On Foot In The Picos De Europa

This week-long trekking adventure takes us into the beautiful high mountain scenery of Picos de Europa National Park. We explore the area in depth with walks in the unspoilt and wild landscapes of the western, central and eastern massifs. We base ourselves for six nights in Sotres - the highest inhabited village in the Picos. This tour showcases some of Spain's finest scenery, including a hike to the base of the iconic peak Naranjo de Bulnes, and a trek along cliff-cut pathways through the imposing Cares Gorge - over 1000m deep and twelve kilometres long.

Why Book this trip

Situated in the heart of the region's highest village of Sotres, Casa Cipriano is a small family-run hotel perfectly located as a base for exploring the spectacular and little known Picos de Europa mountain range in the heart of northern Spain's Asturias region. A walk through the village leads to a viewpoint of the surrounding peaks. In the evenings relax in the cosy hotel bar and enjoy Juanjo and Sonia's hearty homemade food - On most days breakfast, a picnic lunch and dinner are provided.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Trek Grade: Moderate

For those who are fit and active, these moderate walks are normally on good paths and tracks at low altitude. Days may include some fairly demanding ascents and descents, so previous experience is preferable but not essential.

DAY 2 Drive to Covadonga Lakes; Walk to Vegaredonde Refuge

We drive a short distance to Covadonga Lakes visiting the Basilica Santa Maria la Real of Covadonga on route. We start today's trek at Lake Ercina (1100 m) from where we will climb to the refuge at Vegaredonde (1500 m), a walkers rest stop and an opportunity to enjoy a warm drink in the open. From here we will return to the lakes and travel by minibus to Sotres, where we will spend the next six nights. Approximately 6 hours walking (16km, +400 m / - 400 m).

Overnight: **Standard Hotel**

We start with a gentle descent to Toboas Majada (900 m) then start our ascent to Collado de Pasadoir (1215 m). We follow the ridge through the pastures of Portudera, Tambrim, and Todrin with some spectacular views (weather permitting) along the ridge of all three massifs before we start our descent to the outskirts of the Arenas de Cabrales - where we join and follow an original cobbled roman road for one and a half kilometres. We return to Sotres for the night. Approximately seven hours walking (17km, +350 m / -550 m).

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 4 Walk to the iconic Naranjo de Bulnes mountain

We drive the short distance down to the collection of red-roofed buildings known as Invernales de Cabao and cross the river. Then, ascending along a series of switch-backs, we gain height quickly to reach a viewpoint looking back towards Sotres. The track levels out now, ascending more gradually onto a plateau. Here stands the tiny hamlet of Pandebano, where, in AD718, a battle took place between the Visigothic Christians and the remnants of a somewhat depleted Moorish army. Leaving our vehicle, we walk up to a 'saddle', where the huge monolith of the Naranjo de Bulnes (Pico Urriellu 2519 m) comes into view. Rearing straight up from the surrounding rockscape, this rust-coloured mountain is the famous iconic image of the Picos. We walk up to the base where there is a refuge and the chance to see climbers attempting to scale the improbable sheer face. We retrace our steps to Pandebano where our transport awaits us to return to our hotel. Approximately seven hours walking (16km, +800 m / -800 m)

We follow old shepherds' paths down through the Valdediezma beech forest and pastures to Sobra Valley and up to Treviso where we will stop for a lunch break en route. After lunch we will continue down the Balcon de Pilatos to Urdon where we will meet our bus and return to Sotres for the evening. Approximately five hours walking (10km, -1150 m)

DAY 6 Drive to Puente Poncebos; walk the Cares Gorge to Cain and back; drive to Sotres

This morning we drive down through Alpine scenery to Puente Poncebos at 218 m. Here the medieval pack horse bridge spans the Cares river. This marks the starting point for the walk through the dramatic gorge of the Garganta del Cares - a cleft over 1000 m deep and some 12 km long. The path literally cuts into the cliffs in places; only with the aid of tunnels and bridges is it possible to traverse its entire length. This is one of the highlights of any visit to northern Spain and is a six hour round trip on foot, although

walkers can turn back at any point and return to Poncebos where there are places to eat and drink if you wish before we return by vehicle to Sotres for a well-earned rest. Approximately six hours walking (24km, +300 m / -300 m)

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 7 Drive to Jito de Escarandi. Walk to Caseton de Andara via Aldea Col; drive to Sotres

A short drive to Jito de Escarandi (1300 m) takes us to the start of our walk to the Caseton Refuge (1225m) via Aldea Col (1850 m) and the Andara Vegas pastures. From the Col we descend around Macondiu mountain (summit 2050m) to the refuge for lunch, then continue onto Jito de Escarandi (1300 m) where the minibus will be waiting to return us to Sotres. We will arrange a transfer back to the hotel or you may choose to walk the final 30 minutes back to Sotres. Approximately four and a half hours walking (12km, +/- 1300m)

Climate

Spain

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

Clothing

Waterproofs - Breathable waterproofs made from material such as Goretex not only protects against rain and wind but also stops you from overheating. They breathe and avoid condensation which you will experience from nylon waterproofs.

Down Jacket - After sunset, temperatures can fall below freezing at the start and end of the season. A down jacket is the lightest and most convenient way of keeping warm when the temperature drops.

Thick jumper/fleece jacket - A thick jumper or fleece jacket is necessary as nights can be very cold at altitude. Make sure that your waterproof jacket is loose enough to wear over your sweater or fleece.

Technical t-shirts - Keep skin cool and dry in changeable conditions.

Thin layers - Best way to keep warm when outside temperature is variable.

Shorts - Shorts can be very comfortable to walk in but you must carry long trousers with you in case you get either sunburned or cold.

Gloves - Especially useful in the morning and in the evening at higher altitudes. Also bring a scarf to cover your face and a warm hat/balaclava.

Socks - It is best to wear technical socks. This helps to protect your feet against blisters.

Long Trousers - For everyday walking, light cotton trousers are the most suitable. Jeans are not recommended as they are often difficult to walk in over longer distances and become cumbersome when wet.

Equipment

Bring a large enough daysack (at least 25 -30l) to carry the following:

Fleece / down jacket and waterproof jacket and trousers

Water Bottle - At least 1l. Water along the trail must never be considered as drinkable.

Energy snacks

Torch

Sunglasses - A good pair of sunglasses are essential for protection against UV rays and glare at high altitudes.

Sun Hat, High Factor Sun Cream/Block & Lip Salve - Choose a high factor suncream (Factor 15 or more) to protect your skin against the sun at high altitudes.

Wet wipes / hand gel

Personal First Aid Kit - On each trek a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin etc. For an exclusively designed Explore Medical Kit, visit www.nomadtravel.co.uk/explore

Plastic Bags - If you pack bits and pieces in plastic bags inside your day sack they will stay dry in case of rain.

Trekking poles - Trekking poles are recommended.

Also bring chargers and adaptors - These are very hard to get hold of locally.

Footwear

Bring well-broken in walking boots and comfortable shoes for the evening and when travelling.

Gaiters are also useful to keep snow, if present, out of your boots.

Luggage: On Tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Luggage allowance on trip: 20kg
