### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Accommodation Grade: Simple

No-frills accommodation which includes berths on sleeper trains, rooms in village houses, boat cabins, campsites, huts and simple family-run lodges, guesthouses and hotels. Sleeping arrangements are simple and amenities are adequate, sometimes with en suite facilities and occasionally communal.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Trek Grade: Challenging

Their passionate approach will make this trip fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

### DAY 1 Join trip Kathmandu

Our trip begins today in Kathmandu. After time to freshen up there will be a quick briefing with your Tour Leader and the rest of the day is at leisure to relax or take a first wander in the bustling streets of Kathmandu.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** None

### DAY 2 In Kathmandu; sightseeing including Pashupatinath

After breakfast there will be a trek briefing by your tour leader to let you know the programme for the next few days, to make sure everyone is properly equipped for the trek and to give you an idea of what to expect on a day to day basis. We have then arranged a walking tour, visiting the bazaar and the Durbar Square area, the centre of old Kathmandu. Much of the day to day life of Kathmandu takes place in the bazaar: a fascinating mixture of people selling fruit, vegetables and spices; potters spinning their wheels to produce small household bowls and containers for temple offerings; devotees visiting their favourite gods at temples and small shrines dotted along the sides of alleyways; rickshaw wallahs honking their horns and the ever present sacred cow wandering amongst it all. In the afternoon we visit the Temple of Pashupatinath on the banks of the Bagmati River, the holiest Hindu shrine in Nepal, as well as Bodnath, the largest stupa in the country and a destination for Buddhist pilgrims from all over Nepal.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Lunch

### DAY 3 Drive to Pokhara

Leaving the capital today we drive to Pokhara. The drive will take us much of the day but there is plenty to see as the landscape changes and the Annapurna range comes in to view.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

### DAY 4 Drive to Kimche; trek on stone steps to Ghandruk

Today we leave Pokhara and drive via Nayapul to Kimche Village where we begin our trek. Today's walk follows a stone pathway, and for the most time we are climbing roughly hewn steps - it can be tough on the knees so bring walking poles. Our base for tonight is the small settlement of Ghandruk. Today's five kilometre walk is expected to take around three hours with a total ascent of 320 metres and a descent of 20 metres.

Overnight: **Simple Teahouse**

 **Included Meals:** Breakfast, Lunch, Dinner

### DAY 5 Trek via Taulung to Chhomrong

Today we start with an ascent before dropping down to cross the Kimrong Khola by bridge, before making a short ascent to Taulung. We then begin the long steep ascent to join the main trail to Chhomrong. The high point above the main valley is a favourite place for soaring vultures, griffons and lammergeiers, providing us with some awesome vistas as we begin the descent to Chomrrong (2060m), the last major settlement before the Sanctuary and an attractive place for us to end the day amidst its alpine lodges and scenic views. Today's 12 kilometre walk is expected to take around six hours with a total ascent of 810 metres and a descent of 670 metres.

Overnight: **Simple Teahouse**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 6 Trek through rhododendron forest to Dovan

Descending to cross the Chhomrong Khola River by suspension bridge, we enjoy some excellent views of Machhapuchhre today (now exhibiting its distinctive 'fishtail' profile) and Annapurna South. We continue to climb steeply, negotiating a trail that leads us through oak and rhododendron forests until we reach a welcome teahouse on top of the ridge at Sinuwa (2350m). The ascent to Kuldigarth (2470m) is then more gradual, continuing through more lush forest to our lunch stop at the Bamboo Hotel (2340m). This afternoon we continue our ascent towards Dovan, beyond which lies the unofficial gateway into the Sanctuary, walking through wet bamboo forest to reach our accommodation later this afternoon. Today's 10 kilometre walk is expected to take around seven hours with a total ascent of 1060 metres and a descent of 620 metres.

