DAY 2 City tour of Paramaribo, optional sunset dolphin cruise

After breakfast, we depart the hotel for a guided tour of the Surinamese capital which has been placed on the UNESCO World Heritage list since 2002. You will be impressed by the unique architecture of the city as you both drive and walk along the most prominent historic locations in downtown Paramaribo. The guide will give information about the former 'Fort Zeelandia', the Presidential Palace, the Independence Square and many other monuments before driving across the bridge over the Suriname River into the Commewijne district for an idea of how life must have been on the plantations during colonial times. Most plantations are now no longer active. We make our first stop at Meerzorg, formerly the cross-over site from Paramaribo to Commewijne, which was once a coffee plantation. We continue our trip at Plantation Peperpot, which is one of the oldest plantations in Surinamese history, having been founded by the British before Suriname was conquered by the Dutch in 1667. Although it is no longer in use, the buildings and land are still in a surprisingly good condition, and we will be able to see coffee and cocoa plants here, as well as some of the ancient buildings used by the managers and workers. After a delicious lunch (optional) in a typical Javanese restaurant (warung) in Tamanredjo, we continue to Marienburg, a former sugar plantation, to view a stylish plantation residence from the golden days, where the first group of Javanese indentured labourers were put to work. Before continuing our trip towards the open-air museum at Nieuw Amsterdam, we will drive along some of the other old plantations of Ellen, Leliendaal and Alkmaar. This evening there is the opportunity for a sunset dolphin tour (optional). Often groups of up to 20 dolphins can be seen, and if we are lucky their curiosity will bring them towards the boat to jump and play.

Swimming Pool Available 

 **Included Meals:** Breakfast

DAY 3 Drive to Atjoni, boat ride along the Suriname River to nature resort

This morning we depart Paramaribo and travel south towards where our nature and cultural adventure awaits us. We will arrive at the village of Atjoni and join a motorised boat for a 45 minutes boat ride along the Suriname River, passing various villages where we are greeted by children waving along the banks as the older locals go about their daily chores. Breathtaking scenery is interspersed with vast open savannahs as our skilled boatman passes the tempestuous Jaw Jaw rapid. Nestled on the bank of a beautiful island, at the foot of the Ferulassi Falls, lays the nature resort where we will spend the next two nights. After lunch we will have the opportunity to explore the resort heading out in a dugout boat to an island in the Ferullasi rapid which has a sandy beach where we can relax, swim and enjoy a natural jacuzzi. After dinner there is an exciting adventure to search for caimans. The night boat trip, by motorised dug out canoe, gives us the chance to enjoy the wonderful starry sky and the complete silence of the rainforest. Our guide will also provide more information about the Saramaccan culture.

Overnight: **Standard Lodge**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 4 Canoe journey to visit local villages

After breakfast we depart the resort by canoe for the village of Nieuw Aurora. During our guided trip through the village we will be introduced to the unique way of life of the local population and to the wonderful traditions brought from Africa by their ancestors. We will journey to see the Mission Station where there is a church, a primary school and a medical post. As we make our way to the village of Gunsi where our canoe awaits, we pass along cultivation fields with plants and crops of the local population before returning to the resort in time for lunch. After lunch there is the choice to swim or recline in a hammock by the river and simply enjoy the beautiful natural scenery and views from the island. If you are feeling more active, you can go for a nature walk within the forest that covers the island and see the forest through the eyes of the indigenous guide learning about medicinal plants and their uses in the Saramaccan culture. After dinner we can enjoy a traditional and cultural dance performance, and you will be able to use your guide's expertise to explain the cultural significance of each dance.

Overnight: **Standard Lodge**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 5 Free morning to relax or go for walks, return to Paramaribo

This morning is free to go on a tour to see the various agricultural plots of the local people, go swimming, go for a stroll in the forest or relax in a hammock and just enjoy the peace and quiet of nature. After lunch we will return to Atjoni by boat and travel back to Paramaribo.

