At Lake Titicaca we visit Taquile Island and stay in a local village guesthouse. We also discover the ancient 'Inca Empire of the Sun' as we enjoy a four-day trek following the famous Inca Trail to the archaeological jewel of Machu Picchu. En route we hike through majestic mountain scenery, past impressive Inca ruins and amongst cloudforest. We also explore the vibrant former Inca capital of Cusco.

Why Book this trip

Our three night Inca Trail trek is designed so that we stay on quieter campsites away from the crowds. We also ensure that our porters are local people, so that the communities benefit from your visit, and we abide by the strict guidelines regulating both their working conditions and care of the Inca Trail. Our local partner also actively supports community projects in the villages of Mismanay and Ancocoto.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Trek Grade: Moderate to Challenging

DAY 1 Join tour Lima

Arrive to Lima and check-in at hotel. Afternoon tour of Lima. Lima, Peru's capital, was founded in 1535 AD by the Spanish conquistador Francisco Pizarro. It was built

on the Pacific coast, by the Rimac River and close to the natural harbour of Callao, on land that had already been inhabited for thousands of years. Today Lima is a modern city, but there are obvious reminders of its ancient and colonial past. It is also gaining a reputation as a culinary centre.

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** None

DAY 2 Visit Pachacamac. Drive to Paracas National Park

Heading south on the Panamerican Highway we stop at the ancient religious centre of Pachacamac, whose many pre-Inca and Incan adobe walls and temples have miraculously stood for hundreds of years, preserved by the desert climate. We continue on to Paracas and its national park where we can observe some extraordinary lunar landscapes and have the chance to see varied birdlife.

Overnight: **Standard Hotel**

 **Included Meals:** Breakfast

DAY 3 Optional boat trip to Islas Ballestas. Continue to Nazca

There is the possibility this morning to take an optional excursion to the Ballestas Islands to see a large colony of sea lions, seabirds and even penguins. We then continue south pausing at Ica to visit the small but excellent museum (optional) or the huge sand dunes outside the town at Huacachina Oasis. Then we drive to the mysterious Nazca Lines. Some specialists have speculated that they represent the world's largest astrological calendar. Huge birds, spiders, whales, other creatures and geometrical figures are represented in outline. Here we'll climb the nearby viewing platform for views out over the lines etched into the desert. There should also be time for optional visits to the nearby Antonini Archaeological Museum, the Chauchilla pre-Inca cemetery or the Nazca aqueduct.

Overnight: **Simple Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 4 Follow coastal road to Puerto Chala

Following the coastal route through the desert we reach the settlement of Puerto Chala. In Inca times relays of chasquis (runners) transported fresh fish 250km to Cusco in the mountains in just one day from nearby. Depending on timing we will visit Quebrada de la Vaca Inca ruins either en route or tomorrow morning. These remains are thought to be part of an original Inca Trail to Cusco, and include ancient llama corrals and grain stores.

Overnight: **Standard Guesthouse**

DAY 6 Explore Peru's 'White City'. Visit Santa Catalina Convent

This morning we explore this beautiful city, situated at 2380m and surrounded by snowcapped mountains including the perfect conical peak of El Misti (5822m). From here we make a short walk to Cruz del Cura (4kms, approximately 1 hour) before continuing to Puno on the shores of Lake Titicaca: the highest navigable lake in the world at an elevation of 3,856m, and the legendary birthplace of the Inca civilisation. The local Aymara and Quechua-speaking indigenous people have adapted over generations to life at altitude and have larger lungs, hearts and spleens, and blood that is particularly rich in red corpuscles. The Uros people dwell on the lake itself, on floating islands of totora, a reedlike papyrus that grows in the shallows and is used in the construction of houses and boats. We continue by motorboat to Taquile Island which has preserved much of its Inca and pre-Inca heritage and the islanders still speak the language of the Inca-Quechua. Accommodation is limited to rustic, dormstyle facilities in a local house. In the late afternoon we walk to the top of this terraced island to watch the sun set. In the afternoon we walk back to the harbour to return to Puno by boat, where there is the opportunity to visit the British built Yavari Steamer now under restoration (optional). Today's 5km walk is expected to take around 2.5hrs