Overnight: **Simple Teahouse**

**Included Meals:** Breakfast, Lunch, Dinner

## DAY 7 Trek past waterfalls and bamboo forest to Deurali

This morning the track continues up past the so-called 'weeping wall' and the shrine of the 'God of the Jungle', to the Himalaya Hotel (2840m). Passing several spectacular waterfalls which cascade down the opposite side of the Modi Khola, we climb through bamboo forest to reach Hinku Cave at 3100m. We ascend further until we reach the small settlement of Deurali where we will spend the night. Today's five kilometre walk is expected to take around three and a half hours with a total ascent of 760 metres and a descent of 80 metres.

Overnight: **Simple Teahouse**

**Included Meals:** Breakfast, Lunch, Dinner

## DAY 8 Trek to Machhapuchhre Base Camp (3720m)

Today we climb further to pass between Machhapuchhre and Huinchuli - the 'Gates' into the Sanctuary. Climbing over rocky moraine we arrive at Machhapuchhre Base Camp (3720m). Overshadowed by Annapurna South and the beautiful shape of Machhapuchhre (machha, fish' and puchhre, 'tail'), one of Nepal's holy mountains, this is a quite awe-inspiring setting in which to end our day's trekking, the mountain landscapes providing us with a sight to raise the spirits of even the most tired amongst us. Today's five kilometre walk is expected to take around three and a half hours with a total ascent of 540 metres and a descent of 40 metres.

Overnight: **Simple Teahouse**

**Included Meals:** Breakfast, Lunch, Dinner

## DAY 9 Trek to Annapurna Base Camp (4130m); descend to Machhapuchhre Base Camp

We spend the day enjoying the views within the very heart of the sanctuary. Having made a 'crack of dawn' start to get the best of the day, we follow part of the route taken by British mountaineer Chris Bonnington on the 1970 Annapurna south face expedition. Following west along a moraine to the north of Hiunchuli, we reach several stone buildings at 4130m and then ascend to a spectacular viewpoint. Here we have amazing views of the peaks encircling us including close up views of the south face of Annapurna I which towers over the Sanctuary and also of Annapurna South glacier. We will have time to enjoy this special mountain panorama, to sit amongst the edelweiss and watch the ice carving its way from the glacier, before descending back to Machhapuchhre Base Camp. Today's five kilometre walk is expected to take around three and a half hours with a total ascent of 430 metres and a descent of 430 metres.

Overnight: **Simple Teahouse**

**Included Meals:** Breakfast, Lunch, Dinner

## DAY 10 Descend to Bamboo

We begin our descent today as we head for Bamboo (2340m), passing through the bamboo forest and crossing a number of rocky avalanche chutes. Approximately 6 hours walking. Today's 12 kilometre walk is expected to take around six hours with a total ascent of 140 metres and a descent of 1550xx metres.

Overnight: **Simple Teahouse**

**Included Meals:** Breakfast, Lunch, Dinner

## DAY 11 Trek to Jhinnu Danda via Chhomrong

Descending through rhododendron forest full of noisy birds - mostly black-capped Sibia, we then cross the Chomrrong Khola and climb up to Chhomrong village (2060m) where we take a rest break. We then climb for a short while before descending to Jhinnu Danda, our home for the night. Approximately 6 hours walking. Overnight altitude 1700m. Today's 12 kilometre walk is expected to

take around six hours with a total ascent of 690 metres and a descent of 1230 metres. There is an optional walk to Hot spring which will approximately take 45 minutes.

Overnight: **Simple Teahouse**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 12 Trek to Kimche, drive to Pokhara

Our final day of trekking sees us first descending to the Kimrong Khola which we cross and then tackle a short ascent. Descending further we follow the Modi River until we reach Simai where we meet our bus and make the short drive back to Pokhara where a hot shower and one of the towns many bakeries await us. Today's eight kilometre walk is expected to take around five hours with a total ascent of 380 metres and a descent of 680 metres.

