## Toubkal Long Weekend

On this short trip we focus on climbing to the summit of North Africa's highest peak, Jebel Toubkal (4165m). We travel from the ancient walled city of Marrakech to the High Atlas Mountains, enjoying traditional Berber hospitality as we make our ascent. From the summit we have panoramic views across the entire Atlas chain.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Accommodation Grade: Simple

No-frills accommodation which includes berths on sleeper trains, rooms in village houses, boat cabins, campsites, huts and simple family-run lodges, guesthouses and hotels. Sleeping arrangements are simple and amenities are adequate, sometimes with en suite facilities and occasionally communal.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Trek Grade: Challenging

You need to have a good level of fitness and previous trekking experience is recommended. Trekking days are generally longer, challenging and at higher altitudes. Terrain may be difficult and ascents and descents are often demanding.

## Your trip itinerary

### Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

### Your Tour Leader

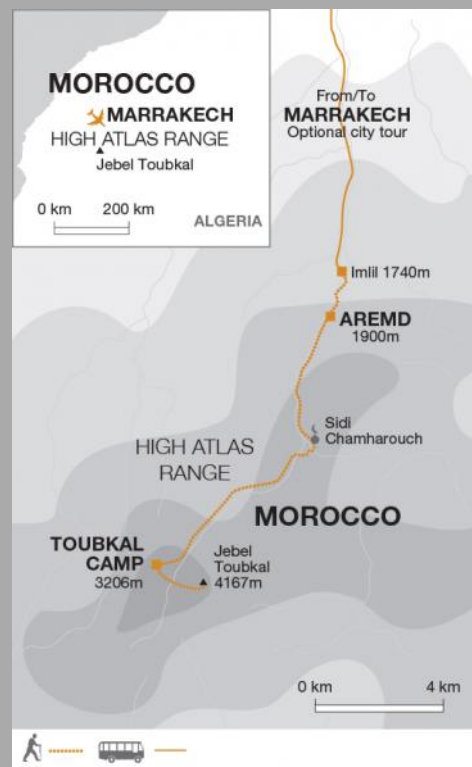

A Tour Leader is an integral part of any Explore tour and your tour will be led by one of our experienced Tour Leaders who have been handpicked and expertly trained. We believe that our Tour Leaders are the key to the success of our tours; they are passionate travellers who are bursting with first-hand local knowledge which they love to share. Your Tour Leader will also take care of all the planning and organisation throughout your journey. Their passionate approach will make this tour fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

### DAY 1 Join tour Marrakech

Marrakech is the spiritual heart of Morocco, the cultural melting pot of the mountain Berbers and the desert peoples of the south, whose eclectic mix of ideals and traditions has resulted in a fascinating clash of colour, noise and visual delights that is straight out of the 'Arabian Nights'. If you have time on arrival you could take a look around the Old Town. The group introductory meeting will take place this evening.

Overnight: **Standard Hotel**  
**Single Room Available**

**Swimming Pool Available** 

 **Included Meals:** None

## DAY 2 Drive to Imlil; trek to Toubkal camp via Aremd

Leaving the city behind we drive south today, towards the craggy peaks and plunging valleys of the Toubkal Massif. Crossing the Haouz Plain we pass through the tiny town of Asni, from where our road begins to climb towards the foothills of the Massif. Below us the valley of the Oued Rhrhaia stretches out into the distance and small villages cling to the sides of the steep hills as we meander our way towards the village of Imlil (1740m). Here we leave our vehicle and, in the company of our mountain guide, begin our trek, heading along the Mizane Valley, first towards the village of Aremd (1900m) and then onto the shrine of Sidi Chamarouch. Built on a moraine spur overlooking the valley floor, Aremd is the largest village in the valley and provides an interesting mix of traditional terraced farming, gites and streets that seem to be permanently gridlocked by goats and cattle. For generations the local Berber villagers have worked these lands, producing corn, potatoes and walnuts from the harsh landscape. Continuing across the flood plain our route takes us along mule tracks and up into the high rocky cliffs above the valley. Crossing the river we eventually come to the pastoral shrine of Sidi Chamarouch, which attracts tourists and pilgrims alike (although only Muslims are allowed to cross the stone bridge to visit the marabout shrine itself). The village sits besides a small waterfall, a jumbled cluster of houses that seem to melt together into an anarchic mass. From here the trail continues to climb steadily, snaking and zigzagging its way up to the snowline and our camp (3206m). Our first walk covers 11 kilometres and takes about five hours. There is a total ascent of approximately +1460m.

Overnight: **Simple Camping**  
**Your own tent available**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 3 Trek to summit of Jebel Toubkal (4165m)

Early this morning we make our attempt on the summit of Jebel Toubkal, the highest peak in Northern Africa. Our route takes us up the south cirque, crossing the stream above the refuge and then heading across one of the mountains numerous scree fields, where we will have to negotiate a seemingly endless carpet of boulders and rocks. The walking is relatively straightforward, but the scree and the altitude will make the going quite difficult in parts, however, the views along the way make the journey more than worthwhile. Cresting the ridgeline we find ourselves on the plateau, from where it is a short walk to the summit and the vistas out across the surrounding landscape are quite breathtaking. From here there are unrestricted views in every direction, from the Marrakech Plain to the High Atlas in the north and as far south as the Anti-Atlas and the Sahara. Pliny, the great Roman scholar, once described the High Atlas Mountains as 'the most fabulous mountains in all of Africa' and from our vantage point high above the valley it is easy to understand why. Retracing our steps we then return down the mountain and head back towards Aremd (1900m), where we will spend the night in a village house. Our trek today covers 13.5 kilometres and takes 10 to 11 hours. The approximate total ascent and descent is + 967m and -2217m.

