In winter, day temperatures will probably be around 18-25°C, dropping to perhaps 0-5°C.

## Clothing

Morocco is a Muslim country and it is important to dress with respect for local customs. People may be offended by shorts or revealing dresses, which can attract unwelcome attention. We advise that in general both men and women should cover shoulders, upper arms and knees. Transparent, plunging necklines and tightfitting clothes should be avoided. Women should also cover their heads when entering a sanctuary, though in general, mosques are forbidden to non-Muslims. For those clients on a cycling holiday please bear this information in mind for times that you are not on the bikes. While cycling it is no problem for both men and women to wear your regular cycling gear, tight fitting or not.

## Equipment

Ice axe (non-technical winter trekking axe with long handle); 3/4-season sleeping bag; warm jacket (ideally down jacket); warm trousers; wind and waterproof jackets and trousers; warm midlayer; warm hat and face protection (balaclava); warm and waterproof gloves/mittens; thermal underwear; sunglasses and ski goggles; high factor sunscreen and lip protection; head torch and spare batteries; water bottle (minimum 1litre); insulated bottle; washcloth/small towel; wet wipes; toilet paper; anti-bacterial handwash; plastic bags; personal first aid kit.

Please note that an ice axe and crampons can be hired locally for MAD300 (approx. £20) each for the duration of the trip. Please consult your Tour Leader on arrival.

## Footwear

Bring strong and waterproof mountain trekking boots with stiff sole; crampons; inner socks and thick socks (ski type); spare boot laces; gaiters; trainers for mountain hut.

## Luggage: On Tour

We suggest that you bring a soft, waterproofed holdall/barrel bag that will be carried by mules on trek and good size waterproofed daysack plus a small holdall to store unneeded items in Marrakech. Pack mules are used to carry equipment, food and most personal gear. Pack heavy/dense items into your kitbag. It will be possible to store surplus baggage not required on the trek at the hotel in Marrakech. Don't forget that your bag will be carried by porters so please pack lightly.