Overnight: **Standard Hotel**

**Single Room Available**

 **Included Meals:** Breakfast, Lunch

## DAY 13 Free day in Pokhara to relax

Pokhara is smaller and more relaxed than Kathmandu and is beautifully situated on the banks of Phewa Tal (lake). Only foothills separate the town from the high mountains and there are superb views of the snowcapped Annapurna range, including Machhapuchhre - the famous 'Fishtail' mountain. Our day here is free to relax after the trek. There is the option to take a small boat across the lake and walk to the Japanese Peace Pagoda or simply relax in one of the lakeside cafe gardens after exploring the many souvenir shops.

Overnight: **Standard Hotel**

**Single Room Available**

 **Included Meals:** Breakfast

## DAY 14 Drive to Kathmandu

Today we drive back to Kathmandu. The drive takes around 6 hours, however along the way we are rewarded with views of the Himalaya.

### Maximum Altitude on Trek (m)

4130

### Trekking Details

This is a 9-day trek with an average of 6 hours walking each day, often on clear trails but with steep stone steps in several sections. There are several ascents of 1000m and the maximum altitude reached will be 4130m. We have graded this trip as challenging.

### Altitude Description

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of Medex and download their information booklet: [http://medex.org.uk/medex\\_book/english\\_version.php](http://medex.org.uk/medex_book/english_version.php)

We carry a PAC bag (Portable Altitude Chamber) on all Annapurna Sanctuary treks which can be used to treat altitude sickness.

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take these to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

### Climate

#### Nepal

Temperatures in the lower altitude regions are extremely pleasant. At Pokhara variations in temperature are very limited: from the coldest recorded of 8°C (46°F) to the highest of 31°C (88°F). The mountains are best admired, with greater air clarity, from October to January, while from February to May the skies may be hazy. Monsoon rains are strongest in June, July and August. The coldest months are December and January.

### Clothing

Being properly equipped is one of the keys to a successful trek. The following check list and notes to be sure that you have what you need for the actual trek.

Long Trousers - For everyday walking, light cotton trousers are the most suitable. Knee length shorts are acceptable in the more remote areas, but to avoid giving offence in the villages, you should cover up with trousers. Although comfortable, leggings are also unsuitable as they too cause offence to local people. Jeans are not recommended as they are often difficult to walk in over longer distances and become cumbersome when wet.

Down Jacket - After sunset, temperatures can fall below freezing. A down jacket is the lightest and most convenient way of keeping warm when the temperature drops. Down jackets can be inexpensively hired or bought in Nepal. Details will be given at the briefing in Kathmandu.

Waterproofs - Breathable waterproofs not only protect against rain and wind but also stop you from overheating. They 'breathe' and avoid condensation which you will experience from nylon waterproofs. Rain during the trekking season is fairly rare but can be heavy if it does happen.

Gloves - Especially useful in the morning and in the evening at higher altitudes. Thermal types are most suitable.

Socks - It is best to wear a pair of reasonably thick loop stitch socks. This helps to protect your feet against blisters. Avoid nylon socks, they are abrasive, don't breathe well and can cause blisters.

Lightweight Shoes or Trainers - Useful in towns and when travelling.

Thick fleece pullover/jacket - A thick fleece pullover or jacket is necessary as nights can be very cold at altitude. Make sure that your waterproof jacket is loose enough to wear over your pullover or jacket.

Track Suit - Comfortable and much more practical (and warmer) to sleep in than pyjamas. Alternatively, thermal underwear is good.

Thin Shirt/T-Shirt

Thick Shirt or Thermal Vest

Warm Hat

---

## Equipment

Water Bottle - Water along the trail must never be considered as drinkable. Each day you must sterilise water with Chlorine Dioxide with which to fill your own bottle. 1 litre is the minimum size suitable. If you dislike the taste of sterilised water, it is a good idea to add some powdered fruit juice. You MUST bring Chlorine Dioxide with you on this trek. For environmental reasons, we do not encourage the purchase of bottled mineral water nor the boiling of water due to fuel and power shortages.