Driving up to the northern limit of the Altiplano we cross La Raya pass (4335m) and descend towards Cusco, and then continue on to Ollanta in the Sacred Valley. The famous ruins of Machu Picchu are not the only historical remains within the area: many other interesting sites are hidden in places which can only be reached on foot. Our trek starts at by crossing the Urubamba river, then following its rapids down the Sacred Valley of the Incas to Llaqtapata (2700m). Here we camp below the ruins of Llaqtapata. Today we trek over the Warmiwanusca (Dead Woman) Pass (4200m), to the valley of the Pacamayo river with its tropical vegetation. We then cross the Runkuraqay Pass (3993m). Here the selva (jungle) becomes visible on the slopes of the mountains. The Sayaanmarca ruins are on a rocky promontory. They command an imposing view and have only one means of access, a narrow granite stairway. Our trail goes through cloud forest with vines, exotic flowers (among them orchids) and luxuriant trees, then on through an Inca tunnel and along a ridge above the Urubamba river to the lovely Puyupatamarca ruins (3597m). The views of the Urubamba and the snowcapped peaks of Veronica (5750m) and Salkantay make these ruins one of the most beautiful places on the trail. We set up camp nearby. Then from Inti-Punku - the Gate of the Sun - there is a sudden and fantastic view of the Lost City itself, Machu Picchu, set in a grandiose landscape that amazes all spectators. We walk down through the site, then travel down to our simple accommodation in the town of Aguas Calientes situated on the valley floor below Machu Picchu. Tonight we recommend a dip in the thermal springs. Today's 12km walk is expected to take around 6hrs with 1000m descent.

We have a guided tour with our Tour Leader then have some free time to explore further. It is also possible to climb the steep peak of Huayna Picchu to look down on the Temple of the Sun, or the nearby peak of Machu Picchu Mountain. (These must be pre-paid at time of booking. If you change your passport between your time of booking and prior to travel it is important for both the Inca Trail pass

and these excursions that you bring your original passport with you). In the afternoon we get the train to Ollantaytambo, located in the Sacred Valley of the Incas, and then return to the historic town of Cusco by bus.

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 18 Walking tour of Cusco. Visit to Sacsayhuaman

The old capital of the Inca Empire survives only in its ruins, imbued with an atmosphere of mystery and grandeur. The Spanish style city of today's Cusco, with its attractive pink tiled roofs, arched plazas and steep winding alleyways, stands upon tremendous Inca foundation stones. The interlocking stones, assembled so carefully that a knife blade cannot be forced between the multi-sided joints, were highly functional as well as beautiful - they are earthquake-proof! During our stay, we plan a walking tour of this lovely city to see important Inca and colonial monuments, such as the Inca wall of Hatunrumiyoc with its famous twelve-sided stone. The stone, measuring some 5 feet across, has the typical bevelled joints which create the patterns of light and shadow on Inca walls. We also visit Cusco's temple-citadel, Sacsayhuaman which broods high above the town, its huge, zigzagging stone walls broken into 66 sharply projecting angles to catch attackers in a withering crossfire - and walk back down to the city centre.

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 19 Fly to Puerto Maldonado. Travel to lodge by minibus and canoe

The Peru and the Inca Trail tour ends today. Those doing the Amazon extension transfer to Cusco airport for the short flight to Puerto Maldonado, which is located in the Southern Amazon area of Peru. (Your tour leader stays in Cusco). The Amazon Basin covers two fifths of South America and is shared between many countries including Bolivia, Brazil, Colombia, Guyana, Venezuela, Ecuador and Peru. Most of the area is covered by rainforest - the largest rainforest and the most bio-diverse environment in the world. Sixty percent of Peru lies within the Amazon Basin, the greatest area of Amazon Rainforest after Brazil. On arrival in Puerto Maldonado you will be met by a representative of Nape Lodge. First you, and any other lodge guests, will be taken to the lodge office in the town. Here you can sort your luggage so that you only take what you need to the jungle. (Your main luggage can be left in a locked room at the office). You then travel by minibus to the community town of Infierno, this is mainly along unmade roads and it takes approximately an hour to reach the small port outside the town. From here you take a covered motorised canoe for approximately 30 - 40 minutes to Nape Lodge. Your guide will give you a typical jungle lunch to eat en route. The lodge is a short walk from the river bank. Below is the usual itinerary for clients arriving to Nape Lodge but this may vary depending on local conditions and circumstances. A guide from the lodge will accompany you on all your excursions. On arrival, after a drink and being shown to your room, you will take your first walk into the local jungle. Here, close to the lodge a member of the local community (through a translator) explains how the Ese Eja made their bows and arrows for hunting - Although hunting in this area is now restricted, it is still part of their culture. You also get the opportunity to try aiming at a cloth target with a traditional bow if you wish. There is then time to relax and acclimatise to the local humidity. After dinner you will return to the boat and search in the dark for caiman along the river banks and in the water - caiman eyes show red in torch light making them easier to spot. In this area there are mainly white caiman. If you are lucky you will also see some of the other nocturnal animals that roam the river banks.

