DAY 1 Join tour Kota Kinabalu

We arrive in Kota Kinabalu and check in to our hotel. Known locally as KK, Kota Kinabalu is a burgeoning city with a blend of Malays, Europeans and Chinese: the result is a unique mixture of architecture, culture, high technology and ancient traditions.

Overnight: **Standard Hotel**

 **Included Meals:** None

DAY 2 Boat trip and snorkelling to Manukan Island

Off the coast from Kota Kinabalu is the Tunku Abdul Rahman National Park, Sabah's first national park. Teeming with a magnificent range of marine life, the islands are fringed with coral reefs and have some of the best beaches in Borneo. Today we make a boat trip to Manukan, one of the islands famed for its world class snorkelling and an idyllic way to spend our first day here.

Overnight: **Standard Hotel**

 **Included Meals:** Breakfast

DAY 3 Fly to Sandakan; drive to Sepilok and visit orang-utan rehabilitation centre

We fly this morning to Sandakan on Sabah's east coast from where we make the short drive to Sepilok. Sepilok is home to the largest of the three orang-utan rehabilitation centres in the world. Covering over 4,000 hectares of forest, the centre was established in 1964 to rehabilitate captured, injured or abandoned apes with the animals being taught how to make nests and survive in their natural habitat. We plan to visit the centre in time for feeding when, along with the permanent members, pregnant mothers who otherwise live in the jungle often come to supplement their diet and return after the birth of their young. There is a small charge to bring your camera into the sanctuary area.

Overnight: **Simple Lodge**

Swimming Pool Available 

 **Included Meals:** Breakfast

DAY 4 Rainforest Discovery Centre and Sun Bear Sanctuary; drive to Sukau via the bat caves

This morning we visit the Sun Bear Sanctuary which looks after these threatened species with the aim of rehabilitating and releasing these creatures into their natural habitat. We then move on to the nearby Rainforest Discovery Centre. The centre gives the opportunity to learn about the conservation of the rainforest and the myriad of animals and plants that rely on this incredible habitat. From the canopy walkway you will see the beautiful rain forest of Sepilok from up to 28 m above the forest floor! You might even catch a glimpse of the Bornean bristlehead bird, one of the rarest birds in Sabah as well as the other 250 species of birds including hornbills, pittas, kingfishers and broadbills. Later we continue our journey to Bilit, on the Kinabatangan River, stopping off at the Gomantong caves. These limestone caves are Sabah's most famous and are home to over a million swiftlets, which swarm into the caves at sunset to roost. The nests are harvested by the locals for soup using 60m long rattan ladders. In addition to the swiftlets, the caves are home to two to three hundred thousand bats which leave the caves at sunset to feed. From here we continue onto our jungle base in Sukau.

Overnight: **Standard Lodge**

 **Included Meals:** Breakfast, Dinner

DAY 5 In Sukau; wildlife cruise viewing, jungle walks, boat cruise

Unlike other areas in Sabah, the Kinabatangan River has remained relatively unaffected by logging, mainly because the land is permanently waterlogged and there are few commercially valuable trees there. The river meanders through a flood plain and creates many ox-bow lakes making an ideal environment for wildlife viewing. On our early morning cruise we may see crocodile warming themselves in the morning sun and some of the other birdlife such as egret, storm's stork, oriental darter and oriole. This afternoon, optional jungle walks are available for those wishing to explore further. Later in the afternoon as the sun starts to go down, we take another boat cruise along the Kinabatangan River and Menungal tributary, hopefully to spot some more wildlife, including the long nosed proboscis monkeys which converge on tree tops by the river banks to settle for the night.

Overnight: **Standard Lodge**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 6 Drive to Kinabalu National Park via Poring Hot Springs

Today we depart Sukau by bus and travel to a tea plantation where we will spend the next two nights staying in a traditional style longhouse as used by the tribal people of Borneo (shared facilities). This plantation is the only organic tea farm in Borneo, surrounded by rainforest and with magnificent views of Mount Kinabalu, it is a great place to explore. This evening you may have the opportunity to see a blow pipe demonstration.