Plastic Bags - If you pack bits and pieces in plastic bags inside your bag they will stay dry in case of rain and be easier for you to sort through in camp. Remember, the less you have to unpack in the evening, the less you have to repack each morning! A bin liner to pack inside your daysac is also a good idea.

Torch/Batteries/Bulb - A small torch is essential for finding things in your room. Head torches are particularly useful. There may be only a limited selection of batteries available locally so bring spare batteries and bulb.

Toiletries - Try to keep heavy cosmetics etc to a minimum. Essentials are toothbrush/paste, biodegradable soap, small towel, small nailbrush and toilet rolls. Wet wipes are great for a quick clean up.

Sunglasses/Snow Goggles - A good pair of sunglasses is essential for protection against UV rays and glare at high altitudes.

Sun Hat, High Factor Sun Cream/Block & Lip Salve Choose a high factor suncream (Factor 15 or more) to protect your skin against the sun at high altitudes. A combination sunblock/ lipsalve is ideal for facial protection.

Personal First Aid Kit - Each trek carries an extensive first aid kit but no prescription medicines. You should have your own supply of plasters, aspirin, diarrhoea tablets and also a comprehensive blister kit as well as any other medicines you and your doctor feels advisable. (Please do not give medicines to local people without consulting the trek leader.)

Trekking poles - Trekking poles with rubber points are recommended.

Gaiters

Whistle - To attract attention in an emergency.

Spare Laces

Swimsuit

Antibacterial handwash

Sleeping Bag- The teahouses we use on trek all provide bedding and blankets however you will need a 4-season sleeping bag and fleece liner for warmth.

Bandana

Almost every item required for a trek can be purchased or hired in Kathmandu and your Tour Leader can advise on the best shops to visit at your tour briefing.

Equipment Hire.

It is possible to hire equipment for your trek while in Kathmandu. The costs of hiring are as follows:

Please note: each item has a minimum charge of 7 days and then an additional per day charge added every after that if longer than 7 days:

Sleeping Bag (4 season)- Rs.60 per day (Rs.420 for 7 days- minimum)

Cotton sleeping bag inner liner (new)- Rs.150 per day (Rs.1050 for 7 days- minimum)

Down Jacket- Rs.50 per day (Rs.350 for 7 days- minimum)

## Footwear

We strongly recommend walking in a good, comfortable, broken in pair of boots. Trainers and tennis shoes do not give the ankle support afforded by a decent pair of walking boots. Ideally, visit a specialist outdoor pursuits shop who will offer advice. It is a good idea to carry your boots in your hand luggage on international flights or wear them.

Trainers and/or sandals are useful for post trek relaxation, whilst travelling and in towns.

## Luggage: On Tour

Your luggage should consist of three main pieces:

**Main Baggage:** The item of luggage used to carry all your belongings in the hold of the plane and used to store all of the items you don't need on trek. This can be left behind at the group hotel used prior to the trek.

**Trek Kitbag:** Customers on all of our treks in Nepal receive a free Explore kitbag on the tour prior to the start of the trek. Approximately 80 litres in size it's ideal for all items you need to take on trek and the luggage preferred by our porters. The weight limit for this is 10kg but you will probably find that you do not need this much.

**Daysac/Rucksack:** 30-35 litres recommended. During the course of a trekking day, you do not have access to the luggage which is being carried for you by the porters. In any mountain region the weather can change rapidly and you must be equipped for this eventuality. Your daysac should therefore be large enough to carry waterproofs, fleece jacket/sweater, long trousers (if walking in shorts), warm hat and gloves, sun hat, sun cream, water bottle (minimum 1 litre) and your camera. Most people normally find that this adds up to about 2 to 3kg. Other optional items in a daysac might be a diary or a book to read at lunch time. On a few occasions it is also necessary to carry your own packed lunch. We advise you to take a waterproof rucksack cover or alternatively line the sack with a large plastic bag to keep the contents dry.

Advice on how and what to pack for the trek will be given at the tour briefing but it may be useful to do a trial pack before you leave home.

Luggage allowance on trip: 20kg
