Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Tour Comfort: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

DAY 2 Drive to Paracas

Heading south on the Panamerican Highway we stop at the ancient religious centre of Pachacamac, whose many pre-Inca and Incan adobe walls and temples have miraculously stood for hundreds of years, preserved by the desert climate. We continue on to Paracas and its national park where we can observe some extraordinary lunar landscapes and have the chance to see varied birdlife.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 3 Explore Paracas and drive to Nazca

There is the possibility this morning to take an optional excursion to the Ballestas Islands to see a large colony of sea lions, seabirds and even penguins. We then continue south pausing at Ica to visit the small but excellent museum (optional) or the huge sand dunes outside the town at Huacachina Oasis. Then we drive to the mysterious Nazca Lines. Some specialists have speculated that they represent the world's largest astrological calendar. Huge birds, spiders, whales, other creatures and geometrical figures are represented in outline. Here we'll climb the nearby viewing platform for views out over the lines etched into the desert. There should also be time for optional visits to the nearby Antonini Archaeological Museum, the Chauchilla pre-Inca cemetery or the Nazca aqueduct.

Overnight: **Simple Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 4 Drive to Puerto Inca

Following the coastal route through the desert we reach the tiny settlement of Puerto Inca. In Inca times relays of chasquis (runners) transported fresh fish 250km to Cusco in the mountains in just one day! In the afternoon you can watch the wildlife in the quiet bay or explore the ruins including ancient llama corrals and grain stores.

Overnight: **Standard Guesthouse**
Single Room Available

 **Included Meals:** Breakfast, Dinner

DAY 5 Drive to Arequipa

A full day's drive takes us through strange desert scenery. As we leave the coastal plain behind, our road climbs steadily through the Andean mountains to reach the beautiful city of Arequipa.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 6 In Arequipa

The day is free to explore this beautiful city, situated at 2380m and surrounded by snowcapped mountains including the perfect conical peak of El Misti (5822m). Arequipa is famed for its colonial architecture and the arcaded city square, dominated on one side by the twin towered cathedral (1612), is among the finest to be found in South America. We visit Santa Catalina Convent, a miniature walled town which once housed 450 nuns and serving ladies in total seclusion.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 7 Drive to Chivay

Heading north from Arequipa we enter the world of the Altiplano. We pass behind the volcanoes that ring Arequipa and on to Chivay. Passing herds of Llama and Alpaca - if lucky we may spot the elusive Vicuña. Today we briefly reach the highest point of our trip at 4,800m before descending towards Colca.

Overnight: **Comfortable Hotel**

EXPLORE! The Adventure Travel Experts available online 24/7

 **Included Meals:** Breakfast

DAY **8** Colca Canyon; drive to Puno

From Chivay we make an early start to the mirador Cruz del Condor, overlooking the magnificent Colca Canyon, in the hope of spotting the rare Andean Condor. Seeing these magnificent birds in flight is a highlight of any tour. We continue to Puno on the shores of Lake Titicaca: the highest navigable lake in the world at an elevation of 3,856m, and the legendary birthplace of the Inca civilisation. The local Aymara and Quechua-speaking indigenous people have adapted over generations to life at altitude and have larger lungs, hearts and spleens, and blood that is particularly rich in red corpuscles.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY **9** Boat to Taquile via the Uros Islands

The Uros people dwell on the lake itself, on floating islands of totora, a reedlike papyrus that grows in the shallows and is used in the construction of houses and boats. We continue by motorboat to Taquile Island which has preserved much of its Inca and pre-Inca heritage and the islanders still speak the language of the Inca-Quechua. Accommodation is limited to rustic, dormstyle facilities in a local house. We recommend walking to the top of this terraced island to watch the sun set.

Overnight: **Simple Village House**
Single Room Available

 **Included Meals:** Breakfast

DAY **10** Boat to Puno

This morning is free on Taquile Island where the local people still preserve a rich tradition of music and dance. This is the ideal opportunity to buy locally produced knitted goods – produced by the men of the island. In the afternoon we return to Puno by boat, where there is the opportunity to visit the British built Yavari Steamer now under restoration (optional). We return by bus to Puno later on.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY **11** Bus to Cusco via Sillustani

