DAY 1 Join tour Lima

Arrive in Lima and check-in at hotel

Overnight: **Standard Hotel**

DAY 2 Fly Cusco, in Cusco

This morning we head to the airport and fly to the beautiful city of Cusco. The old capital of the Inca Empire survives only in its ruins, imbued with an atmosphere of mystery and grandeur. The Spanish-style city of today, with its attractive pink tiled roofs, arched plazas and steep winding alleyways, stands upon tremendous Inca foundation stones. The interlocking stones, assembled so carefully that a knife blade cannot be forced between the multi-sided joints, were highly functional as well as beautiful - they are earthquakeproof. The rest of the day here is left free to explore the city.

Overnight: **Standard Hotel**

DAY 3 In Cusco

Today is left free to explore more of Cusco with a planned visit to the remarkable market at Pisac, perhaps the most famous indigenous market in Peru. We will also visit Cusco's temple-citadel Sacsayhuaman which broods high above the town, its huge, zigzagging stone walls broken into 66 sharply projecting angles to catch attackers in a withering crossfire. 20,000 conscripted workers toiled for 90 years to finish it.

Overnight: **Standard Hotel**

DAY 4 In Cusco

Today we plan to do a walking tour of this lovely city to see important Inca monuments, such as the Inca wall of Hatunrumiyoc with its famous twelve-sided stone. The stone, measuring some 5 feet across, has the typical bevelled joints which create the patterns of light and shadow on Inca walls. You can also visit the Koricancha to see the perfect fusion of Inca and Spanish architecture. Your included Cusco pass allows you to visit this beautiful building without extra cost.

Overnight: **Standard Hotel**

DAY 5 Drive from Cusco to Misminay via Chincheros

Leaving Cusco this morning we drive through the Andes to arrive at Chequerec Community, a typical Andean village where we will start to trek through narrow paths traditionally used by the Indians. During this hike, we will see small indigenous villages, cultivated fields, peasants working, curious children and a variety of animals as well as a varied flora. This is a great opportunity to discover different lifestyles and be in contact with the natural atmosphere of the Andes and its people. After a few hours of walking, we will arrive at the Indian Community of Misminay, located at 3,700m, its location is spectacular as a natural balcony from where we can look at the splendid landscape and snow-capped mountains that surround the Sacred Valley; this view certainly astounds and leaves a deep impression on all those who visit this place. We will be received by the people of the village, and welcomed with a typical sweet spearmint tea; this agreeable herb is edible and medicinal for this people. Families live together in tiny, one or two-room adobe homes raising guinea pigs, cows and sheep. Fathers work as porters for hikers during the dry season and tend crops of potatoes, corn beans and quinoa during the wet months, while mothers watch the herds, take care of the household and raise their children. Women also weave, producing the family's colorful ponchos, chullos, skirts, shawls and other items, on their backstrap looms. After lunch we will have a demonstration of weavings made by the women of the community who will show us traditional & ancestral techniques. There will be also the opportunity to learn more about the local agriculture, they will show us instruments used by the Incas and still used today, especially in the highlands. Tonight we will take dinner at the community meeting room before overnighting at a local house.

Overnight: **Simple Village House**

DAY 6 Bike to Moray and Maras, on to Ollantaytambo

After breakfast, we leave Misminay for some easy downhill biking. We will drive from Misminay to Cruzpata in the pampas of Chinchero. Here we will practice with the bikes before beginning our route along a hilly track (single track, dirty road and down hill). We pass the Huaypo Lagoon to reach the experimental Agricultural Site of Moray, a very unique archaeological site which consists of enormous natural depressions or hollows in the ground surface that the Incas used for constructing irrigated farming terraces around them. This place was an important center of domestication, acclimatization and hybridization of wild vegetable species that were modified or adapted for human consumption. After a short visit at this site we continue by bike toward the town of Maras. We will have a picnic lunch and ride downhill all the way to the Salineras of Maras (Salt mines). After visiting the Salineras, we have a 30-40 minute descent walking to Pichingoto in the Sacred Valley, crossing the Urubamba River where our private bus waits to transfer us to Ollantaytambo town.

Overnight: **Standard Hotel**

DAY 7 In the Sacred Valley; free for optional activities

Our base at Ollantaytambo makes the perfect place from which to discover the sites and activities around the Sacred Valley. Today there is the option for a full day's rafting of the white waters (grade 2-3) of the Urubamba River before returning to our comfortable accommodation in Ollantaytambo to prepare for the forthcoming Inca Trail.

