DAY 1 Fly to Entebbe

Depart the UK on a flight to Entebbe, Uganda.

Why Book this trip?

Uganda is sunny most of the year with temperatures usually remaining comfortable & rarely exceeding 30 degrees. Just like its African neighbours, Uganda follows a similar pattern with two wet seasons during the year. The main rainy season falls between late March and May with rain often lasting days, thus making travel difficult. The light rainy season is during November when it generally lasts only an hour or two each day leaving conditions revitalised and refreshed.

 **Included Meals:** None

DAY 2 Journey to Kampala

On arrival at Entebbe, you will be met and transferred to your chosen hotel in the capital city Kampala.

 **Included Meals:** None

The Victoria Nile runs through the centre of the park and plunges 45m over the rift valley wall creating the magnificent Murchison Falls. After an early morning breakfast, head out on a game drive where you may see elephants, giraffes, lions, hartebeests and a huge variety of birds. After lunch you take a boat journey on the Nile for game-viewing at close quarters.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 5 Kabwoya Game Reserve

Time to relax this morning and enjoy a final game drive in Murchison Falls National Park, before heading to Kabowya Game Reserve. DAY 11 Gorilla trekking

Today you'll experience what some people define a life changing event: a meeting with the gentle giants of Bwindi! Expect to walk a long distance in steep and muddy conditions, sometimes with rain overhead, before you encounter any gorillas. But it will definitely be worthwhile as you observe them closely while they eat, play and rest, a unique and unforgettable experience! Unfortunately, Mountain gorillas (as opposed to Lowland gorillas) are one of the world's most endangered species so the entrance and gorilla tracking fees revenue generated from tourism in protected parks such as Bwindi, offer them their only chance of survival. Distinct from their cousins who live in the open spaces and lowland forests of West Africa, Mountain gorillas are found at an altitude of between 1520m and 3650m. Gentle giants and vegetarians, they are normally peaceful unless provoked. Our groups have been rewarded with the thrill of very close encounters.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 12 Journey to Lake Mburu

From Lake Bunyoni drive to Lake Mburu National Park. Home to a good population of game, including zebras, buffaloes and antelopes, the national park is relatively small in comparison to some of its counterparts. The national park is home to 350 bird species including shoebill, turaco and hoopoe among others. This afternoon is your first wildlife safari experience, with either a game drive or boat ride on the lake.

Preparing for your Trip

Climate

Uganda

Although conditions are tropical, hot and humid in the centre and west, the rest of Uganda has a pleasant and comfortable climate. The dry season is generally from December to early March and June to the end of August/early September. Temperature can vary from around 28°C during the day to 12°C in the evening. High mountain areas become much cooler at night. Most of Uganda experiences a double rainy season. Rainfall is moderate, only exceeding 1250mm a year in the higher areas. But it may rain at any time of the year, particularly in equatorial rainforest such as Bwindi. Lake Victoria influences the local weather patterns considerably and ensures the surrounding region is wetter than elsewhere. Additional information and climate charts can be accessed at <http://www.explore.co.uk/weather>. Seasonal weather patterns can be unpredictable. Up-to-date information on the weather worldwide can be found by following the BBC weather link on this page.

Luggage allowance on trip:

Unfortunately it does occasionally happen that luggage does not always reach its destination on the same flight as its owner, or possibly it may be damaged in transit. If you are unlucky enough for this to occur, it is important that you file a PIR (Property Irregularity Report) with the airline before leaving the airport. This is essential when you come to make a claim either against the airline or from your travel insurance company
