A support vehicle accompanies the rides throughout the tour. We have graded the route as moderate.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

DAY 1 Join tour Negombo

Our adventure begins in Negombo, just a short drive from the Sri Lankan capital, Colombo. After a chance to relax and freshen up we are introduced to our bikes, spend some time ensuring everybody is happy with the fit and making any necessary adjustments. Then, time permitting, we take our first ride in the late afternoon, exploring the coast of Negombo with its colourful fishing boats and relaxed people. A gentle introduction to Sri Lanka's beautiful landscapes, the ride covers some 10 kilometres before we head back to the hotel before dark.

Please note that the road surface for today's ride is in a poor state of repair. Arriving in Kuliyaipitya, we then transfer by bus (2.5hrs) to Dambulla for a visit to the UNESCO World Heritage Site, breaking our journey with a lunch stop in Kurunegala. Dambulla has a great series of caves which hide an incredible collection of temples, Buddhist images and Hindu sculptures that date back to the 1st century BC. After our visit we continue by bus a short distance to Dambulla where we spend the evening. Our total cycling distance today is approximately 38 kilometres (total 390 metres accumulated ascent and descent).

First thing this morning we cycle (24km) alongside lakes and canals to Sigiriya. A UNESCO World Heritage Site, the fortress is accessed by way of a series of steep steps that take us past the famous frescoes of the 'Sigiriya Damsels'. Returning to the base of Lion Rock, we drive (45mins) to Minneriya where the second leg of today's ride commences. Back on our bikes we ride to the ancient city of Polonnaruwa. Our route follows a series of relatively straight and flat backroads through a landscape dotted with forests and villages, with around 30km on gravel or dirt roads. Our total cycling distance today is approximately 50 kilometres (total 340 metres ascent and descent).

We spend this morning cycling around some of the area's major archaeological sites, before continuing on bike after lunch to explore the villages near Parakkrama Lake, one of the country's most impressive ancient reservoirs. These striking landscapes and isolated cloud forests provide a haven for a rich diversity of flora and fauna. After around an hour and a half we reach the highest point at Riverston pass. From here we descend for about another hour and half to Matale Spice Gardens where we plan to visit. Finally we drive (1hr) on to Kandy and our accommodation for the night. Lying in the mountains to the north-east of Colombo, Kandy is renowned as a centre of spiritual and cultural importance. The city is home to the famous 'Temple of the Tooth', whose jewelled shrine is believed to hold the left canine of the lord Buddha. It was also the last capital of the Sinhala Kings and still retains much of its old world charm; its wonderful mix of colour and vibrancy making it an ideal spot to explore at our own pace. No cycling today.

DAY 7 Into the beautiful highlands, colonial Nuwara Eliya and tea plantation visit

Leaving Kandy this morning we drive for around two hours through a picturesque landscape of rolling, verdant hills into Sri Lanka's central highlands. On our journey we will stop at a tea estate to learn about tea picking and processing and to see the impressive Ramboda Falls. Following the tea factory visit we continue on foot through the tea plantations to a Tamil hamlet and hopefully meet some families of tea pickers. After lunch (not included) back at the tea estate there is the option for keen cyclists to ride on good (albeit steep!) tarmac for the final 18km section up to our hotel in Nuwara Eliya. Those not riding will make the journey by bus. Nestling amongst the lush, cool hills, nearly 1,900 metres above sea level, Nuwara Eliya was once a summer retreat for the British and still retains a distinctly colonial feel that harks back to its 19th century origins. Our total cycling distance today is approximately 18 kilometres (optional) (total 900 metres ascent).

Accommodation and Meals

Accommodation Notes

Standard - Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Simple - These are often small, family run establishments or campsites which provide a no-frills experience with adequate amenities and service standards. Sleeping arrangements are simple, sometimes with en suite facilities.

Traditional Sri Lankan cuisine is excellent, and although it can be very spicy there are many dishes that feature cooling coconut milk or have a spicy sambar on the side to allow you to adjust the meal to your taste. There isn't a culture of eating out in Sri Lanka, most locals will eat at home, and as such there are very few restaurants around, and those that exist tend to be in hotels. As tourism develops a few independent restaurants are beginning to appear, mainly in Colombo but also in Kandy, Galle and in the coastal resorts. During the tour we will endeavour to eat out at local restaurants wherever possible but for many nights, at this point in time, the hotel restaurants are the only option available.

 Optional Rides

Bike Details

Your included bike is a 27 gear Stevens Galant hybrid with front suspension and will be the correct frame size for your height. Female and male frames are allocated accordingly when booking unless you specifically request otherwise. A pannier and water bottle holder are included as well as the facility to fit your own pedals or saddle if you wish to bring them. A support vehicle accompanies the rides throughout the tour. We provide spare parts and take care of the day to day maintenance. All you need to bring is your own helmet.

Climate

Sri Lanka

Year round high temperatures in coastal regions: Colombo averages 27°C. It is much cooler in the hills with Kandy averaging 20°C and Nuwara Eliya down to 16°C. Springlike temperatures in the hill country, but chilly evenings. Two monsoon periods: Apr-Sep when rain is confined to the southwest; and Oct-Mar when it falls in the northeast.

Clothing

In general pack for warm and hot weather. However, you must bring a warm sweater or jacket for cycling on cool days and for wearing during the evenings. We recommend you bring padded cycle shorts, cycle gloves and quick drying cycle shirts. In case of rain, waterproofs are essential.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

All bed linen is supplied on our two nights simple camp - there is no need to bring any extra equipment or sleeping bags.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage: On Tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember you are expected to carry your own luggage so don't overload yourself.
