## On Foot In The Picos De Europa

This week-long trekking adventure takes us into the beautiful high mountain scenery of Picos de Europa National Park. We explore the area in depth with walks in the unspoilt and wild landscapes of the western, central and eastern massifs. We base ourselves for six nights in Sotres - the highest inhabited village in the Picos. This tour showcases some of Spain's finest scenery and includes a hike to the base of the iconic peak of Naranjo de Bulnes. On a trip highlight we trek along cliff-cut pathways through the imposing Cares Gorge - over 1000m deep and twelve kilometres long.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Tour Comfort: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Trek Grade: Moderate

For those who are fit and active, these moderate walks are normally on good paths and tracks at low altitude. Days may include some fairly demanding ascents and descents, so previous experience is preferable but not essential.

## DAY 2 Drive to Covadonga Lakes; Walk to Ordiales viewpoint

We drive a short distance to Covadonga Lakes visiting the Basilica Santa Maria la Real of Covadonga on route. We start today's trek at 1100 m from where we will climb to the refuge at Vegaredonde (1500 m), a walkers rest stop and an opportunity to enjoy a warm drink in the open before continuing to the Ordiales viewpoint at 1700 m. From here we will return to the lakes from where we will catch our bus to Sotres, where we will spend the next six nights. Approx. 7 hours walking (+600 m / - 600 m, 16 km)

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 3 Walk from El Collado de la Caballar to Arenas de Cabrales

We starts our day with a short transfer to El Collado de la Caballar (1100 m) from where we start today's walk. We start with a gentle descent to Toboad Majado (900 m) from here we start our ascent to Collado de Pasadoir (1215 m). We follow the ridge through the prairies of Portudera, Tambrim, and Todrin from where we will have some spectacular views (weather permitting) along the ridge of all three massifs before we start our descent to the outskirts of the Arenas de Cabrales where we join and follow an original roman road for one and a half kilometres. We return to Sotres for the night. (+350 m / -550 m, 17 km)

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 4 Walk to the iconic Naranjo de Bulnes mountain

We drive the short distance down to the collection of red-roofed buildings known as Invernales de Cabao and cross the river. Then, ascending along a series of switch-backs, we gain height quickly to reach a viewpoint looking back towards Sotres. The track levels out now, ascending more gradually onto a kind of plateau. Here stands the tiny hamlet of Pandebano, where, in AD718, a battle took place between the Visigothic Christians and the remnants of a somewhat depleted Moorish army. Leaving our vehicle, we walk up to a saddle, where the huge monolith of the Naranjo de Bulnes (Pico Urriellu 2519 m) comes into view. Rearing straight up from the surrounding rockscape, this rust-coloured mountain is the famous iconic image of the Picos. We walk up to the very base of the mountain where there is a refuge and the chance to see climbers attempting to scale the improbable sheer face. We retrace our steps to Pandebano where our transport awaits us to return to our hotel (approx 7 hours walking). (+800 m / -800 m, 16 km)

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 5 Walk via Treviso to Urdon, La Hermida Gorge; drive to Sotres

We start this morning with a short drive to Jito de Escarandi from where we start our walk at 1395 m through the Valdediezma beech forest and the Sobra Valley to Treviso where we will stop for a lunch break en route. After lunch we will continue down the Balcon de Pilatos to Urdon where we will meet our bus and return to Sotres for the evening. (approx 5 hours walking) (-1150 m, 10 km)

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 6 Drive to Puente Poncebos; walk the Cares Gorge to Cain and back; drive to Sotres

This morning we drive down through Alpine scenery to Puente Poncebos at 218 m. Here the medieval pack horse bridge spans the Cares river. This marks the starting point for the walk through the dramatic gorge of the Garganta del Cares - a cleft over 1000 m deep and some 12 km long. The path literally cuts into the cliffs in places; only with the aid of tunnels and bridges is it possible to traverse its entire length. This is one of the highlights of any visit to northern Spain and is a six hour round trip on foot, although walkers can turn back at any point and return to Poncebos where there are places to eat and drink. Finally, we return by vehicle to Sotres for a well-earned rest. (6-7 hours walk). (+300 m / -300 m, 24 km)

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 7 Drive to El Teju; Walk to Caseton de Andara via Aldea Col; drive to Sotres

A short drive to Hito de Escarandi (1395 m) takes us to the start of our walk to the Caseton Refuge from where we will start to ascend to Aldea Col (1850 m). There we will have a rest and enjoy a picnic lunch on the Andara Vegas prairie. After lunch we will descend back to the refuge traversing the Macondiu mountain (1725 m) and then continue onto Jito de Escarandi (1300 m) where the minibus will be waiting to return us to Sotres. We will arrange a transfer back to the hotel or you may choose to walk the final 30 minutes back to Sotres. (Approx 5 hours walking + 650 / - 650 m, 12 kms)

**Single Room Available**

**Included Meals:** Breakfast

## Accommodation and Meals

### Accommodation Rating

Situated in the heart of the region's highest village of Sotres, Casa Cipriano is a small family-run hotel perfectly located as a base for exploring the spectacular and little known Picos de Europa mountain range in the heart of northern Spain's Asturias region. A walk through the village leads to a viewpoint of the surrounding peaks.

