Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Why Book this tour?

Although the climate varies within the country, Thailand is a good year round destination. For the bulk of the country the months from November to April offer pleasantly cool, dry conditions making it perfect for travel. On the southern peninsular the climate differs between the east and west coast. East coast beaches receive their warmest temperatures during our summer months, whilst the west coast enjoys their warm, dry conditions during our winter and spring.