DAY 6 Travel to Georgetown via the Mangrove Heritage Trail

Leaving Paramaribo early this morning, we transfer by bus along the coast of Suriname to Nieuw Nickerie to the border with Guyana. Crossing the newly constructed floating bridge across the Berbice River, we arrive at the oldest town New Amsterdam where we will have a short tour. En route to Georgetown, we will also visit the Mangrove Heritage Project. Turning towards the Atlantic Ocean, the scenery includes an old Dutch Koker used to drain the agricultural lands along the low lying coastline. The serene temples of the Hindu Ashram at Cove and John then come into view from across the lake. We are now in the heart of Guyana's first mangrove reserve, owned and managed by the community. Along this coastal strip, we will see four different mangrove species and a wide wetland area, teeming with birdlife and tropical fish. If we're lucky, we will see local fishermen beating the pond water to chase fish into their nets. In the middle of the wetland is a small island of lush, black mangroves where beekeepers produce the distinctive golden mangrove honey. Along the trail, local tour guides point out the array of medicinal plants found in nature's pharmacy right in their backyard and we will learn of the traditional remedies effectively used by Guyanese for generations. Continue to Georgetown, the capital and largest city in Guyana. Situated on the right bank of the Demerara River Estuary, it was chosen as a site for a fort to guard the early Dutch settlements of the Demerara River. The city of Georgetown was designed largely by the Dutch and is laid out in a rectangular pattern with wide tree lined avenues and irrigation canals that criss-cross the city.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 7 Free day in Georgetown, optional Kaieteur Falls trip

Today has been left free to explore Georgetown or take an optional trip to Kaieteur and Orinduik Falls. The Kaieteur Falls, first seen by a European on April 29, 1870, is situated in the heart of Guyana on the Potaro River, a tributary of the Essequibo. The water of Kaieteur, one of the world's natural wonders, flows over a sandstone conglomerate tableland into a deep gorge - a drop of 822 feet or 5 times the height of Niagara Falls. The Orinduik Falls is where the Ireng River thunders over steps and terraces of solid jasper, a semi precious stone. With a backdrop of the rolling grass covered hills of the Pakaraima Mountains, this is truly one of the most beautiful locations in Guyana's hinterland. The trip departs from Ogle Airstrip in Georgetown and lasts approximately 7 to 8 hours with two hours spent on the ground at each waterfall.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 8 Transfer to the Iwokrama Canopy Walkway

Early morning transfer by private bus from Georgetown through the Bauxite Mining township of Linden and into the rainforest. The laterite road is easy traveling to Mabura Hill and then it becomes an adventurous drive on rainforest trails to the Essequibo River, which we will cross on pontoon. The trail continues through the million acres of the Iwokrama Rainforest. Along the road jaguars are often seen crossing into the forest. No promises, but many have been lucky! We will also watch for the myriad of bird species that frequent the forest edge, including Crimson and Purple-necked Fruit-crow, and Gray-winged Trumpeter. This road is the only north-south access in Guyana and links the country to Brazil. If we take our time, the road also offers excellent opportunities to spot a host of birds, sloths, snakes, flowers. From time to time, river otters are spotted in the small creeks that pass under the wooden bridges. We'll explore both from the vehicle and on foot. The trip continues to the Iwokrama Canopy Walkway. The Canopy Walkway is a series of suspension bridges and observation decks of up to 30 meters (98 ft) in height and 154 meters (505 ft) in length. The state-of-the-art construction allows trees to grow normally by using adjustable cables and braces throughout the support structure. The four observation decks enable visitors to view the mid and upper-level forest canopy and allow wildlife to remain relatively free from human intrusion. We will be looking for a procession of striking, canopy-dwelling birds such as Screaming Piha, Caica Parrot, White-throated Trogon, Golden-winged Parakeet, Guianan Toucanet and many more. If we are lucky we may even see the stunning and highly south-after Pompadour Cotinga. A notoriously shy species of monkey, the shaggy Guianan Saki, is sometimes seen here, along with families of spider and howler monkeys feeding on the fruits of nearby trees. Every day brings a new surprise to guests on the Canopy. We will also take time to explore Amerindian petroglyphs and pottery shards along the access trail. The mountain behind the canopy walkway was one of several lookout points in what seems to be an interconnected network of trails and observation points all of which feature carvings to guide travellers.

Overnight: **Simple Lodge**

DAY 9 Wildlife spotting from canopy walkways

Today we will spend the day wildlife spotting from walkways and trails in area. Another area where we will want to spend some time is the clearing around the lodge, as this is one of the best places to see another of Guyana's 'must see' birds, the Crimson Fruitcrow. This species is seen here on a reasonably regular basis, as it often comes to feed in some of the nearby trees. We can spend the day birdwatching from the mid and upper canopy on the walkway as flocks travel past and also look for Paradise Jacamar, White-necked Puffbird, the clearing is also a reliable site for Black Curassow, as there is a family party which has become habituated to people and regularly passes through the clearing. With reasonable luck, we should be able to add this bird to the impressive list of species we hope to see around the lodge and walkway.

