Norwegian Fjords and Spitsbergen - Expedition

Cruise Into The Arctic
Fabulous Norwegian Fjords

Set sail from Bergen - the gateway to Norway's fjords - to the remote shores of Svalbard on this dazzling 15-day odyssey across the Norwegian Sea. Walk across the glaciers that carved the stunning landscapes, explore subarctic islands by Zodiac in search of polar bears, walk through history at UNESCO-protected historical sites, and much more. Don't merely pine for the fjords; find them.

En-route, we will have time to enjoy the picturesque Lofoten Islands. This enchanting collection of islands that form the Lofotens are rightly famous for their azure waters and the colourful fishermen's cabins that dot the coast. We also plan to cruise in to the nearby Trollfjord, one of Norway's shortest and yet most dramatic fjords. Called the 'Gateway to the Arctic', Tromsø is the last major habitation before we head deeper into the Arctic Circle towards the usually ice-bound outpost of the Svalbard archipelago, more commonly known as Spitsbergen. A rugged land of deep fjords, mountains and ice sheets, we spend our time here searching for walrus, seal, reindeer, arctic fox and the mighty polar bear.

Wildlife

Prolific birdlife including puffins, arctic terns, ivory gulls and guillemots. Seals, walrus and a variety of whales can also be spotted at this time of year such as orcas and humpback whales. Polar bears and arctic foxes can be seen roaming the tundra.

Ship Description

Expedition

At a nimble 105 metres (345 ft) in length, with a capacity to hold 132 guests, the Expedition is an ideal vessel to ply polar waters. The ship is large enough to provide stability, speed, spacious cabins and ample public space, yet she is small enough to manoeuvre in remote areas and get you close to the action. Ship stabilizers ensure a smooth ride in rough waters, such as the infamous Drake Passage enroute to the Antarctic, allowing you to enjoy more of your time at sea. A fleet of ten zodiacs allows passengers to get out and actively explore the remote shores of our destinations. The Expedition is a speedy vessel. A top speed of 16 knots means you'll spend less time getting from A to B, and more time to explore your surroundings.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Premium

Our comfortable accommodation is hand-picked and chosen for its character, location or local importance. These properties have excellent facilities and a higher level of comfort and service.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Tour Pace: Relaxed

Easy paced tours with plenty of time to relax and absorb the sights and immerse yourself in the local surroundings.

DAY 3 Sail from Flam to Olden

We cross the famous North Sea, towards Olden. Depending on time, we may stop in Olden for a short bus ride to the Briksdal area and a walk to the beautiful glacier found here. Expedition

Included Meals: Breakfast, Lunch, Dinner

DAY 4 Olden and Geirangerfjord

Sail deep into one of Norway's most beautiful fjords, into the mainland. The fjord is one of Norway's most visited tourist sites and has been listed as a UNESCO World Heritage Site. DAY 5 Trondheim

We continue on to Trondheim, a modern city surrounded by beautiful forests and mountains and is home to the remarkable Nidaros Cathedral. Built over the burial site of Saint Olav, the king of Norway in the 11th century, Nidaros Cathedral is the traditional location for the consecration of the king of Norway. Choose between taking an afternoon hike to the Sverresborg Folk Museum, or enjoy a city tour including the Folk Museum and the elaborate Cathedral, built between 1070 and 1300.

Expedition

DAY 6 Torghatten and Vega Island

The rugged coastline of central Norway features some of the world's most beautiful scenery. The captain will liaise with local Norwegian pilots to determine our best landing options. Our aim is to visit Torghatten, one of the most bizarre rock formations in Norway and a significant local landmark. We will also try to cruise by ship and Zodiac, through the Treana archipelago, comprising of over a thousand tiny islands. Our on-board photography expert will be on hand to ensure that you make the most of the photographic opportunities found in this area. In the afternoon, we will head to the quaint and picturesque Vega Island, a listed UNESCO site. You

will have time to wander through the picturesque fishing villages and appreciate the slow pace of life found here. This region is also renowned for its eider down harvesting.