Today we follow the legendary route taken by the first Inca ruler - Manco Capac - on his way to find Cusco. En route to Cusco we stop at the beautifully scenic site of Sillustani - a fitting home for the chullpas (funeral towers), which probably date from the 14th century. Driving up to the northern limit of the Altiplano we cross La Raya pass (4335m) and descend to Cusco. Depending on time, those who wish may visit the colonial church at Andahuaylillas. The scenery is desolate but magnificent and we may spot flocks of llamas and alpacas grazing on the windswept pastures.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY **12** In Cusco

The old capital of the Inca Empire survives only in its ruins, imbued with an atmosphere of mystery and grandeur. The Spanish style city of today, with its attractive pink tiled roofs, arcaded plazas and steep winding alleyways, stands upon tremendous Inca foundation stones. The interlocking stones, assembled so carefully that a knife blade cannot be forced between the multi-sided joints, were highly functional as well as beautiful - they are earthquake-proof! During our stay, we plan a walking tour of this lovely city to see important Inca and Colonial monuments, such as the Inca wall of Hatunrumiyoc with its famous twelve-sided stone. The stone, measuring some 5 feet across, has the typical bevelled joints which create the patterns of light and shadow on Inca walls. We will visit Cusco's temple-citadel, Sacsayhuaman which broods high above the town, its huge, zigzagging stone walls broken into 66 sharply projecting angles to catch attackers in a withering crossfire.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 13 Inca Trail to Machu Picchu

We drive to Chilca, stopping at the Inca site of Ollantaytambo. The major highlight of the trip is without doubt the trek along the Inca Trail. To the east runs the Kusichaca river; to the north the Urubamba. The trail was first explored by Hiram Bingham in 1911 and opened for walkers in 1970. The famous ruins of Machu Picchu are not the only historical remains within the area: many other interesting sites are hidden in places which can only be reached on foot. Our trek starts at by crossing the Urubamba river, then following its rapids down the Sacred Valley of the Incas to Llaqtapata (2700m). Here we camp below the ruins of Llaqtapata. (6Km, 2.5hrs walking)

Overnight: **Basic Camping**

Included Meals: Breakfast, Lunch, Dinner

DAY 14 Inca Trail to Machu Picchu

Following the course of the Kusichaca river the trail leads to Wayllabamba, a quiet village of Inca origins and the last settlement on the route. We continue to Llulluchapampa (3800m) which affords stunning views of the snowy peaks around us. Here we set up camp for the night. (10km, 5 hrs walking)

Overnight: **Basic Camping**

Included Meals: Breakfast, Lunch, Dinner

DAY 15 Inca Trail to Machu Picchu

Today we trek over the Warmiwanusca (Dead Woman) Pass (4200m), to the valley of the Pacamayo river with its tropical vegetation. We then cross the Runkuraqay Pass (3993m). Here the selva (jungle) becomes visible on the slopes of the mountains. The Sayaanmarca ruins are on a rocky promontory. They command an imposing view and have only one means of access, a narrow granite stairway. Our trail goes through cloud forest with vines, exotic flowers (among them orchids) and luxuriant trees, then on through an Inca tunnel and along a ridge above the Urubamba river to the lovely Puyupatamarca ruins (3597m). The views of the Urubamba and the snowcapped peaks of Veronica (5750m) and Salkantay make these ruins one of the most beautiful places on the trail. (15km, 8hrs walking)

Overnight: **Basic Camping**

Included Meals: Breakfast, Lunch, Dinner

DAY 16 Inca Trail to Machu Picchu

We descend to Winay-Wayna ruins (2591m), a small Inca city which, like Machu Picchu, was abandoned for unknown reasons. Then from Inti-Punku - the Gate of the Sun - there is a sudden and fantastic view of the Lost City itself, Machu Picchu, set in a grandiose landscape that amazes all spectators. We walk down through the site, then travel down to our simple accommodation in the town of Aguas Calientes situated on the valley floor. Tonight we recommend a dip in the thermal springs. (walking 4hrs)

Overnight: **Simple Guesthouse**

Included Meals: Breakfast, Lunch

DAY 17 Revisit Machu Picchu; to Ollantaytambo

Our final morning is spent at Machu Picchu, probably the most astounding feat of engineering in all of Ancient America. Temples, stairways, palaces and gabled stone dwellings are scattered everywhere, testifying to the energy and ingenuity of the builders. Time permitting, there may be time to climb Huayna Picchu mountain and admire the site from a different perspective. In the afternoon we get the train to Ollantaytambo, located in the Sacred Valley of the Incas.

