## Heights Of Machu Picchu

Explore the highlights of Peru on this fascinating two-week trip. Along the way we discover Lake Titicaca, the birthplace of the Inca civilisation. From Cusco, the ancient Inca capital, we travel into the Sacred Valley to begin our four-day trek along the Inca Trail to the impressive mountain citadel of Machu Picchu.

### Why Book this trip

Our three night Inca Trail trek is designed so that we stay on quieter campsites away from the crowds. We also ensure that our porters are local people, so that the communities benefit from your visit, and we abide by the strict guidelines regulating both their working conditions and care of the Inca Trail. Our local partner also actively supports community projects in the villages of Mismanay and Ancocoto.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

#### Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

#### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

#### Trek Grade: Moderate to Challenging

Combining moderate grade walks with some more strenuous hikes. This grade is ideal if you are fit and want to challenge yourself with a few longer, more demanding trekking days, possibly on difficult terrain or at higher altitudes.

## Your trip itinerary

### Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

## Your Tour Leader

A Tour Leader is an integral part of any Explore tour and your tour will be led by one of our experienced Tour Leaders who have been handpicked and expertly trained. We believe that our Tour Leaders are the key to the success of our tours; they are passionate travellers who are bursting with first-hand local knowledge which they love to share. Your Tour Leader will also take care of all the planning and organisation throughout your journey. Their passionate approach will make this tour fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

### DAY 1 Join tour Lima

Arrive to Lima and check-in at hotel. Afternoon city tour of Lima. Lima, Peru's capital, was founded in 1535 AD by the Spanish conquistador Francisco Pizarro. It was built on the Pacific coast, by the Rimac River and close to the natural harbour of Callao, on land that had already been inhabited for thousands of years. Today Lima is a modern city, but there are obvious reminders of its ancient and colonial past. It is also gaining a reputation as a culinary centre.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** None

### DAY 2 Fly to Juliaca; drive to Puno

We fly up to Juliaca on the high Altiplano after a short city tour in the morning. On arrival in Puno we will take a short drive to Puno on the shores of Lake Titicaca, the highest navigable lake in the world at an elevation of 3860m, and also the legendary birthplace of the Inca civilisation. The local Aymara, Quechua and Uros people have larger lungs, hearts and spleens, and blood that is particularly rich in red corpuscles, so have adapted to high altitude living. We drive to our hotel in Puno, a lake side town, and relax and acclimatise for the rest of the day.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

### DAY 3 Visit Sillustani pre-Inca burial ground. Explore around Lake Titicaca

This morning we drive to the 'chullpas' (funeral towers) of Sillustani, which probably date from the 14th century. They are positioned on a peninsula overlooking a lagoon amongst stunning highland scenery. There is also the opportunity to visit a local farmers house (optional). In the afternoon we explore the small town of Chucuito, visiting the colonial churches, Inca fertility temple and the Titora Museum.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

### DAY 4 Free day. Optional visit to Uros and Taquile Islands

Today is free to explore the local area. We have the option to take a boat trip on Lake Titicaca to explore the floating reed islands, home to the Uros people who live on the lake itself. Their islands are made from totora, a reedlike papyrus that grows in the shallows and is used in most aspects of their life, including the construction of their boats and homes. We then continue to the less visited island of Taquile which has preserved much of its Inca and pre-Inca heritage and the islanders still speak the language of the Inca - Runa Simi or Quechua.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

### DAY 5 Travel through the Andes to Cusco

Today we follow the legendary route taken by the first Inca ruler - Manco Capac - on his way to find Cusco. Driving up to the northern limit of the Altiplano we cross Las Raya pass (4335m) and descend to Cusco visiting the Inca temple ruins at Raqchi en route. Depending on time, those who wish may visit the colonial church at Andahuaylillas. The scenery is desolate but magnificent and we may spot flocks of llamas and alpacas grazing on the windswept pastures. It is possible take an optional excursion from Puno to Cusco on the Andean Explorer Train. This needs to be pre-booked at the time of booking. However please note that the train will no longer be running from 1st May 2017.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 6 Visit to Sacsayhuaman and Pisac market

The old capital of the Inca Empire survives only in its ruins, imbued with an atmosphere of mystery and grandeur. The Spanish-style city of today's Cusco, with its attractive pink tiled roofs, arcaded plazas and steep winding alleyways, stands upon tremendous Inca foundation stones. The interlocking stones, assembled so carefully that a knife blade cannot be forced between the multi-sided joints, were highly functional as well as beautiful - they are earthquake-proof! During our stay, we plan to visit the remarkable market at Pisac, perhaps the most famous indigenous market in Peru. We will also visit Cusco's temple-citadel Sacsayhuaman which broods high above the town, its huge, zigzagging stone walls broken into 66 sharply projecting angles to catch attackers in a withering crossfire - It took 20,000 conscripted workers toiling for 90 years to finish this fortress. We also plan a walking tour of the lovely city of Cusco to see important Inca monuments, such as the Inca wall of Hatunrumiyoc with its famous twelve-sided stone. The stone, measuring some 5 feet across, has the typical bevelled joints which create the patterns of light and shadow on Inca walls.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 7 Commence Inca Trail. Walk to Llaqtapata ruins