Overnight: **Simple Lodge**

Single Room Available

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 20 Visit parrot clay lick and Tres Chimbadas Lago. Take a jungle night walk

This morning after an early breakfast you will travel by boat a short distance along the river to a local clay lick - a small clay cliff where macaws, parrots and other birds come to feed. It is thought that the salt from the clay detoxifies the fruit diet of the birds. You may be lucky enough to see the macaws circling above the site and then coming down to eat. They do this at several times in the day and are often at the site for 20 to 25 minutes - It can be very noisy. Continuing along the river for approximately 20 minutes, the boat then docks at a small jetty on the other side of the river to the lodge. As you follow the path through forest to Tres Chimbadas Lago, an oxbow lake, keep your eyes and ears open particularly for macaws and the sounds of approaching monkeys. At the lake itself common sights include the striking and noisy hoatzin bird. There is also a short cruise on the lake in a local style catamaran and if luck is on your side you may also see black caiman and river otters. On returning to the lodge there is time to relax before lunch. In the afternoon you will be taken on a tour of an area close to the lodge known as the 'medicine garden'. Here you will learn from the local shaman (or another member of the community) through a translator, about how these plants are used to treat illnesses. You may be invited to try some of the remedies. Please note that Herbal remedies can have side effects and may interfere with certain prescription medication therefore you do so at your own risk. After dark you will be taken on a night walk along one of the lodge's trails. Your guide will know where to look for the insects, frogs, bats and nocturnal birds that come out at night. If you are in the right place at the right time you may also see some nocturnal mammals including the night monkey.

Overnight: **Simple Lodge**

Single Room Available

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 21 Hike through jungle to mammal clay lick. Learn about local exotic fruits

An hour's walk from Nape Lodge is a mammal clay lick. As with the parrots and macaws, some mammals eat clay from certain areas - however they are much more reserved about this and less predictable. Animals known to use this clay lick included peccaries, deer, agouti and tapir. On arrival you will settle down to observe the spot quietly from a distance and hope to be rewarded. On the way to and from the clay lick your guide will be looking out for other birds, animals and plant species of interest. After lunch you will visit a local organic fruit farm down river from the lodge. It is owned by a family from the Infierno community who grow a variety of tropical fruit and vegetables - many of which you will experience over your time at Nape Lodge. The family will explain through a translator how they grow their crops in a sustainable way, and introduce you to some produce you may never have heard of. You will also gain an insight into local life. As the farm is beside rainforest you may also see and hear wildlife such as parrots close by.

Overnight: **Simple Lodge**
Single Room Available

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 22 Early morning boat to Puerto Maldonado and end trip at airport

Your Amazon adventure comes to an end today after breakfast and you travel back to Puerto Maldonado by covered motorised canoe and minibus. Once in the town you will collect our luggage from the lodge office and then head to the airport where your trip ends. (If you prefer you can end your trip at the lodge office in Puerto Maldonado and arrange a taxi transfer, at your own expense, to the airport at a time that better suits your own itinerary. The office is a short taxi ride from the town, and about 20 minutes by taxi from the airport).