Overnight: **Standard Hotel**

Single Room Available

Included Meals: Breakfast

DAY 18 Optional activities

There are plenty of things to do today. One possibility is to go whitewater rafting on the Urubamba River (grade 2-3) - no previous experience is necessary and all safety equipment is provided (optional). You can also choose to visit the market at Pisac and its incredible Inca ruins spread out amphitheatre fashion far above the town.

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 19 Fly to Lima

This morning we drive to the airport for our flight back to Lima. Founded in 1535 and called the City of Kings, Lima today is both ancient and modern. Time permitting there might be the opportunity to stroll through Plaza San Martin and Bolivar and enter the fascinating Catacombs of the convent of San Francisco. We can make an optional orientation tour on foot, passing through the colonial squares and under the intricate modern balconies of old Lima, seeing some of the city's best surviving examples of colonial architecture. There may be time for some last minute shopping.

The tour ends in Lima this morning after breakfast.

Additional notes for tours that include the Inca Trail

1. In order to regulate the number of people walking on the Inca Trail it is necessary to buy an Inca Trail Pass specific to the days that you wish to travel. There are 200 passes per day for tourists, the remainder are for guides and porters.
2. If you are travelling on an Explore tour, Explore buy the necessary permit on your behalf. This is non-refundable and can't be refunded or transferred after you have confirmed your booking.

Preparing for your Tour

Maximum Altitude on Trek (m)

4200

Trekking Details

This is a 4-day trek with an average of 5 to 6 hours walking each day. We reach a maximum altitude of 4200m. This trip has been graded moderate to challenging.

Altitude Description

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of "Medex" and downloading their information booklet: http://medex.org.uk/medex_book/english_version.php

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take these to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

Climate

Peru

There is a rainy season from Dec - Mar however on the coast it rarely rains. Jun-Oct is damp and misty, but temperatures never drop below 10°C. At high altitudes although there are sunny days temperatures can drop dramatically, and conditions can change suddenly.

Clothing

On the coast take medium weight clothing and a sweater (June to October is winter). In the highlands conditions are generally dry and sunny during the day but cold at night. From May to August, it can be as low as -10°C. Be prepared for rain. Swimming costume needed for Aguas Calientes.

Thermals

Comfortable around camp and much more practical (and warmer) to sleep in than pyjamas.

Socks

It is best to wear a pair of liner socks under a pair of fairly thick loop stitch socks. This helps to protect your feet against blisters. Avoid nylon socks, they are abrasive, don't breathe well and can cause blisters.

T-shirts

We recommend polyester/polypropylene fabrics which keep you warm even when wet.

Waterproofs

Breathable waterproofs not only protect against rain and wind but also stop you from overheating. They breathe and avoid condensation which you will experience from nylon waterproofs.

Thick jumper/fleece jacket

A thick jumper or fleece jacket is necessary as nights can be very cold at altitude, especially in July.

Make sure that your waterproof jacket is loose enough to wear over your sweater or fleece.

Shorts

Shorts can be very comfortable to walk in but you must carry long trousers with you in case you get either sunburned or cold.

Please remember we shall be passing through the occasional remote areas and villages and short shorts (especially on ladies) can give offence to the local inhabitants. Longer, looser fitting shorts are, in any case, more comfortable to walk in.

Gloves and Hat

Especially useful around camp in the morning and in the evening at higher altitudes.

Equipment

Good insect repellent is essential. Bring a small torch. See below for details of sleeping bag and other equipment. If rafting old trainers are useful.

Equipment Provided: On Trek

The following equipment list is provided by Explore once you are on the trek:

- 2-person tents
- Dining tent
- Thermarest
- Stools and table
- All cooking and kitchen gear

Personal Equipment: On Trek

EXPLORE! The Adventure Travel Experts available online 24/7

Trekking poles - Trekking poles are recommended. Please note metal tipped trekking poles are NOT permitted in order to reduce erosion - please ensure they have rubber/plastic tips. Wooden poles are readily available locally.

Sleeping Bag - As you do not carry it yourself this may be down or synthetic, but it must be 4-season (temperature -10°C to -5°C). A cotton liner helps to keep your bag clean. You do not need a foam mat as thermarests are provided. Note: it is possible to hire a down sleeping bag locally for US\$ 20 for the whole trek. Let your tour leader know at the beginning of the tour.

Water Bottle - Water along the trail must never be considered as drinkable. The camp staff provide purified water each day with which to fill your own bottle. 2 litres is the minimum size suitable. It is a good idea to add some powdered fruit juice for flavouring. Note: Metal bottles can also double up as hot water bottles.