Overnight: **Standard Hotel**

DAY 8 Inca Trail to Machu Picchu

This morning we visit the Inca ruins at Ollantaytambo before we drive to 82km. The major highlight of the trip is without doubt the trek along the Inca Trail. The trail was first explored by Hiram Bingham in 1911 and opened for walkers in 1970. The famous ruins of Machu Picchu are not the only historical remains within the area: many other interesting sites are hidden in places which can only be reached on foot, and have scarcely been explored. Our trek starts by crossing the Urubamba river, then follow its rapids down the Sacred Valley of the Incas to Llaqtapata (2700m). Here we camp below the ruins of Llaqtapata. (6km 2.5 hours)

Overnight: **Basic Camping**

DAY 9 Inca Trail to Machu Picchu

Following the course of the Kusichaca river the trail leads to Huayllabamba, a quiet village of Inca origins and the last settlement on the route. We continue to Llulluchapampa (3800m) which affords stunning views of the snowy peaks around us. Here we set up camp for the night. 2nd Camp 3,800m (10km 5.5 hours)

Overnight: **Basic Camping**

DAY 10 Inca Trail to Machu Picchu

Today we trek over the Warmiwanusca (Dead Woman) Pass (4200m), to the valley of the Pacamayo river with its tropical vegetation. We then cross the Runkuraqay Pass (3950m). Here the selva (jungle) becomes visible on the slopes of the mountains. Sayacmarca ruins are on a rocky promontory. They command an imposing view and have only one means of access, a narrow granite stairway. Our trail goes through cloud forest with vines, exotic flowers (among them orchids) and luxuriant trees, then on through an Inca tunnel and along a ridge above the Urubamba river to the lovely Phuyupatamarca ruins (3579m). The views of the Urubamba and (if we are lucky) the snowcapped peaks of Veronica (5750m) and Salkantay make these ruins one of the most beautiful places on the trail. 3rd Camp 3600m (15km 8 hours)

Overnight: **Basic Camping**

DAY 11 Inca Trail to Machu Picchu

We descend to Winay-Wayna ruins (2591m), a small Inca city which, like Machu Picchu, was abandoned for unknown reasons. Then from Inti Punku - the Gate of the Sun - there is a sudden and fantastic view of the Lost City itself, Machu Picchu, set in a grandiose landscape that amazes all spectators. We walk down through the site, then travel down to our simple accommodation in the town of Aguas Calientes situated on the valley floor below Machu Picchu.

Overnight: **Simple Hotel**

DAY 12 In Machu Picchu to Cusco

Our final morning is spent at Machu Picchu, probably the most astounding feat of engineering in all of ancient America. Temples, stairways, palaces and gabled stone dwellings are scattered everywhere, testifying to the energy and ingenuity of the builders. Train and permit permitting, there may be time to climb the steep peak of Wayna Picchu to look down on the Temple of the Sun. Later we return the short distance by train to Ollantaytambo and on by bus to Cusco.

Overnight: **Standard Hotel**

DAY 13 In Cusco

Today has been left free for some rest and relaxation in Cusco after your trek. It will also be the perfect time to visit the markets and shops in the old city to take back some lovely souvenirs.

Overnight: **Standard Hotel**

DAY 14 Fly to Puerto Maldonado and boat into Amazonian rainforest

Transfer to airport for a short flight to the southern Amazon area of Peru, then a boat trip along the Madre de Dios or Tambopata river to the jungle lodge. We do an orientation walk on arrival and a sunset walk in the evening.

Overnight: **Standard Lodge**

DAY 15 In Amazonian rainforest

Two full days to explore, which will include jungle walks where in the deeper parts of the forest, toucans, monkeys, picuros, boars and other jungle animals may be heard or seen.

Overnight: **Standard Lodge**

DAY 16 Exploring more of the Amazon Jungle

Today we observe wildlife on the river during a boat excursion.

Overnight: **Standard Lodge**

DAY 17 Early morning boat and fly to Lima

Return to Lima. Transfer to hotel.

Overnight: **Standard Hotel**

DAY 18 Tour ends Lima

The tour ends in Lima this morning after breakfast.

Peru

Vaccinations & Protection

Peru

We recommend protection against typhoid, tetanus, polio, infectious hepatitis and malaria. Consult your travel clinic for latest advice on different prophylaxis available against malaria. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at <http://www.explore.co.uk/Travelhealth/> and from your local healthcare provider.