The hotel features a bar as well as a restaurant serving home cooked food - not to be missed is the traditional and very delicious La Fabada Asturiana, a hearty soup made with beans, chorizo and black pudding. In winter an open log fire makes for a comfy nook in the bar, whilst in summer the terrace outside is a popular spot for guests and locals alike. Next door the family also runs a small shop, selling everything from small locally made souvenirs to cheeses and cured hams.

Rooms are simple yet cosy and feature tiled floors, wooden furniture and an en suite bathroom with a shower over a small bath tub. Central heating during the winter ensures a comfortable stay. There is a TV and hairdryer in all rooms.

## Preparing for your Tour

---

## Trekking Details

We walk on 6 days for an average of 4 to 6 hours each day, mainly along mountain paths. We have graded this trek as moderate.

---

## Climate

### Spain

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round.

---

## Clothing

Trainers or Trekking sandals Useful around the refuge, in towns and when travelling.

Trekking poles Trekking poles are recommended.

Waterproofs Breathable waterproofs made from material such as Goretex not only protects against rain and wind but also stops you from overheating. They breathe and avoid condensation which you will experience from nylon waterproofs.

Down Jacket After sunset, temperatures can fall below freezing at the start and end of the season. A down jacket is the lightest and most convenient way of keeping warm when the temperature drops.

Thick jumper/fleece jacket A thick jumper or fleece jacket is necessary as nights can be very cold at altitude. Make sure that your waterproof jacket is loose enough to wear over your sweater or fleece.

Shorts Shorts can be very comfortable to walk in but you must carry long trousers with you in case you get either sunburned or cold.

Gloves Especially useful in the morning and in the evening at higher altitudes. Also bring a scarf to cover your face and a warm hat/balaclava.

Socks It is best to wear a pair of liner socks under a pair of fairly thick loop stitch socks. This helps to protect your feet against blisters.

Avoid nylon socks, they are abrasive, don't breathe well and can cause blisters.

Long Trousers For everyday walking, light cotton trousers are the most suitable. Jeans are not recommended as they are often difficult to walk in over longer distances and become cumbersome when wet.

---

## Equipment

Water Bottle Water along the trail must never be considered as drinkable. Take at least a 1 litre personal water bottle. Also energy snacks including chocolate and sweets are recommended whilst on trek.

Torch

Sunglasses A good pair of sunglasses are essential for protection against UV rays and glare at high altitudes.

Sun Hat, High Factor Sun Cream/Block & Lip Salve Choose a high factor suncream (Factor 15 or more) to protect your skin against the sun at high altitudes. A combination sunblock/ lipsalve is ideal for facial protection.

Toiletries Try to keep heavy cosmetics etc to a minimum. Essentials are toothbrush & paste, soap, small towel, small nail brush. Wet Wipes are great for a quick clean up, so bring a pack of those.

Personal First Aid Kit On each trek a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin etc. Please do not give medicines to local people without consulting the trek leader. For an exclusively designed Explore Medical Kit, visit [www.nomadtravel.co.uk/explore](http://www.nomadtravel.co.uk/explore)

Plastic Bags If you pack bits and pieces in plastic bags inside your kit bag they will stay dry in case of rain and it will be easier for you to sort through. Remember, the less you have to unpack in the evening, the less you have to repack each morning! A bin liner to pack inside your daysac is also a good idea.

Chargers and Adaptors These are very hard to get hold of locally.

---

## Footwear

### Walking Boots

Probably the trickiest part of all. We strongly recommend walking in good boots. Trainers, tennis shoes etc simply do not give the ankle support afforded by a decent pair of boots. Many people now trek in the lighter weight Gortex or leather boots. They have the advantage that they take little breaking in. The slightly heavier traditional leather walking boots are also good. Avoid the types often found in high street shoe shops which are simply cheap trainers with a higher canvas side sewn on – they give little support and will probably not last the trek. Above all, your boots must be well broken in and comfortable. We do not recommend borrowing or renting boots. It is a good idea to carry your boots in your hand luggage on international flights or wear them – should your luggage be delayed, your well broken in boots are the one thing which will be irreplaceable. Gaiters are useful to keep snow out of your boots.

## Luggage: On Tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Luggage allowance on tour: 20kg