Torch/Batteries/Bulb - A small torch is essential for finding things in your tent, visiting the toilet in the night etc. Often a head torch is the most practical option as it allows you to have both hands free. Remember that in most developing countries only a limited selection of batteries is available. The most common are pen cells (or AA size) and SP/HP2 (D size).

Plastic Bags - If you pack bits and pieces in plastic bags inside your kit bag they will stay dry in case of rain and it will be easier for you to sort through in camp. Remember, the less you have to unpack in the evening, the less you have to repack each morning. A binliner to pack inside your daypack is also a good idea.

Toiletries - Try to keep heavy cosmetics etc to a minimum. Essentials are toothbrush/paste, soap and a small towel. Wet Wipes are great for a quick clean up in your tent, so bring a pack of those.

Personal First Aid Kit - On each trek a first aid kit is carried but you should have your own blister kit, supply of plasters, aspirin etc. (Please do not give medicines to local people without consulting the trek leader.)

Footwear

Walking Boots

Probably the trickiest part of all. We strongly recommend walking in good boots. Trainers, tennis shoes etc simply do not give the ankle support afforded by a decent pair of boots. Many people now trek in the lighter weight Goretex or leather boots sold under the brand names Karrimor, Berghaus or similar and these are usually satisfactory. They have the advantage that they take little breaking in. The slightly heavier traditional leather walking boots are also good. Avoid the types often found in high street shoe shops which are simply cheap trainers with a higher canvas side sewn on - they give little support and will probably not last the trek.

Above all, your boots must be well broken-in and comfortable. We do not recommend borrowing or renting boots. It is a good idea to carry your boots in your hand luggage on international flights or wear them - should your luggage be delayed, your well broken-in boots are the one thing which will be irreplaceable.

Trainers or Trekking sandals

Useful around camp, in towns and when travelling. Sandals are ideal for rafting as they protect the soles of your feet and also keep them cool.

Luggage: On Tour

One main piece of baggage and a daypack. Remember not to overload yourself.

Main Baggage:

Your main piece of baggage - suitcase or rucksack - must be lockable as this becomes the receptacle for anything you don't want on the trek and is stored at the hotel in Cusco while you are trekking.

Trek Kit Bag:

Before leaving Cusco there is plenty of time to re-sort luggage into what you need on trek and what can be left in Cusco (see above). Your trek luggage, including sleeping bag, needs to be packed into a kit bag, soft holdall, frameless rucksack or similar to be carried by the porters. The weight limit for this is 7kg but you will probably find that you do not need this much. Advice on how to pack will be given at the trek briefing. This bag will be supplied by our local agent for the duration of the trek.

Small Rucksack/Daypack:

During the course of a trekking day, you do not have access to the luggage which is being carried for you by the porters. In any mountain region the weather can change rapidly and you must be equipped for this eventuality. Your daypack should, therefore, be large enough to carry the following: Waterproofs, sweater, long trousers (if walking in shorts), warm hat and gloves, sun hat, suncream, water bottle (at least 2 litre or 2 1litre bottles), tissues and your packed lunch. Most people normally find that this adds up to about 6kg. Camera equipment can be heavy so think carefully when deciding what to take. Other optional items in a daypack might be a diary or book to read at lunch time.

Luggage allowance on tour: 20kg

Our commitment to the environment

We are passionate about sustainable travel and work hard to create tours where your holiday delivers real benefits to the local communities. We minimise our impact by travelling in small groups, respecting local cultures and traditions, reducing waste and offsetting 100% of the CO2 from our flights.

When you travel with Explore, you are directly contributing to local economies and helping empower the people you meet. We currently support a range of charities and good causes, including: Toilet Twinning (helping to flush away poverty), Lone Buffalo Foundation (a community project based in Laos providing creative skills for young people), Dekamer (a turtle rescue centre in Turkey) and Kids Saving the Rainforest (a wildlife rescue centre in Costa Rica supported through the LATA foundation). We also care passionately about the world's wildlife. We are patrons of the Born Free Organisation and Friends of Conservation.

Cool Earth

Explore are proud to support Cool Earth in their effort to reduce global carbon dioxide levels through the prevention of deforestation in the South America rainforest. Cool Earth focus on areas in immediate danger of deforestation, supporting local communities to be forest guardians. To date 350,000 acres of rainforest has been protected. Saving rainforest also protects rare animals and plants, allows local forest communities to maintain their way of life, and protects a major source of oxygen and fresh water. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers flights each year.