We drive to Km 82, stopping at the Inca site of Ollantaytambo. The major highlight of the trip is without doubt the trek along the Inca Trail. The trail was first explored by Hiram Bingham in 1911 and opened for walkers in 1970. The famous ruins of Machu Picchu are not the only historical remains within the area: many other interesting sites are hidden in places which can only be reached on foot, and have scarcely been explored. Our trek starts by crossing the Urubamba river, then follow its rapids down the Sacred Valley of the Incas to Llaqtapata (2700m). Here we camp below the ruins of Llaqtapata. Today's 6km walk is expected to take around 2.5hrs with an ascent of 100m

Overnight: **Simple Camping**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 8 Follow river to Wayllabamba village. Continue to Llulluchapampa

Following the course of the Kusichaca river the trail leads to Wayllabamba, a quiet village of Inca origins and the last settlement on the route. We continue to Llulluchapampa (3800m) which affords stunning views of the snowy peaks around us. Here we set up camp for the night. Today's 12kms walk is expected to take around 6hrs with 1080m ascent.

Overnight: **Simple Camping**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 9 Cross 'Dead Woman's Pass' (4200m). Through cloudforest to Phuyupatamarca

Today we trek over the Warmiwanusca (Dead Woman) Pass (4200m), to the valley of the Pacamayo river with its tropical vegetation. We then cross the Runkuraqay Pass (3950m). Here the selva (jungle) becomes visible on the slopes of the mountains. Sayacmarca ruins are on a rocky promontory. They command an imposing view and have only one means of access, a narrow granite stairway. Our trail goes through cloud forest with vines, exotic flowers (among them orchids) and luxuriant trees, then on through an Inca tunnel and along a ridge above the Urubamba river to the lovely Phuyupatamarca ruins (3579m). The views of the Urubamba and (if we are lucky) the snowcapped peaks of Veronica (5750m) and Salkantay make these ruins one of the most beautiful places on the trail. We set up camp nearby. Today's 15km walk is expected to take around 9hrs with 1000m ascent and 630m descent.

Overnight: **Simple Camping**

 **Included Meals:** Breakfast, Lunch, Dinner

## DAY 10 Arrive to Machu Picchu through the Sun Gate

We descend to Winay-Wayna ruins (2591m), a small Inca city which, like Machu Picchu, was abandoned for unknown reasons. Then from Inti Punku - the Gate of the Sun - there is a sudden and fantastic view of the 'Lost City' itself, Machu Picchu, set in a grandiose landscape that amazes all spectators. We walk down through the site, then travel down to our simple accommodation in the town of Aguas Calientes situated on the valley floor below Machu Picchu. Today's 12km walk is expected to take around 6hrs with 1000m descent.

Overnight: **Simple Guesthouse**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 11 Revisit Machu Picchu. Return to Ollantaytambo by train. Continue by bus to Cusco

Our final morning is spent at Machu Picchu, probably the most astounding feat of engineering in all of ancient America. Temples, stairways, palaces and gabled stone dwellings are scattered everywhere, testifying to the energy and ingenuity of the builders. We have a guided tour with our Tour Leader then have some free time to explore further. It is also possible to climb the steep peak of Huayna Picchu to look down on the Temple of the Sun, or the nearby peak of Machu Picchu Mountain. (These must be pre-paid at time of booking. If you change your passport between your time of booking and prior to travel it is important for both the Inca Trail pass and these excursions that you bring your original passport with you). Later we return to Cusco by train and then by bus.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 12 Free day. Opportunity to go white water rafting

Today is free to relax in Cusco. Alternatively for those interested in archaeology, the Inca sites of Qenko, Puka Pukara and Tambo Machay are readily accessible. Or you may wish to go white water rafting (grade 2-3) on the Urubamba river (optional). No previous experience is necessary as instruction is given and all safety equipment is provided.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 13 Tour ends in Cusco

Our tour ends today in Cusco after breakfast.