Preparing for your Tour

Walking Boots

We strongly recommend walking in good boots. Trainers, tennis shoes etc simply do not give the ankle support afforded by a decent pair of boots. Many people now trek in the lighter weight Goretex or leather boots sold under the brand names 'Karrimor', 'Berghaus' or similar and these are usually satisfactory. They have the advantage that they take little breaking in. The slightly heavier traditional leather walking boots are also good. Avoid the types often found in high street shoe shops which are simply cheap trainers with a higher canvas side sewn on - they give little support and will probably not last the trek. Above all, your boots must be well broken-in and comfortable. We do not recommend borrowing or renting boots. It is a good idea to carry your boots in your hand luggage on international flights or wear them - should your luggage be delayed, your well broken-in boots are the one thing which will be irreplaceable.

Climate

Peru

On the coast it rarely rains. Jun-Oct is damp and misty, but temperatures never drop below 10°C. The highlands experience sunny days and very cold nights. All year and there is a rainy period from Dec-Mar. Bear in mind that at high altitudes temperatures can drop dramatically, and conditions can change suddenly.

Clothing

In the highlands, conditions are generally dry and sunny during the day. Nights can be very cold at altitude so it is essential to bring adequate warm clothing for the trek especially between May and August. It can drop as low as -10°C at night. Be prepared for rain. Take your swimming costume for the thermal baths at Aguas Calientes. For the Amazon extension, the jungle region is damp and tropical; lightweight clothing (with long sleeves) is essential all year round. As main bags are left in Puerto Maldonado, an overnight bag is required for the jungle. A sunhat is essential.

Thermals: Comfortable around camp and much more practical (and warmer) to sleep in than pyjamas.

Socks It is best to wear a pair of liner socks under a pair of fairly thick loop stitch socks. This helps to protect your feet against blisters. Avoid nylon socks, they are abrasive, don't breathe well and can cause blisters.

T-shirts: We recommend polyester/polypropylene fabrics which keep you warm even when wet.

Waterproofs: Breathable waterproofs not only protect against rain and wind but also stop you from overheating. They 'breathe' and avoid condensation which you will experience from nylon waterproofs.

Thick sweater/fleece jacket: A thick sweater or fleece jacket is necessary as nights can be very cold at altitude, especially in July. Make sure that your waterproof jacket is loose enough to wear over your sweater or fleece.

Shorts: Shorts can be very comfortable to walk in but you must carry long trousers with you in case you get either sunburned or cold! Please remember we shall be passing through the occasional remote areas and villages and short shorts (especially on ladies) can give offence to the local inhabitants. Longer, looser fitting shorts are, in any case, more comfortable to walk in.

Gloves & Hat: Especially useful around camp in the morning and in the evening at higher altitudes.

Equipment

You will need a good insect repellent, suncream, a small torch and a personal water bottle. If participating in rafting or visiting the jungle, old trainers (as they get wet) are useful.

Trekking poles: Trekking poles are recommended. NB. Metal tipped trekking poles are NOT permitted in order to reduce erosion – please ensure they have rubber/plastic tips. Wooden poles are readily available locally.

Sleeping Bag: As you do not carry it yourself this may be down or synthetic, but it must be 4-season (temperature –10°C to –5°C). A cotton liner helps to keep your bag clean. You do not need a foam mat as thermarests are provided. Note: it is possible to hire a down sleeping bag locally for US\$ 20 for the whole trek. Let your tour leader know at the beginning of the tour.

Water Bottle: Water along the trail must never be considered as drinkable. The camp staff provide purified water each day with which to fill your own bottle. 1 litre is the minimum size suitable as disposable plastic bottles are not allowed on the trail. It is a good idea to add some powdered fruit juice for flavouring. Note: Metal bottles can also double up as hot water bottles.

Torch/Batteries/Bulb: A small torch is essential for finding things in your tent, visiting the 'toilet' in the night etc. Often a head torch is the most practical option as it allows you to have both hands free. Remember that in most developing countries only a limited selection of batteries is available. The most common are pen cells (or AA size) and SP/HP2 (D size).

Plastic Bags: If you pack bits and pieces in plastic bags inside your kit bag they will stay dry in case of rain and it will be easier for you to sort through in camp. Remember, the less you have to unpack in the evening, the less you have to repack each morning! A binliner to pack inside your daysac is also a good idea.

Toiletries: Try to keep heavy cosmetics etc to a minimum. Essentials are toothbrush/paste, soap and a small towel. 'Wet Wipes' are great for a quick clean up in your tent, so bring a pack of those (non-perfumed to avoid rashes!). Personal First Aid Kit On each trek a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin etc. (Please do not give medicines to local people without consulting the trek leader.)

