### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

## Your trip itinerary

### Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

### Your Tour Leader

A Tour Leader is an integral part of any Explore tour and your tour will be led by one of our experienced tour leaders who have been handpicked and expertly trained. We believe that our Tour Leaders are the key to the success of our tours; they are passionate travellers who are bursting with first-hand local knowledge which they love to share. Your tour Leader will also take care of all the planning and organisation throughout your journey. Their passionate approach will make this tour fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

### DAY 1 Arrive Ripoll

Upon arrival in Ripoll, your hotel is within walking distance of the train station. This afternoon, depending on your arrival time, there may be time for a wander through the town, where the remains of the monastery remind us of the glorious days when this was the centre of power of the first Catalan counts; Guife el Pelos ('Willy the Hairy') is considered to be the founder of Catalonia, when he started uniting the different counties in the 9th century and thus gradually creating independence from France. The monastery itself used to house one of the finest medieval libraries in Europe and still preserves the splendid Romanesque portal from the 12th century. This evening, you'll pick up your bikes from reception, where they'll be with your name on. At 8pm you will be met by an English speaking local rep giving you a short briefing for the trip and answering questions you might have.

### Why Book this trip?

Self-Guided - Travel at your own pace and independently, not as part of a group or with a group leader. Bike hire is included and you are fully supported by route notes, hotel reservations and luggage transfers.

**Please contact us for prices on 0844 875 1890.**

 **Included Meals:** None

## DAY 2 Cycling to Sant Joan de Les Abadesses and Olot

Your first day takes you on the Camino de Ferro, the first section of the graded bike trail which was originally built in the late 19th century as a railway line serving local coal mines. This incredibly green and lush valley is surrounded by mountains up to 2100 metres high. There's a lovely place to stop for lunch, at the top of the Coll de Santigosa mountain pass, from where there are lovely views. Your route leads all the way to Sant Joan de les Abadesses, another important site from early medieval days, and you may wish to stop here for a visit to the 9th century monastery with its delightful alabaster windows. Gradually ascending a mountain pass, and enjoying lunch at the top, we arrive in Olot in the late afternoon after an easy route downhill into the town. The capital of the Garrotxa region, Olot is surely one of the few places in the world that was built in between several volcanoes. It is worth a walk through the old center of the town, especially after 5 pm when the shops open again and the narrow streets really begin to bustle with life. (Approx. 35km cycling; 395m ascent)

 **Included Meals:** Breakfast

## DAY 3 Cycling in the Garrotxa National Park

Today's ride is dedicated to exploring the volcanic scenery in the heart of the Garrotxa Natural Park. You start cycling through the Fajeda de n'Jorda, the largest beech wood forest on the Iberian peninsula, and eventually reach the Croscat volcano. Here you can see the structure of the crater as decades ago a huge chunk was cut out for use as construction material. All the volcanoes in the area are covered by lush forest. From the volcano, it's worth cycling to Santa Pau, one of the most authentic and picturesque 14th century villages in Catalonia. (Approx. 17.6km cycling). NB, if you'd like to do more cycling today, there are various roads and trails you can try out after returning to Olot, which will be about an extra 8km of cycling.

 **Included Meals:** Breakfast

## DAY 4 Cycling to Girona; explore on foot

In the morning we head off south, following the old railway line on the bike trail. Apart from one little ascent this is the most serene and gentle downhill on the whole trip, taking us through rich and fertile valleys with corn and palm tree plantations surrounded by the dramatic rocks of the Collsacabra Mountains. The trail leads directly into the heart of Girona where we can enjoy first impressions of this stunningly located town, built on a hill between two rivers. Girona was one of the first Paleolithic communities in the region and, under the Romans, a major town on the 'Via Augusta' between Rome and Cadiz. It reached its zenith, however, during the Middle Ages when Catalanian seafaring expansion reached as far as Athens, bringing great wealth to the region. A great place to sit for an early evening coffee is on the Rambla or the Carrer de Forca. (Approx. 60km cycling; 140m ascent).