 **Included Meals:** Breakfast

## Included Activities

Additional notes for tours that include the Inca Trail

1. In order to regulate the number of people walking on the Inca Trail it is necessary to buy an Inca Trail Pass specific to the days that you wish to travel. There are 200 passes per day for tourists, the remainder are for guides and porters.
2. If you are travelling on an Explore tour, Explore buy the necessary permit on your behalf. This is non-refundable and can't be refunded or transferred after you have confirmed your booking.
3. Passes sell out quickly, so we would urge that you book your tour well ahead of your intended travel date. New Inca Passes are released in early January of each year, so ideally we would recommend that you book your tour at least 6 months ahead and by December for the following year where possible.
4. Please note that due to the way the passes are distributed in January although a tour departure may be 'Guaranteed' we are unable to guarantee individual Inca Trail passes until we have confirmation that the passes have been purchased. On booking we will be able to tell you the date that your pass should be confirmed, and will contact you immediately in the (unusual) event that it is not. Because of this we would recommend that you either book your flights through Explore or ensure that your tickets are flexible / refundable.
5. In order to buy your pass we will need your: full name, passport number, date of birth and nationality. If you change passport before travelling it will be necessary to provide a copy of both passports in advance of travelling and to carry a copy of your previous passport with you.
6. The Peruvian authorities may change the regulations for the Inca Trail Pass at any time. In the event of this we will inform you as soon as possible.

## Preparing for your Trip

### DAILY DISTANCES

Day 7	6km	2.5hrs
Day 8	12km	6hrs
Day 9	15km	9hrs
Day 10	12km	6hrs
Day 11	1/1.5km	2/3hrs

Optional Walks

## Maximum Altitude on Trek (m)

4200

## Trekking Details

4-day trek walking for an average of 5 hours each day. Generally we walk between 3000m and 4000m, reaching a maximum altitude of 4200m. We have graded this trek as moderate to challenging.

## Altitude Description

This trip goes to an altitude where there is a risk of being affected by Acute Mountain Sickness (AMS), a common and usually harmless condition caused by reduced air pressure and a lower concentration of oxygen. Whilst the itinerary has been specifically designed to allow your body to acclimatise gradually, the speed of onset and severity - as well as the height at which AMS develops can vary

greatly between individuals; being physically fit affords no special protection. If symptoms occur while on tour you must let your tour leader know immediately. For further advice when travelling at altitude we recommend visiting the medical advice website of "Medex" and downloading their information booklet: [http://medex.org.uk/medex\\_book/english\\_version.php](http://medex.org.uk/medex_book/english_version.php)

Travellers with heart or lung conditions, anaemia, asthma, high blood pressure, or taking the contraceptive pill must seek the advice of their GP and specifically mention the maximum altitude the trip reaches (please refer to Tour Essentials box on front page of your Tour Notes). Please take the Tour Notes to your medical appointment so that your doctor has the full details of your trip.

You must have adequate travel insurance for your trip. Please ensure that your insurance policy covers you to the maximum altitude indicated above. If you have Explore insurance you will be covered to this altitude.

## Walking Boots

Walking Boots - We strongly recommend walking in good boots. Trainers, tennis shoes etc simply do not give the ankle support afforded by a decent pair of boots. Many people now trek in the lighter weight Goretex or leather boots sold under the brand names 'Karrimor', 'Berghaus' or similar and these are usually satisfactory. They have the advantage that they take little breaking in. The slightly heavier traditional leather walking boots are also good. Avoid the types often found in high street shoe shops which are simply cheap trainers with a higher canvas side sewn on - they give little support and will probably not last the trek. Above all, your boots must be well broken-in and comfortable. We do not recommend borrowing or renting boots. It is a good idea to carry your boots in your hand luggage on international flights or wear them - should your luggage be delayed, your well broken-in boots are the one thing which will be irreplaceable..

---

## Climate

### Peru

There is a rainy season from Dec - Mar however on the coast it rarely rains. Jun-Oct is damp and misty, but temperatures never drop below 10°C. At high altitudes although there are sunny days temperatures can drop dramatically, and conditions can change suddenly.

---

## Clothing

In the highlands conditions can be dry and sunny during the day but bring warm clothing such as a warm fleece, thermal underwear, warm hat and gloves. These will be needed when the temperatures drop, especially at night when temperatures can drop dramatically. Lightweight waterproofs are also essential. You may also wish to bring your swimsuit.

### Thermals:

Useful for walking when cold, around camp and much more practical (and warmer) to sleep in than pyjamas.

### Trainers or Trekking sandals:

Useful around camp, in towns and when travelling. Waterproof sandals are ideal for rafting.

### Socks:

Use good quality socks that you are used to walking in, plus liner socks if you are used to these.

### Waterproofs:

Breathable waterproofs not only protect against rain and wind, but also stop you from overheating.

### Thick jumper/fleece jacket:

A thick jumper or fleece jacket is necessary as nights can be very cold at altitude, especially in the summer months. Make sure that your waterproof jacket is loose enough to wear over your sweater or fleece.

