## Cycling Coast To Coast

On this cycling trip we cross the breadth of England on two wheels from Whitehaven on the Irish Sea to Tynemouth on the North Sea. This classic coast to coast challenge cycles through some of the wildest and most spectacular landscapes in the north of England; discovering the dramatic beauty of the Lake District, Eden Valley and the rugged North Pennines.

### Why Book this trip

If you like a challenge why not try this point to point ride. Leave motorised transport behind and get from one side of the country to the other under your own steam amid beautiful English countryside. Travelling by bike gives you the freedom to get up close to your surroundings, awakening your senses so you experience more.

### Cycling Information

On this trip we cycle 225 km over three days (an average of 75 km per day). Our route follows bike trails along disused railway lines and quiet back roads with some short sections on main roads. Maps are provided to cycle individually or in groups while the Explore Leader drives the support vehicle. We have graded the route as challenging.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Cycling Grade: Challenging

Longer, more demanding rides for cyclists who enjoy hilly terrain with some challenging ascents. The routes demand a good level of fitness and may include some non-technical, off-road riding.

## Your trip itinerary

### Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

### Your Tour Leader

An Explore Leader is an integral part of any Explore trip and your trip will be led by one of our experienced Explore Leaders who have been handpicked and expertly trained. We believe that our Explore Leaders are the key to the success of our trips; they are passionate travellers who are bursting with first-hand local knowledge which they love to share. Your Explore Leader will also take care of all the planning and organisation throughout your journey. Their passionate approach will make this trip fun and inspiring, bringing the destination to life whether you're travelling alone or with others..

## DAY 1 Join trip Whitehaven

Whitehaven is a small, former mining town and port on the Irish Sea, on the western edge of the Lake District. This Georgian town was one of the first Post renaissance planned towns in the country. We meet up here at our hotel in Whitehaven, where you can familiarise yourself with your bike for the trip and make any necessary adjustments. We use 21 gear Ridgeback Meteor hybrid bikes which are ideally suited to the terrain and will provide maps and detailed route notes which means we can cycle at our own pace, either individually or with other group members. There will be a short introductory briefing this evening. Our Explore Leader will transfer the baggage and provide emergency vehicle back up and will meet us at various points during our days cycling. After dinner there'll be time for a drink with fellow riders and to discuss the challenge ahead!

Overnight: **Standard Hotel**

 **Included Meals:** None

## DAY 2 Cycle through the Lake District

After breakfast we'll freewheel down to Whitehaven Harbour to perform the customary wheel dipping ceremony then leave the town heading east. We'll soon be travelling along a disused railway line heading towards the rolling green landscape of the Lake District, with stone walls and glorious views of the fells and tiny hamlets with tranquil Loweswater in the distance. Our first real test will come as we make the long climb up to the forested pass at Whinlatter. After 25 miles or so we will stop to grab a sandwich & slice of delicious homemade cake at the visitor centre café, before the fast descent down to Keswick. We'll spend the afternoon riding on more disused railways, back roads & quiet lanes, passing through quiet Cumbrian villages and hamlets. Our night stop is in Penrith a simple guesthouse close to the town centre. Tonight we'll head into town for a well-earned dinner and drinks. Our total cycling distance today is approximately 86 kilometres (total 1509 metres ascent and 1385 metres descent).

Overnight: **Standard Hotel**

 **Included Meals:** Breakfast

## DAY 3 Cross the Pennines by pedal power

After a good night's sleep and a full English breakfast to fuel us for today's ride, we head uphill and east out of town. The hill can be quite a challenge early on, but we soon get into our stride, climbing then descending to the River Eden and Langwathby. After about an hour and a half the scenery - and the gradient - changes as we start the climb to Hartside Pass. The road zigzags its way up the side of the hill to the summit at 580m (1903ft). Whilst not the steepest hill on the ride, it's a steady climb up the 3-4 miles to the cafe at the top - the highest in England - for a hot drink and a welcome slice of cake! Then it's a fast freewheel for several miles down towards the picturesque Pennine village of Garrigill. The pull out of Garrigill towards Nenthead is one of the most challenging of the route - let's not pretend it's anything other than tough! But it's over faster than you expect and we're in Nenthead before you know it with just one more big climb remaining for the day. After Nenthead we reach the highest point of the C2C route, crossing into Northumberland before another good descent, a short gradual climb and then a final descent into Allenheads. Tonight's accommodation is in dorm style rooms with shared facilities and there's a great pub a short way up the valley where we can enjoy a pint of real ale and something hearty and filling for dinner. Our total cycling distance today is approximately 54 kilometres (total 1428 metres ascent and 1173 metres descent).

Overnight: **Simple Hostel**

 **Included Meals:** Breakfast

## DAY 4 Cycle to Tynemouth, trip ends Tynemouth

The final day's ride starts with another early morning steep climb as we leave the village and climb up through the head of the valley. The reward is open moorland views and the longest most enjoyable descent of the entire route towards Rookhope. After Rookhope comes - yes, you've guessed it - another climb followed by a good long descent. The ascent out of Stanhope takes the award for steepest climb but there's a great little cyclists cafe at the top - formerly the old miners railway station at the start of the 'Waskerley Way'. From here we follow the disused railway line across open moorland, over cattle grids and through numerous gates as we start to descend towards Consett. Skirting the old steel town we soon join another disused railway line now known as Derwent Walk which takes us all the way to the outskirts of Newcastle. The C2C signs take us round docks and over bridges as we approach the city alongside the Tyne, with the view of the bridges in the centre of the city beckoning us on. It's tempting to think Newcastle might be the end of the ride, but there's still another 12 miles to go! With the river on our right we weave our way through Wallsend and North Shields. Before passing a marina, and following the Tyne for the last few miles to the sea. There's one more very short hill before our final destination - the small bay at Tynemouth with the ruins of Tynemouth Castle and Priory on the headland above, and the end point of our Coast to Coast ride. There's a great feeling of real achievement as we reach the North Sea, and realise that we just crossed England by pedal power! Our journey ends here so we leave the bikes and take a short walk to Tynemouth metro station on the Tyne and Wear Metro system, from where it is a 30 minute journey into central Newcastle and the mainline rail station. Our total cycling distance today is approximately 85 kilometres (total 1093 metres ascent and 1476 metres descent).

## Bike Details

Your included bike is a 21 gear Ridgeback Meteor hybrid and will be the correct frame size for your height. An 18-litre pannier is included as well as the facility to fit your own pedals or saddle if you wish to bring them. A support vehicle accompanies the rides throughout the trip. We provide spare parts and take care of the day to day maintenance. All you need to bring is your own helmet.

---

## Climate

### United Kingdom

The UK has a temperate but very variable climate. In general the summers are warm with July and August being the warmest. The winters are cool and the lowest temperatures are recorded during January and February. Whatever the season it is advisable to be prepared for rain!

---

## Clothing

Light rainwear may be needed at any time of year, and a warm fleece/jacket is recommended for cooler evenings and nights. Other additions that you may find useful are tracksuit bottoms, cycle gloves, cycling shorts/trousers and a gel seat cover. Bring a towel for the night we stay in Allenheads.

---

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent.

---

---

## Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

---

## Luggage: On Tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

Luggage allowance on trip: 20kg