Expedition

Included Meals: Breakfast, Lunch, Dinner

DAY 7 Svartisen and Vikingen

Today we visit Svartisen and Vikingen, where we will enjoy beautiful glaciers and a globe sculpture which marks Vikingen as a point directly on the Arctic Circle. Svartisen is Norway's second largest glacier and water collected here is used for hydropower. Here, we hope to enjoy a scenic walk up to a glacier before continuing onto Vikingen. Our last stop of the day will be Sanna, a remote island that offers great walking opportunities and a chance to see some sea eagles.

Expedition

Included Meals: Breakfast, Lunch, Dinner

DAY 8 The Lofoten archipelago

The Lofoten archipelago is an enchanting area of picturesque villages, backed with jagged peaks which are perched by the sea. Go ashore via coach on the island of Å, where cod fishing is still a major part of the economy. There will be a chance to visit the Torrfiskmuseum (Stockfish museum) before a bus tour across the Lofoten Islands to Svolvær. We will stop here for photos and other interest points along the way, including the Viking Museum at Bostad. In the evening, stay on deck as you cruise into one of Norway's most famous fjords, the short yet dramatic Trollfjord. Search the cliffs on your continuing quest to spot trolls.

DAY 9 Lofoten Islands

Continue exploring the beautiful Lofoten Islands, spending time on Andenes Island - a spectacular location for spotting marine wildlife.

Expedition

Included Meals: Breakfast, Lunch, Dinner

DAY 10 Explore Tromsø

Today we arrive in Tromsø. Explore this northern haven and be sure to visit the Arctic Cathedral, whose unique architecture is evocative of snow and icebergs and its stained glass windows are among the largest in Europe. Tromsø, the capital of northern Norway, is known as the 'Gateway to the Arctic' since so many Arctic expeditions originated from here. Choose between hiking on the mountain top overlooking Tromsø, or wandering the city's streets before taking a cable car to the mountain top. Enjoy a delicious lunch of traditional open-faced sandwiches while gazing over the city. Everyone will have the chance to visit some of the major sites, including the Polar and Tromsø Museums and weather permitting, enjoy a stunning view from a cable car.

Expedition

DAY 11 Tromsø to Hornsund

Sail past Bear Island. Even from afar, Bear island offers spectacular views, with thousands of bird species such as fulmars, kittiwakes, guillemots and gulls. DAY 12 Hornsund

Explore the natural beauty of Hornsund and take advantage of the spectacular photo opportunities, as we explore by Zodiac. This scenic archipelago is made up of deep fjords, mountains and massive ice sheets. Keep your eyes peeled for walrus, seals, reindeer, Arctic foxes and of course, polar bears.

Preparing for your Trip

Climate

Norway

Seasonal Climate Despite the northern latitudes the climate in Norway is not extreme, due to the affects of the North Atlantic Drift. Between May and September is the best time to visit this region, with summer temperatures reaching the high teens and rain a regular feature year round along the coast. North of the Arctic Circle the sun does not set between the middle of May and the end of July, so you can expect to encounter the midnight sun during this period.

Spitsbergen

Between May and September is the best time to visit this region, with summer temperatures reaching a maximum of 5 degrees centigrade. North of the Arctic Circle, the sun does not set between the middle of May and the end of July, so you can expect to encounter the midnight sun during this period.

Clothing

Parkas
These will be provided by the ship operator. Please register your size with us before travel and we will arrange for your parka to be

available in your cabin on arrival.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Equipment

Sunglasses and sun cream

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards (and something to protect the camera when out in the elements)

Seasickness remedy

Walking poles

Personal First Aid

Footwear

Complimentary, used waterproof boots will be supplied onboard. However, guests might want to bring their own if they are the following sizes due to the limited quantities onboard:

- men's UK size 12 & 13 1/2

- women's UK size below three & seven and above

Guests must bring their own if they are:

- men's UK size six 1/2 or smaller

- men's UK size 13 1/2 or larger

- women's UK size two or smaller

- women's UK size nine 1/2 or larger

These are rubber, waterproof boots that are just below your knees with a strong, ridged non-skid sole.

You usually have to step from the Zodiac into icy water up to 30 cm high on most landings. Do not bring heavy, cumbersome boots that make it difficult to walk or boots with metal cleats as they cannot be used for landings. For maximum warmth, wear loose-fitting boots and two pairs of socks. Try out your boots before the voyage.