### T-shirts:

We recommend t-shirts made from wicking materials as these keep you drier and warmer.

### Shorts:

Shorts can be comfortable to walk in but carry long trousers with you in case of strong sun or you feel cold. Remember we shall be passing through the occasional remote village and short shorts (especially on women) can give offence to the local inhabitants.

### Gloves and Hat:

Essential around camp in the morning, and in the evening, at higher altitudes.

---

## Equipment

Remember to bring: torch, water bottle, insect repellent, suncream (at least factor 30), lip salve, good quality sunglasses and sunhat. You may also wish to bring binoculars and your own sleeping bag.

### Sleeping Bag:

This may be down or synthetic, but should be 4-season. A cotton liner helps to keep your bag clean. You do not need a foam mat as thermarests are provided. It is possible to hire an appropriate down sleeping bag for the trek locally (US\$ 20).

### Personal Equipment On Trek

#### Trekking poles:

Trekking poles are recommended. Please note metal tipped trekking poles are NOT permitted so please ensure they have rubber/plastic tips

#### Water Bottle:

Water along the trail must never be considered as drinkable. The camp staff provide purified water each day with which to fill your bottle. Your bottle should hold at least one litre. Disposable plastic bottles are not allowed on the trail. Metal bottles can also double up as hot water bottles when hot water is available.

#### Torch/Batteries/Bulb:

A small torch is essential for finding things in your tent, visiting the 'toilet' in the night etc. Often a head torch is the most practical option as it allows you to have both hands free. Remember to bring spare batteries.

#### Toiletries:

Only bring essential toiletries such as toothbrush/paste, soap and a small towel. Wet wipes are great for a quick clean up in your tent.

#### Personal First Aid Kit:

On each trek a first aid kit is carried but you should have a blister kit, supply of plasters, pain relief etc. for your own use.

The following equipment list is provided by Explore for the trek:

- 2-person tents
- Dining tent
- Thermarest sleeping mat
- Stools and table

---

### Footwear

Your boots should be well broken in and comfortable. We do not recommend borrowing or renting boots. It is a good idea to carry your boots in your hand luggage on international flights or wear them - should your luggage be delayed, your boots are the one thing which will be irreplaceable. If you are rafting bring shoes that you don't mind getting wet.

---

### Luggage: On Tour

For your trek bring one main piece of baggage and a daypack.

#### Main luggage:

Your main bag should be lockable as this will be left in storage in Cusco whilst on the trek.

#### Trek Kit Bag (provided):

Before leaving Cusco there is time to re-organise your luggage. Your trek luggage, including sleeping bag, should be packed into a kit bag, to be carried by the porters. The weight limit for this is 7kg but you will probably find that you do not need this much. Advice on how to pack will be given at the trek briefing.

#### Small Rucksack/Daypack:

During the course of a trekking day, you do not have access to the luggage, which is being carried for you by the porters. In any mountain region the weather can change rapidly and you must be equipped for this eventuality. Your daypack should be large enough to carry your day things including: waterproofs, sweater, long trousers (if walking in shorts), warm hat and gloves, sun hat, suncream, water bottle, tissues and your packed lunch. Camera equipment can be heavy so think carefully when deciding what to take. A rucksack with 20 or 25 litres capacity is usually sufficient.

Luggage allowance on trip: 20kg

### Cool Earth

Explore are proud to support Cool Earth in their effort to reduce global carbon dioxide levels through the prevention of deforestation in the South America rainforest. Cool Earth focus on areas in immediate danger of deforestation, supporting local communities to be forest guardians. To date 350,000 acres of rainforest has been protected. Saving rainforest also protects rare animals and plants, allows local forest communities to maintain their way of life, and protects a major source of oxygen and fresh water. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers flights each year.

### Earth Matters

We are passionate about sustainable travel and work hard to create tours where your holiday delivers real benefits to the local communities. We minimise our impact by travelling in small groups, respecting local cultures, reducing waste and offsetting 100% of the CO2 from our flights.

When you travel with Explore, you are directly contributing to local economies and helping empower the people you meet. We currently support a range of charities and good causes, including: Toilet Twinning (helping to flush away poverty), Lone Buffalo Foundation (a community project based in Laos providing creative skills for young people) and have recently supported women's cooperatives in Borneo and Morocco. We are a member of Tourism Concern's Ethical Tour Operator Group ([www.tourismconcern.org.uk](http://www.tourismconcern.org.uk)) and support their campaign for fair and ethical tourism. We also care passionately about the world's wildlife and actively support and promote the Born Free Organisation and Mahouts Elephant Foundation.