Overnight: **Simple Cabins**

Included Meals: Breakfast

DAY 7 In Kinabalu National Park; walk to Laban Rata (base camp)

For those wishing to climb Mount Kinabalu we make an early start this morning. We hope to get a good view of the mountain towering over the jungle below, before driving to the park entrance and the starting point of the trail at about 1900m. From now on, leaving our main baggage behind at the hotel but carrying our daypacks, we walk or trek climbing upwards for 6 hours to reach a mountain hostel situated at 3272m and surrounded by magnificent scenery. The lower part of the trek is through dense tropical vegetation and mist shrouded rainforest with giant ferns and luxuriant mosses, a botanist's paradise with rare orchids and pitcher plants abound. The hostel at base camp has communal facilities and there is a canteen where you can buy a simple meal. For those staying behind at the hotel there are numerous low level nature trails in the park from where to further explore the diverse flora and fauna.

Overnight: **Basic Hostel**

Included Meals: Breakfast, Lunch

DAY 8 Optional summit ascent of Mount Kinabalu for sunrise

Legends abound as to the origins of the name Kinabalu. The local Kadazan tribes believe it to be sacred and the last resting place of their ancestors, the name deriving from Aki Nabulu meaning "the revered place of the spirits". The trip to the summit is a hard trek and should only be attempted by those people who are confident about their level of fitness. We rise at approx. 02.30 and trek to the summit for sunrise (about 05.45). We have to walk in the dark and it is necessary to wear warm clothes and gloves and to carry a torch. The view from the top of MtKinabalu (4,095m) is exceptionally fine as we watch the sun rising over the misty jungle lowlands. For those who do not make the summit ascent, the views from around basecamp will keep you and your camera occupied until we make the descent mainly on foot and then by bus back to the Park Headquarters, where we check into our chalets again.

Overnight: **Simple Hotel**

Included Meals: Breakfast, Dinner

DAY 9 Bus to Kuala Penyu; boat to Pulau Tiga

This morning we drive to Kuala Penyu from where we travel by boat to the small island of Pulau Tiga. Formed after a volcanic eruption just over one hundred years ago, the island, which has magnificent coral reefs and a wide variety of terrestrial flora and fauna, is now part of a state marine park.

Overnight: **Simple Hotel**

Included Meals: Breakfast, Dinner

DAY 10 On Pulau Tiga with options to snorkel, sea kayak or fish

This paradise island is the ideal place to relax at the end of your tour although there is also plenty on offer for the more active traveller. The snorkelling opportunities are excellent and other activities such as seakayaking and fishing are also on offer. A network of marked trails provide the chance to discover the island's wildlife from macaques and monitor lizards to rare birds such as the curious megapodes, hornbills and sea eagles. One trekking trail leads to the mud volcanoes on the island which are famed for their mineral enriched mud, said to have healing properties.

Overnight: **Simple Hotel**

Included Meals: Breakfast, Lunch, Dinner

DAY 11 Return to Kota Kinabalu

Today we return to Kota Kinabalu with time for some last minute shopping or further personal exploration. You may wish to visit the Masjid Sabah, one of the biggest mosques in Malaysia, or the Sabah Museum, shaped to resemble a Rungut Longhouse and containing a magnificent collection of ethnographic and historical artifacts.

Overnight: **Standard Hotel**

Temperatures are uniform throughout the year, with conditions on the coast more humid. Day-time temperatures reach around 31°C and then drop at night to about 23°C. There is no clearly defined wet and dry seasons, though the southwest monsoon (September to

November) and the northeast monsoon (November to February) bring rather more rain. On the west coast rain tends to fall mainly in short lived thunderstorms, and the sky clears quite quickly.

Borneo

Temperatures are high all year round, between 23°C at night to 32°C during the day. Borneo is tropical and only lies a few degrees north of the equator. Rainfall can be expected at any time of year though will be greater between November and January. Seasonal weather patterns can be unpredictable. For up-to-date information on the weather worldwide please visit www.bbc.co.uk/weather.

Clothing

Pack for hot conditions. There is year round humidity in the lowlands but you will also need a warm sweater/fleece and jacket for cool nights in the Highlands, especially November to January. Lightweight rainwear/umbrella is essential all year. Plastic ponchos can be purchased locally. Don't forget your swimming costume.