 **Included Meals:** Breakfast

Included Activities

Additional notes for tours that include the Inca Trail

1. In order to regulate the number of people walking on the Inca Trail it is necessary to buy an Inca Trail Pass specific to the days that you wish to travel. There are 200 passes per day for tourists, the remainder are for guides and porters.
2. If you are travelling on an Explore tour, Explore buy the necessary permit on your behalf. This is non-refundable and can't be refunded or transferred after you have confirmed your booking.
3. Passes are sold on a 'first come first served basis' and sell out quickly, so we would urge that you book your tour well ahead of your intended travel date. New Inca Passes are released in January of each year so ideally we would recommend that you book your tour at least 6 months ahead and by December for the following year where possible.
4. In order to buy your pass we will need your: full name, passport number, date of birth and nationality. If you change passport before travelling it will be necessary to provide a copy of both passports in advance of travelling and to carry a copy of your previous passport with you.
5. The Peruvian authorities may change the regulations for the Inca Trail Pass at any time. In the event of this we will inform you as soon as possible.

Please note that some countries require proof of parental consent when travelling overseas with under 18s. Please check requirements with the relevant embassy or consular office well in advance of travel if this applies to your party.

Visa Information

Peru: Visas are not required for UK, New Zealand, Australian, US and Canadian citizens. Other nationalities should consult the relevant consulate.

USA: (including those in transit) Citizens of the UK, New Zealand, Australia, Canada and passport holders from several EU countries can enter the United States without a visa under the Visa Waiver Program (VWP) - where you apply for an ESTA (Electronic System for Travel Authorisation), which applies if you enter the country by sea or by air. This must be done on line - <https://esta.cbp.dhs.gov> no later than 72 hours prior to travel. Travellers who have not registered before their trip are likely to be refused boarding.

You must have an electronic passport with a digital chip containing biometric information about the passport owner. UK passports which are biometric feature a small gold symbol (camera) at the bottom of the front cover.

If you have visited Iraq, Syria, Iran or Sudan since 2011 or are dual nationals of these countries, you cannot travel with an ESTA and instead you will need to apply for a visa from the nearest US Embassy or Consulate. If you are unable to provide a valid visa before boarding flights to the US, or entering via another method, you may not be permitted to travel.

Please note for your ESTA application you will be required to supply Point of Contact information. Explore's USA contact information will be listed on your final documentation which you will receive approximately 3-4 weeks before departure. If you are leaving for the USA before this, please call the Explore team to get this information. (Not necessary if in transit)

For further information please check out the US embassy website. Visa applications - <http://london.usembassy.gov/niv/apply.html>

Canada: An electronic travel authorisation (ETA) is required by British citizens transiting via Canada. For more information see the official Canadian government website: <http://www.cic.gc.ca/english/visit/eta.asp>
Other nationalities should consult their local embassy or consular office.

If you do require assistance in obtaining a visa then you may consider applying through Explore's recommended visa service in the UK, Travcour. See www.travcour.com to download the relevant visa application for your trip, if applicable (UK citizens only), along with details of how to apply for your visa through Travcour. The Team at Travcour will be happy to answer specific questions relating to visa applications, please call them directly on **0208 5431846**.

Vaccinations & Protection

Peru

Nothing compulsory, we recommend protection against typhoid, tetanus, polio and hepatitis A. Please consult your travel clinic for the latest advice on Malaria, Dengue and Zika Virus. Please take preventative measures to avoid mosquito bites - these include mosquito repellent as well as long trousers and long sleeve shirts to cover up when necessary. Please note many countries in Central America, South America and the Caribbean require a yellow fever vaccination certificate if travelling from infected areas. A detailed list of these countries can be found on the NaTHNaC website - <http://travelhealthpro.org.uk/countries>. Also on the NaTHNaC site there is a list of Countries (and specific areas within a country) which are at risk of infection and a vaccination is therefore recommended. Yellow fever is only recommended for those travelling on the Amazon Extension. The above is not an exhaustive list. Further information regarding vaccinations and travel health advice can be found by following the NHS and NaTHNaC links at <http://www.explore.co.uk/Travelhealth/> and from your local healthcare provider.

Maximum Altitude on Trek (m)

4200

Trekking Details

4-day trek walking for an average of 5 hours each day. Maximum altitude of 4200m. This trip has been graded moderate to challenging.

Altitude Description

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of "Medex" and downloading their information booklet: http://medex.org.uk/medex_book/english_version.php

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take the tour notes to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

Climate

Peru

There is a rainy season from Dec - Mar however on the coast it rarely rains. Jun-Oct is damp and misty, but temperatures never drop below 10°C. At high altitudes although there are sunny days temperatures can drop dramatically, and conditions can change suddenly.