Overnight: **Simple Lodge**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 10 Drive to the Amerindian village of Surama

This morning we will enjoy walks on the walkway or jungle trails before continuing to a rainforest trail where Guianian Cock-of-the-Rocks are known to display and nest. The trail is through interesting forest and the guides will demonstrate the use of the plants. There is also the possibility to do an optional tour to a nearby Harpy Eagle nest assuming this is active. The nest itself is located in a huge emergent tree only a couple of miles from the village and if we are extremely fortunate, we may see one of the adult birds bringing a sloth or monkey to the nest to feed their chick. The trek into the nest site is about an hour each way on a reasonable trail. We continue to the Amerindian village of Surama. The village is set in five square miles of savannah and surrounded by the densely forested Pakaraima Mountains. Surama's inhabitants are mainly from the Macushi tribe and still observe many of the traditional practices of their forebearers. Our accommodation will be in 'benabs' (thatched sleeping shelters) and our meals will feature excellent local produce. There is great birding leading to the village and the surrounding savannah and you may see White Throated Toucans, Pearl Kites, Great Potoo and White-tailed and Savannah Hawks. Another of the special birds which can be found around Surama is the Rufous-winged Ground-cuckoo. Whilst Neomorphus ground-cuckoos are undoubtedly amongst the toughest family of birds to locate anywhere in the Neotropics, Surama offers one of the best-known chances for seeing Rufous-winged Ground-cuckoo and to maximise the odds of us finding one, we will use expert local guides to assist us. We will, however, still count ourselves as extremely fortunate if we succeed in getting a good look at this extremely elusive species. Tonight we will enjoy an educational walk to observe wildlife and experience the mystique of the forest after dark.

Overnight: **Simple Guesthouse**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 11 Walk up Surama Mountain for incredible views

Today we rise before dawn for a walk across the savannah and then climb up Surama Mountain in the cool morning air. This is the best time to observe birdlife along the trail. Breakfast will be served at a look out point which affords incredible views across the village and savannah to the Pakaraima Mountains. Then we return to the village for lunch and then in the cool of late afternoon, we will take a 1.5 mile walk across the savannah and through the rainforest.

Overnight: **Simple Guesthouse**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 12 Burro Burro River trip searching for wildlife

At dawn we will walk to the Burro Burro River from where the local guides will paddle us upstream for opportunities to observe birdlife and wildlife in their natural habitat, including Giant River Otters, Tapir, Tira, Spider Monkeys and many more species, before returning to the village for lunch. As the afternoon cools you may opt to rest and relax around the cabins, with the added option of an escorted tour along the trails to observe the forest and bird life. See the forest through the eyes of your indigenous guide and learn about the medicinal plants and their uses in the Amerindian culture.

Overnight: **Simple Guesthouse**

Cool Earth

Explore are proud to support Cool Earth in their effort to reduce global carbon dioxide levels through the prevention of deforestation in the South America rainforest. Cool Earth focus on areas in immediate danger of deforestation, supporting local communities to be forest guardians. To date 350,000 acres of rainforest has been protected. Saving rainforest also protects rare animals and plants, allows local forest communities to maintain their way of life, and protects a major source of oxygen and fresh water. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers flights each year.

Earth Matters

We are passionate about sustainable travel and work hard to create tours where your holiday delivers real benefits to the local communities. We minimise our impact by travelling in small groups, respecting local cultures, reducing waste and offsetting 100% of the CO2 from our flights.

When you travel with Explore, you are directly contributing to local economies and helping empower the people you meet. We currently support a range of charities and good causes, including: Toilet Twinning (helping to flush away poverty), Lone Buffalo Foundation (a community project based in Laos providing creative skills for young people) and have recently supported women's cooperatives in Borneo and Morocco. We are a member of Tourism Concern's Ethical Tour Operator Group

(www.tourismconcern.org.uk) and support their campaign for fair and ethical tourism. We also care passionately about the world's wildlife and actively support and promote the Born Free Organisation and Mahouts Elephant Foundation.