 **Included Meals:** Breakfast

## DAY 5 Cycling to Sant Feliu de Guixos

This morning is free to explore Girona. Visit the ancient city walls for fine views over the surrounding countryside, and then explore the backstreets on foot. Examples of the wealth from Catalanian seafaring days can be seen at the spectacular cathedral, built between the 11th and 15th centuries, which has a Romanesque cloister, Europe's widest Gothic Nave and a five-storey tower. Not to be missed is a visit to the Arabic Baths - built during the 13th century by a noble family who wanted their private bath to be designed in the style of Moorish Spain. It may also be possible to do a quick visit to Figueres (a short train ride away) to visit Salvador Dali's famous Theatre Museum. After lunch head off on the bike trail towards the coast. Soon the scenery changes and the vegetation is increasingly dominated by pine and cork oak trees, as well as eucalyptus. A final descent brings you into Sant Feliu de Guixols. (Approx. 40km cycling; 80m ascent).

 **Included Meals:** Breakfast

## DAY 6 Free day on coast; optional cycle to Tossa del Mar

Today is free for you to choose whether you wish to take it easy on the local beaches, visit the old monastery and the historical center of Sant Feliu, or perhaps fancy some more cycling. A very rewarding but challenging ride (there is approximately 1000m of altitude gain) is along the coastal road which connects Sant Feliu with Tossa del Mar. It wasn't until the 1950s that under Franco the road was constructed in order to attract more tourism to the Costa Brava. Tossa del Mar itself had emerged on the world map a few years before when it hosted the shooting of a major Hollywood production with Ava Gardner. The 23 kilometres along the rocky cliffs are probably the most scenic along the entire Spanish Mediterranean, affording splendid views across little bays and the sea. Alternatively, spend time on one of the many lovely local beaches, swimming in the Mediterranean or maybe taking a stroll along the old town's promenade. (Optional approx. 46km cycling, 1000m ascent).

 **Included Meals:** Breakfast

## DAY 7 Barcelona

After breakfast, transfer by bus to Barcelona, leaving your bikes at the hotel before you depart. The journey takes about 90 minutes. After you've checked in, you are free to explore Barcelona. You can visit Antoni Gaudi's fascinating Park Guell for a stroll, admiring the beauty of his architecture and enjoying fantastic views across the city and the sea. You may also choose to visit another of Gaudi's famous projects, the Sagrada Familia, the unfinished cathedral. Other examples of Gaudi's work not to be missed are the roof-top of La Pedrera and Casa Battlo both situated on Passeig de Gracia. Alternatively, take a stroll down to the port and the cable car across the harbour to the Jardins de Miramar, and then ascend to the Castell de Montjuic, dating back to the 17th century. Fantastic views are afforded out to the sea and back to the mountains.

 **Included Meals:** Breakfast

## Preparing for your Trip

### Climate

#### Spain

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

### Clothing

Bring cycling gear such as shorts, quick drying tops and cycle gloves. Remember weather is changeable in the mountains and it can be cool, especially at night, so bring a warmer jacket/fleece. Don't forget your swimming costume for the Mediterranean.

### Footwear

Lightweight walking shoes/trainers for cycling and comfortable shoes/sandals for evenings and visiting the sites and towns.

### Equipment

A cycling helmet is essential and required under Spanish law for all cyclists and must always be worn whilst cycling. We recommend you bring your own helmet for the reasons outlined in the safety section. Bring a water-bottle that clips on to the bike. Elasticated bungy cords are useful for attaching things to your bike, whilst wraparound sunglasses help prevent insects or pollen getting in your eyes. A penknife is useful for picnic lunches. A map and our day to- day notes are provided at the start of the tour, but you should bring your own choice of guidebook to have with you during the day. Padded shorts, trousers or a personal 'gel seat' are recommended but not essential. Cycling gloves are strongly recommended as they will protect you from sunburn and may also help protect your hands if you fall. Please bring a torch. **Please consider carrying all or some of your cycling equipment, e.g. helmet, as part of your hand luggage.**

Luggage allowance on trip:

Unfortunately it does occasionally happen that luggage does not always reach its destination on the same flight as its owner, or possibly it may be damaged in transit. If you are unlucky enough for this to occur, it is important that you file a PIR (Property Irregularity Report) with the airline before leaving the airport. This is essential when you come to make a claim either against the airline or from your travel insurance company

### Transport

24 or 27-gear hybrid bikes, with bag-rack & pannier bag for day things.