The following equipment list is provided by Explore once you are on the trek:

2-person tents.

Dining tent.

Thermarest.

Stools, table.

All cooking and kitchen gear.

Footwear

Comfortable shoes and sandals. Please see notes regarding trekking boots for Inca Trail. If participating in rafting or visiting the jungle, old trainers (as they get wet) are useful.

Trainers or Trekking sandals Useful around camp, in towns and when travelling. Sandals are ideal for rafting as they protect the soles of your feet and also keep them cool.

Luggage: On Tour

One main piece of baggage and a daypack. See notes regarding trek/kit bag for Inca Trail. If taking the Amazon extension, main bags are left in Puerto Maldonado. An overnight bag is required for the jungle.

Main Baggage: Your main piece of baggage – suitcase or rucksack – must be lockable as this becomes the receptacle for anything you don't want on the trek and this is stored at the hotel in Cusco while you are trekking.

Trek Kit Bag: Before leaving Cusco there is plenty of time to re-sort luggage into what you need on trek and what can be left in Cusco (see above). Your trek luggage, including sleeping bag, needs to be packed into a kit bag, soft holdall, frameless rucksack or similar to be carried by the porters. The weight limit for this is 7kg but you will probably find that you do not need this much. Advice on how to pack will be given at the trek briefing. For an exclusively designed Explore Trek Bag, follow the relevant link at www.nomadtravel.co.uk/explore

Small Rucksack/Daysac: During the course of a trekking day, you do not have access to the luggage which is being carried for you by the porters. In any mountain region the weather can change rapidly and you must be equipped for this eventuality. Your daysac should, therefore, be large enough to carry the following: Waterproofs, sweater, long trousers (if walking in shorts), warm hat and gloves, sunhat, sun cream, water bottle (at least 2 litre or 2 1litre bottles), tissues and your packed lunch. Most people normally find that this adds up to about 6kg. Camera equipment can be heavy so think carefully when deciding what to take. Other optional items in a day pack might be a diary or a book to read at lunch time.

Luggage allowance on tour: 20kg

We are passionate about sustainable travel and work hard to create tours where your holiday delivers real benefits to the local communities. We minimise our impact by travelling in small groups, respecting local cultures and traditions, reducing waste and offsetting 100% of the CO2 from our flights.

When you travel with Explore, you are directly contributing to local economies and helping empower the people you meet. We currently support a range of charities and good causes, including: The Sunshine Orphanage (which cares for abandoned children in Luxor, Egypt), Education for All (sponsoring children through their secondary education in Morocco), The Hope Foundation (helping an Indian Village to recover from the 2004 Tsunami) and the Mufindi Orphanage, which support AIDS orphans in Tanzania.

We are delighted to have received a Five Star sustainable tourism status from the Association of Independent Tour Operators in recognition of our on-going commitment to sustainable tourism.

Cool Earth

Explore are delighted to support Cool Earth to reduce carbon emissions through preventing the illegal deforestation of the South America rainforest. One of the top sources of global carbon emissions, rainforest deforestation equivalent to the USA's annual emissions, it also destroys flora and fauna, sometimes to the point of extinction. It also degrades the lives and communities of the 350 million residents of the rainforest.

Cool Earth prevents the deforestation through its support of local communities as forest guardians and by focussing on areas in immediate danger of deforestation. It has so far protected over 350,000 acres of rainforest, with each acre saving an emission of 260 tons of CO2, as well as protecting rare animals and plants. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers' flights each year. In addition to mitigating emissions, when you travel with Explore, you are helping to protect the source of 20% of the world's fresh water and oxygen, as well as the livelihoods of the 1.6 billion people who are reliant on the rainforest. www.coolearth.org

If your chosen date is 'Available' or 'Guaranteed' we will be able to provisionally hold you a space for up to 48 hours.

The easiest way to confirm your booking is through our website. When you are ready to book, we normally require a 10% non-refundable deposit, but for some holidays this may be more to cover such items as permit fees, internal flights or other non-refundable services. If your travel starts within 60 days of booking, full payment will be required at the time of booking

100% No Surcharge Guarantee

The price paid for our holidays is no longer subject to change. Once booked and confirmed we will guarantee the price you pay will not increase, whatever the circumstances. You will not be approached to pay fuel surcharges unlike the vast majority of other adventure tour operators. The price guarantee applies to all new bookings departing between 1st January 2013 and 31st December 2014.
