DAY 2 Drive to Erindi Private Game Reserve and afternoon game drive

The Erindi area used to be a cattle farm and unfortunately its cattle caused some damage to the natural vegetation. However, Gert Joubert and his nephew Paul bought the farm and started to phase out cattle farming and replaced this with numerous species of wildlife and in 2007, it was approved as a nature conservation venture. Over the years Erindi has successfully transformed itself into an eco-tourism and conservation venture with specific programs established to rehabilitate both the land and animals that live in the reserve which include wildebeest, elephant, springbok, lion and even armadillo and monitor lizards. This afternoon, the included game drive roams through the reserve with a qualified and knowledgeable guide in the comfort of an open 4x4 vehicle.

Overnight: **Premium Lodge**

 **Included Meals:** Breakfast, Dinner

DAY 3 Travel to the famous Etosha National Park via the Cheetah Conservation Fund

We drive to the world renowned Etosha National Park today, visiting the Cheetah Conservation Fund en route. Namibia has the largest population of wild cheetahs in the world and today at the CCF we'll spend time learning about the world's fastest land animal (which can reach speeds of up to 112 km) and meet a few of the residents. This is an internationally recognised centre of excellence in research and education on cheetahs and our visit allows us to understand more about these beautiful cats. Etosha is the country's prime wildlife location and home to the largest variety of mammals and birds in Namibia. Etosha means the 'great white area' which refers to the large dried pan in the middle of the park. It is believed that the pan was formed over 100 million years ago and is 130 km's long and up to 50 kms wide (the pan covers almost a quarter of the entire park) and can even be seen from space! Reaching to our base in the afternoon for a dusk game drive, we check-in for two nights in Okaukuejo which is one of only three rest camps in the park.

Overnight: **Standard Cabins**

Swimming Pool Available 

 **Included Meals:** Breakfast, Lunch

DAY 4 Game drives in Etosha National Park, elephant, rhino, lion and leopard

Etosha National Park is an immense saline desert, and our game drives take us from dense bush to large open plains where animals roam freely. We travel along the network of gravel roads that criss-cross the park, visiting viewpoints and the permanent waterholes around which animals congregate. We hopefully will see four of the Big 5 that live in the area. Elephants and lions are common in the park, while the elusive leopard hides in densely vegetated areas but it is the endangered black rhinos, which draw the most interest. The numerous waterholes scattered around the park are probably among the best places in the world to see this precious animal along with the plains which are home to large herds of springbok and zebra, all of which give a wonderful backdrop to game viewing in a unique place.

Overnight: **Standard Cabins**

Swimming Pool Available 

 **Included Meals:** Breakfast

DAY 5 Drive to Omaruru to view ancient rock paintings and enjoy the local art scene

In the Otjiiherero language of the local Herero people, the name Omaruru means 'bitter milk', probably because the local cows ate a local bush with gave their milk a slightly bitter taste. The Herero migrated from east African arriving in Namibia about 350 years ago. Traditionally, Omaruru has been an important centre for the Herero people for trading cattle and game but in the last decade, the town has now also become a haven for artists. We see the San Bushmen paintings and engravings at Twyfelfontein which contains a spectacular record of the rock art of the Khoisan people, painted and incised into the sandstone of the mountain over a thousand years. The afternoon is left free to visit the local museum or the Sand Dragon restaurant (art centre and restaurant).

Overnight: **Standard Guesthouse**

Swimming Pool Available 

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 6 Visit a living museum of the San Bushmen

We visit a living museum today which explains how the San Bushmen people have lived off the land for many years as well as explaining their culture, rock paintings and how they used to hunt. They were driven out of this area a long time ago but the museum, which is entirely run by the San Bushmen themselves, gives them the opportunity to make a living by showing visitors their ancestral history and way of life, giving an interesting insight into the their hunter-gatherer culture and traditions. There is a demonstration given by the San Bushmen on how they used to hunt and we walk alongside them as they explain and show these techniques.

The granite is more than 120 million years old and the highest outcrop dramatically rises 1,784 meters above the flat surrounding plains. We also visit the world's largest breeding colony of Cape fur seals when we stop at Cape Seal Reserve along the coast. We can walk along the edge of the colony and learn more about these captivating creatures and the intriguing history of Cape Cross.

If you are lucky, we may also have sighting of dolphins and seals that feed off the cool Benguela nutrient rich current, as well as flamingos or pelicans. We leave Swakopmund this morning and travel by the dunes outside Swakopmund. The local desert guide will show the hidden life in this apparently barren landscape with animals that are endemic to Namibia including the sidewinder (Peringuey's adder), the Palmato gecko with its transparent skin and beautiful colours as well as track the large Namaqua chameleon. We find out how the area's plants and small animals survive in this harsh climate including how they find water. Along the way, the guide explains the variety of dune colours and weather permitting, you will experience a 'roaring' dune as the sand actually produces sound!. We continue into the desert to our chalet accommodation where the Explore Leader teaches the group how to cook a meal in the desert.

Overnight: **Standard Lodge**

DAY **11** Exploring Sossusvlei Dunes and Sesriem Canyon

Today, we drive into the Namib-Naukluft National Park, the largest nature reserve in Africa and travel down the Tsauchab Valley to Sossusvlei to watch the sun rise and cast its shadows over the red dunes. Sossusvlei has some of the world's most spectacular and highest sand dunes, including the incredibly photogenic 'Dune 45'. The area itself is a vast depression or clay pan towered over by sand dunes up to 300m high. In the early morning, the first rays of the sun light up the dunes with a deep orange glow - a photographer's delight. It is a wild, beautiful and romantic spot with sparse vegetation edging a few watercourses that flow in from the Tsauchab River. We'll also explore the cool passageways of the Sesriem Canyon on foot. A deep slash in the earth, the picturesque canyon is approximately 1km long and its shade offers shelter to numerous plants, while its water pools attract several species of birds and animals. Sesriem means 'six thongs'. This refers to the six lengths of rawhide rope needed to make a line long enough to lower from the rim of the gorge to the stream below, in order to haul up a bucket of water in days gone by.

Preparing for your Trip

Climate

Namibia

With a staggering 300 days of sunshine each year, Namibia is a year-round destination, although some may prefer to avoid the heat of high summer. The cold Benguela current keeps the Atlantic coast of the Namib Desert cool and rain-free for most of the year, with a thick coastal fog that lends a mysterious edge to the area. January and February are the hottest months, when daytime temperatures in the heart of the Namib can exceed 40°C (104°F), but nights are usually cool. Winter nights can be fairly cold, but days are generally warm and pleasant.

Clothing

Clothing should be lightweight, however a warm fleece and sweater/thick shirts are essential, as nights (and daytime) can be very cold, especially from May to September, and game drives tend to take place at dawn and dusk. Brightly coloured clothing is not suitable for game viewing.

Equipment

Bring a torch, water bottle, sun hat, sunglasses and sunscreen. Binoculars are essential for game viewing and a 300mm lens is recommended for photography. We also recommend you bring a swimming costume.

Footwear

Lightweight trail boots or robust trainers with a good grip, and sandals.

Luggage: On Tour

A soft bag or holdall/kitbag (or rucksack with detachable frame). There are no porters on this trip to carry luggage.

Luggage allowance on trip: 15Kg