Overnight: **Simple Village House**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 4 Trek to Imlil; drive to Marrakech for a free afternoon

Returning on foot to Imlil (1740m) this morning, we then drive back to Marrakech where, on arrival, you will have some free time to explore the city's colourful souks and its celebrated Djemma El Fna Square. A feast for the senses, the area is a chaotic confusion of noise and colour, where you will find the streets alive with storytellers and letter-writers, musicians, jugglers and watersellers. There is the option to take an afternoon walking tour around the souks with a local guide, also visiting the museum and the elegant Koutoubia mosque and tower, reputed to be the most perfect Islamic monument in North Africa. Marrakech is divided into two distinct parts, the Gueliz (or modern French-built city) and the Medina (the Old City) and you may prefer to spend your final afternoon independently exploring its maze of narrow streets, filled with the sounds, colours and smells of the exotic, perhaps haggling for some last minute presents, or just sitting in a café and watching the street tableaux unfold before you. The walk back to Imlil is one and a half kilometres and takes around 45 minutes. The total descent is -210m.

Overnight: **Standard Hotel**  
**Single Room Available**

**Swimming Pool Available** 

 **Included Meals:** Breakfast

## DAY 5 Tour ends Marrakech

Your tour ends today in Marrakech after breakfast. Depending on the schedule of your flights, you may be able to spend some additional time wandering in the souks of the 'Red City' or buying the last souvenirs.

 **Included Meals:** Breakfast

## Accommodation and Meals

### Accommodation Notes

Morocco is a developing country and as such, the accommodation standards are not equivalent to those in Europe and can be more basic. We generally choose our properties because of their location, cleanliness, traditional style or for their welcoming atmosphere, as we endeavour to provide an authentic Moroccan experience. However, some of the properties might have some outdated or simple furniture and the level of service may vary depending on the location. You may find that availability of hot water is variable or limited in certain locations. Breakfasts are generally continental style. A swimming pool is often available, especially in the cities.

### Food & Drink

Included meals: 4 breakfasts, 2 lunches, 2 dinners included in the price of this trip. Please be prepared to pay for non-included meals. Please note that costs for drinks and meals can vary depending on location.

## Budgeting for your Trip

You will need some extra money to cover meals and drinks not included in the trip price, any optional sightseeing, souvenirs and items of a personal nature such as laundry.

### Food

The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

**Lunch £:** 3.00 - 5.00

**Dinner £:** 5.00 - 8.00

### Tipping - Local Crew

Local Crew: Although entirely voluntary, tipping is a recognised part of life in this region of the world. Some local staff will look to members of the group for personal recognition of particular services provided. Accordingly, you should allow approx. £12 for tipping of crew and local guides used.

In order to make things easier for you, the Tour Leaders may organise a group's tips kitty and if this is the case, they will account for it throughout the tour.

## Maximum Altitude on Trek (m)

4167

## Trekking Details

Trek for 2 days for 5 hours on the first day and 10 to 11 hours on the second day, plus a short walk on the return. Maximum altitude 4167m. Paths generally well defined but rocky mule tracks. The ascent and descent from Toubkal is on uneven paths with rocks and scree in places. Trekking poles are recommended particularly for the descent. Please be aware that there may be snow on the summit particularly at the beginning of the season. We have graded this trek as challenging. Mules carry the luggage.

---

## Altitude Description

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of "Medex" and downloading their information booklet: [http://medex.org.uk/medex\\_book/english\\_version.php](http://medex.org.uk/medex_book/english_version.php)

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take these to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

---

## Walking Boots

Well broken in and stout walking boots with good ankle support are essential.

---

## Climate

### Morocco

The climate is both Mediterranean and Atlantic. The dry, hot season is from May to October when summer temperatures can reach 38°C and above (if sight seeing is included we will do our best to avoid the heat of the day during this period). Temperatures may drop significantly at times during the night as the day's heat rapidly diminishes. From December to January snow can be expected on mountain passes and it can be wet. In winter, day temperatures will probably be around 18-25°C, dropping to perhaps 0-5°C.

---

## Clothing

In the highlands conditions are generally dry and sunny during the day but bring warm clothing such as a warm fleece, thermal underwear, warm hat and gloves for cooler nights in the mountains when temps drop dramatically. You will also need to bring waterproofs in case the weather changes, particularly at the start and end of the season. Morocco is a Muslim country and it is important to dress with respect for local customs. People may be offended by shorts or revealing dresses, which can attract unwelcome attention. We advise that in general both men and women should cover shoulders, upper arms and knees. Transparent, 'plunging' necklines and tightfitting clothes should be avoided. Women should also cover their heads when entering a sanctuary, though in general, mosques are forbidden to non-Muslims. For those clients on a cycling holiday please bear this information in mind for times that you are not on the bikes. While cycling it is no problem for both men and women to wear your regular cycling gear, tight fitting or not.

---

## Equipment

Bring a 3-season sleeping bag (during May and Sept you will need a 4 season bag), torch, high factor sunscreen and sunglasses. You may also like to bring your own sleeping mat/thermarest for your own comfort although foam mats can be provided locally. Trekking poles are recommended, particularly for the descent from the summit of Toubkal.

---

## Footwear

Trainers or shoes are useful for relaxing of an evening.

---

## Luggage: On Tour

One main piece of baggage and a rucksack which will be used for a daypack . It is preferable to bring your luggage in soft holdalls rather than a large suitcase - as it is easier to pack them on the vehicles and the mules. It will be possible to store unrequired and additional luggage at the hotel or with our agent in Marrakech during the trek.

Luggage allowance on trip: 15Kg
