DAY 2 Ferry to the Island of Goree; Visit this UNESCO World Heritage Site

We begin our tour by taking a ferry to Isle de Goree, a small and peaceful island without any traffic. We will take a walking tour of Isle de Goree, a busy trading centre during the 18th and 19th centuries, which is now a UNESCO World Heritage Site. The town's architecture may make you feel you have been transported in time to an old-world Mediterranean district, due to the island's charming colonial-style houses, wrought-iron balconies, narrow streets and brightly coloured bougainvillea. Le Castel is situated on a rocky plateau with its fortifications dating back to different periods, and offers good views across to Dakar. Also worth visiting is the Slave House originally built in 1786.

Overnight: **Simple Guesthouse**
Single Room Available

 **Included Meals:** Breakfast

DAY 3 Visit the Pink Lake then transfer to St. Louis

This morning we return to the mainland by ferry and drive to Lac Rose - the Pink Lake. This large shallow lagoon is extremely salty and is also renowned for its pink tinge, caused by the high concentrations of minerals in the water. We continue north to St. Louis, a UNESCO World Heritage site for an evening at leisure in this quaint town.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 4 Djoudj bird reserve and St Louis;- Visit a charming french colonial town

An early start to visit Djoudj National Park, regarded as one of the most important bird reserves in the world. This national park provides the first major water source for migratory birds after their long and gruelling flight over the Sahara desert. We travel by motorised boat along the complex network of channels which lead off the Senegal River. The bird count reaches millions, some species are prevalent such as pelicans - there are as many as 15,000 in the park. We may see them performing an amazing display of synchronised diving for fish and will see a breeding colony. Around three million birds pass through the park annually which includes 400 different species - including herons, white-breasted cormorants, spoonbills, jacanas, Egyptian geese, West African fish eagles and flamingos to name but a few. You may also see crocodile, wild hog, monitor lizard and water python. We return back to St. Louis early afternoon in time for a break. Then mid-afternoon we will explore this marvellous old town by calesh (horse-drawn carriage). Full of 19th century French colonial buildings, this was the first French settlement in Africa and the Headquarters of Senegambia (the term used to describe the whole region). By the late 18th century St Louis was a busy port and trading centre and was inscribed a UNESCO World Heritage site in 2000.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 5 Explore the Langu de Barbarie by motorised pirogue

Today we plan to visit the Langu de Barbarie National Park, home to water birds such as flamingos, pelicans, cormorants, herons, egrets and ducks. From November to April they are joined by many more migratory birds from Europe. The afternoon is left free for you to follow your own interests.

Overnight: **Standard Hotel**

 **Included Meals:** Breakfast

DAY 6 Drive to Georgetown (Gambia) via Touba Mosque

Early this morning we head to the Gambia. En route we stop to view the astounding mosque in Touba, the sacred focus of the Mouride Islamic brotherhood. Their founder Amadou Bamba, Senegal's most famous and influential 'marabout' (holy man), is buried here and pilgrims visit the town all year round. We try to pass through here on a Friday when the Mosque is busy with worshippers. Continuing through the town of Kaolack we enter the Gambia and head east following the route of the river to our night's accommodation near Georgetown which was an important administrative centre during the colonial period. It may be possible to experience local traditional dancing after dinner.

Overnight: **Simple Rondavels**
Your own tent available

 **Included Meals:** Breakfast, Dinner

DAY 7 Cruise along the Gambia River; visit to Wassau Stone Circles

The Gambia River flows along the entire length of the country for 300 miles from east to west into the Atlantic Ocean. The banks of the river have been inhabited since 2000 BC and slave ships once travelled along its course exporting slaves. We spend the next two days on this mighty waterway, cruising downstream in a converted groundnut boat, passing tropical forest, bamboo groves, rice paddies and mangrove swamps. Amongst the varied fauna present in this area are monkeys, hippos, crocodiles and of course a great number of bird species. During this day we will visit the Wassu Stone Circles by bush taxi. There are several circles each consisting of about 10 to 24, reddish-brown stones between one and 2.5m high and weighing several tons. These were once burial sites dating back to 500 to 1000 AD, however very little is known about the people who were buried here and the stones still present a mystery to archaeologists. We will stay 1 night on board a motor cruiser. Facilities on board are simple with a western-style WC, a small kitchen and bar. At night we sleep on the upper deck on mattresses, whilst during the day you can relax on the upper deck in the sun or on the lower deck with seating under the shade.

Overnight: **Simple Boat**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 8 Cruise to Tendaba

Today we continue our gentle cruise downstream enjoying the flora and wildlife of the river banks as we go. We will arrive in the small settlement of Tendaba on the Gambia's south bank at the end of our cruise. On arrival we leave our boat and check in to our accommodation for the next two nights on the shores of the Gambia River. Whilst staying at Tendaba you may have the opportunity to visit a local school in a nearby village.

Overnight: **Standard Rondavels**

Single Room Available

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 9 At Tendaba; visits to Kiang West and Bao Bolong Wetland Reserves

This morning we take a game drive in Kiang West National Park. One of the largest protected areas in Gambia it boasts the largest and most diverse animal population in the country among is mangrove, grass and woodland. During our time here we look out for baboons, colobus monkeys, warthog, marsh mongoose and bushbuck. Later this afternoon we make another excursion to nearby Boa Bolong Wetland Reserve by boat. A tributary of the Gambia River, the Bao Bolong is most famous for its birdlife with more than 250 species in the area, including the impressive martial eagle and the bateleur.

This morning we cross the Sine-Saloum Delta by traditional pirogues (motorised canoe) for approximately 4-5 hours. We weave our way through the maze of wide channels, past mangroves, open forests, sand islands and villages built on islands constructed with oyster shells. We may also chance upon pelicans and flamingos. The afternoon is free for relaxation at Ndagane, our destination for tonight.

Built on a small island, many buildings are composed of oyster and clam shells, whilst the inhabitants are both Muslim and Christian and live together peacefully. The Christian and Muslim cemeteries are built on a huge ancient shell mound, and are worth a visit. On arrival in Dakar there should be time to explore this vibrant city