Clothing

For your trek:

In the highlands conditions can be dry and sunny during the day but bring warm clothing such as a warm fleece, thermal underwear, warm hat and gloves. These will be needed when the temperatures drop, especially at night when temperatures can drop dramatically. Lightweight waterproofs are also essential. You may also wish to bring your swimsuit.

Thermals:

Useful for walking when cold, around camp and much more practical (and warmer) to sleep in than pyjamas.

Trainers or Trekking sandals:

Useful around camp, in towns and when travelling. Waterproof sandals are ideal for rafting.

Socks:

Use good quality socks that you are used to walking in, plus liner socks if you are used to these.

Waterproofs:

Breathable waterproofs not only protect against rain and wind, but also stop you from overheating.

Thick jumper/fleece jacket:

A thick jumper or fleece jacket is necessary as nights can be very cold at altitude, especially in their winter months (June to September). Make sure that your waterproof jacket is loose enough to wear over your sweater or fleece.

T-shirts:

We recommend t-shirts made from wicking materials as these keep you drier and warmer.

Shorts:

Shorts can be comfortable to walk in but carry long trousers with you in case of strong sun or you feel cold. Remember we shall be passing through the occasional remote village and short shorts (especially on women) can give offence to the local inhabitants.

Gloves and Hat:

Essential around camp in the morning, and in the evening, at higher altitudes.

Equipment

For your trek:

Remember to bring: torch, water bottle, insect repellent, suncream (at least factor 30), lip salve, good quality sunglasses and sunhat. You may also wish to bring binoculars and your own sleeping bag.

Sleeping Bag:

This may be down or synthetic, but should be 4-season. A cotton liner helps to keep your bag clean. You do not need a foam mat as thermarests are provided. It is possible to hire an appropriate down sleeping bag for the trek locally (US\$ 20).

Personal Equipment On Trek

Trekking poles:

Trekking poles are recommended. Please note metal tipped trekking poles are NOT permitted so please ensure they have rubber/plastic tips

Water Bottle:

Water along the trail must never be considered as drinkable. The camp staff provide purified water each day with which to fill your bottle. Your bottle should hold at least one litre. Disposable plastic bottles are not allowed on the trail. Metal bottles can also double up as hot water bottles when hot water is available.

Torch/Batteries/Bulb:

A small torch is essential for finding things in your tent, visiting the 'toilet' in the night etc. Often a head torch is the most practical option as it allows you to have both hands free. Remember to bring spare batteries.

Toiletries:

Only bring essential toiletries such as toothbrush/paste, soap and a small towel. Wet wipes are great for a quick clean up in your tent.

Personal First Aid Kit:

On each trek a first aid kit is carried but you should have your a blister kit, supply of plasters, pain relief etc. for you own use.

The following equipment list is provided by Explore for the trek:

- 2-person tents
- Dining tent
- Thermarest sleeping mat
- Stools and table

Footwear

For your trek:

Your boots should be well broken in and comfortable. We do not recommend borrowing or renting boots. It is a good idea to carry your boots in your hand luggage on international flights or wear them - should your luggage be delayed, your boots are the one thing which will be irreplaceable. If you are rafting bring shoes that you don't mind getting wet.

Luggage: On Tour

For your trek bring one main piece of baggage and a daypack.

Main luggage:

Your main bag should be lockable as this will be left in storage in Cusco whilst on the trek, and also in a locked room in Puerto Maldonado when visiting the jungle lodge

Trek Kit Bag (provided):

Before leaving Cusco there is time to re-organise your luggage. Your trek luggage, including sleeping bag, should be packed into the kit bag to be carried by the porters. The weight limit for this is 7kg but you will probably find that you do not need this much. Advice

on how to pack will be given at the trek briefing.

Small Rucksack/Daypack:

During the course of a trekking day, you do not have access to the luggage, which is being carried for you by the porters. In any mountain region the weather can change rapidly and you must be equipped for this eventuality. Your daypack should be large enough to carry your day things including: waterproofs, sweater, long trousers (if walking in shorts), warm hat and gloves, sun hat, suncream, water bottle, tissues and your packed lunch. Camera equipment can be heavy so think carefully when deciding what to take. A rucksack with 20 or 25 litres capacity is usually sufficient.

Luggage allowance on trip: 20kg
