We then continue to the less visited island of Taquile which has preserved much of its Inca and pre-Inca heritage and the islanders still speak the language of the Inca - Runa Simi or Quechua. We take our time walking across the island and we will have the chance to buy locally produced embroidery - the men's handiwork for once! The old capital of the Inca empire survives only in its ruins, imbued with an atmosphere of mystery and grandeur. The Spanish colonial city, with its attractive pink tiled roofs, arcaded plazas and steep winding alleyways, stands upon tremendous Inca foundation stones. This morning we take a walking tour of this lovely city to see important Inca and Colonial monuments, such as the Plaza de Armas (main square) and the Inca wall of Hatunrumiyoc with its famous twelve-sided stone. The stone, measuring some 5 feet across, has the typical bevelled joints which create the patterns of light and shadow on Inca walls. We will continue on by bus to the outlying Inca site of Sacsayhuaman which broods high above the town, its huge, zigzagging stone walls broken into 66 sharply projecting angles to catch attackers in a withering crossfire. 20,000 conscripted workers toiled for 90 years to finish it. The afternoon is left free for some further exploration of Cusco.

Today is a free day with a wide choice of things to do. For river-lovers there is the opportunity of a full-day raft-trip (optional) down the Urubamba in the Sacred Valley of the Incas. This is an exciting way to see the valley and no previous experience of rafting is necessary - full instruction and safety equipment are provided. Please note: Participation in rafting requires that you are able to swim 25 metres unaided. There is also the opportunity to visit Misminay, home to many of the porters who work along the Inca Trail and within the valley itself. We can learn a little more about the lives of these descendants of the ancient Inca during our visit. Alternatively you could visit Maras and Moray where hot springs at the top of the valley have been diverted into terraced salt pans. Ollantaytambo itself is also worth spending time in; during the Inca Empire it was the royal state of Emperor Pachacuti who conquered the region and built the town as a ceremonial centre. After our sight seeing or rafting is finished we will drive back to Cusco.

DAY 13 Fly to Puerto Maldonado, transfer to Amazon lodge

Today we transfer to the airport for a short flight to Puerto Maldonado, located in the Southern Amazon area of Peru. You can leave your main luggage in Puerto Maldonado and just take with you what you need for the next few days. The Amazon comprises 60% of Peru and the Peruvian Amazon is the second largest section of the Amazon Rainforest after Brazil. The Amazon basin covers two fifths of South America over many countries including Bolivia, Brazil, Colombia, Ecuador, Guyana, Peru and Venezuela and it is the most bio-diverse environment in the world. Most of the basin is covered by the rainforest, which is the largest rainforest in the world. We travel along the Tambopata River by dugout canoe (approximately 40 minutes) and check into our Amazon lodge. The lodge is comfortable but as it is in a remote location, the electricity is provided by a generator and is only available for certain hours of the

day. After lunch, we will have a guided walk through the jungle and the local guide will explain the tropical trees, medicinal plants, insects, butterflies and other animals we see en route. Then we will make a quick stop at a lookout point to hopefully spot toucans, macaws and other birds. In the evening we will enjoy a twilight boat journey searching for animals including caimans and capybaras.

Cool Earth

Explore are proud to support Cool Earth in their effort to reduce global carbon dioxide levels through the prevention of deforestation in the South America rainforest. Cool Earth focus on areas in immediate danger of deforestation, supporting local communities to be forest guardians. To date 350,000 acres of rainforest has been protected. Saving rainforest also protects rare animals and plants, allows local forest communities to maintain their way of life, and protects a major source of oxygen and fresh water. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers flights each year.

Earth Matters

We are passionate about sustainable travel and work hard to create tours where your holiday delivers real benefits to the local communities. We minimise our impact by travelling in small groups, respecting local cultures, reducing waste and offsetting 100% of the CO2 from our flights.

When you travel with Explore, you are directly contributing to local economies and helping empower the people you meet. We currently support a range of charities and good causes, including: Toilet Twinning (helping to flush away poverty), Lone Buffalo Foundation (a community project based in Laos providing creative skills for young people) and have recently supported women's cooperatives in Borneo and Morocco. We are a member of Tourism Concern's Ethical Tour Operator Group (www.tourismconcern.org.uk) and support their campaign for fair and ethical tourism. We also care passionately about the world's wildlife and actively support and promote the Born Free Organisation and Mahouts Elephant Foundation.
