DAY 1 Join tour Addis Ababa

Addis is situated at an elevation of around 2438m and is only about a century old. It has some elegant modern buildings and is quite spacious with wide streets and green areas. It remains the capital of a predominantly rural area. This afternoon we will make an orientation tour of the city visiting the two major highlights of the city, the Ethnographic Museum and the church of the Holy Trinity, whose large dome and slender pinnacles make it a landmark in the city.

Overnight: **Standard Hotel**

 **Included Meals:** None

DAY 2 To Debre Markos via the holy site of Debre Markos

Today we start our journey and drive to Debre Markos paying a visit to Debre Libanos on the way. It is not hard to see why Debre Libanos was selected as a holy site. For hundreds of years it was probably the most holy site of the Ethiopian Orthodox Church. It was founded by Saint Tekle Haymanot, who Christianised much of present day Ethiopia and today one of its most revered saints. The current church was built in the 1950s, and the site is impressively set beneath a cliff on the edge of a gorge and is a peaceful place to wander. It is here in a nearby cave that Tekle Haymanot reputedly stood on one leg for 7 years. It is believed that he survived on one seed a year, fed to him by a bird and as a result of this habit his leg fell off.

DAY 3 To Bahar Dar via the Blue Nile; visit the Tississat Falls

The Blue Nile begins its journey in the Ethiopian highlands, many believe from the waters of Lake Tana itself and from there continues its epic odyssey, joining forces with the White Nile at Khartoum, before finally reaching its end at the Mediterranean, some 2,750 miles away. Situated on the shores of Lake Tana, Bahar Dar is the capital of the Amhara region and an important centre for trade and commerce. Over the centuries it's been the sight of a number of temporary capitals for Ethiopian kings and its setting on the shores of the lake makes it an attractive town to base ourselves as we explore more of the surrounding area. This afternoon we visit Tississat Falls, Amharic for 'water that smokes' located about 32km south of Bahar Dar. After crossing a 16th century Portuguese built bridge, we plan to walk up the hillside on an easy path to a viewpoint (approximately 45 minutes). From here we hope to see the falls, measuring some 400m across and dropping 45m into a deep chasm (viewing of the falls is subject to local authorities allowing water to flow from the Blue Nile dam).

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 4 Boat trip on Lake Tana; drive to Gondar

We spend this morning aboard a boat travelling on Lake Tana visiting some of the historical places which have been used for refuge over the centuries. These secure lush islands have protected Christian emperors and their riches during times of upheaval and invasion, and might even have played host to the Ark of the Covenant. Small well-protected churches still contain religious treasures within their sanctuaries, including crowns and chalices. We hope to include visits to Ura Kidane Mehret and Azwa Mariam on the Zeghie peninsula, dating back to medieval times and containing valuable manuscripts and vestments. This afternoon we will continue our journey by driving to Gondar.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 5 In Gondar; visit Debre Berhan Selassie church and castle complex

Located on the high plateau, Gondar was once the imperial capital of Ethiopia for 200 years. Gondar's most famous monuments are its exceptionally well preserved 17th century castles. The largest and best is that of King Fasilidas. It is a stone-built construction with round turrets and wooden balconies. The king also built a remarkable bath a mile or so outside of town known as the 'Pavilion of Delight'. This whole complex of buildings is unique in Ethiopia and unlike anything found elsewhere in Africa. This afternoon, as well as visiting the castle ruins, we'll also make a visit to the Debre Berhan Selassie Church famed for its ceiling frescoes of many faces.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 6 Drive to Debarik; walk in the Simien Mountains

A morning's drive takes us to Debarik in the Simien Mountains. The range lies north of Gondar and many of the peaks rise above 4000m, with the highest peak of Mt. Ras Dashen at 4543m being the fifth highest in Africa. The mountains are criss-crossed with tracks worn out by the local people travelling from village to village or moving their animals to fresh pastures. The combination of these tracks and the spectacular scenery make for excellent walking. We will take a short trek this afternoon to enjoy this region. There maybe time today to visit Wolleka Falasha village. The Falasha Jews are thought to have arrived in Ethiopia 3,000 years ago at the time of King Solomon and the Queen of Sheba, but their history is shrouded in mystery. The name Falasha means 'exiled' in Amharic,

and they themselves claim decent from Moses - it is interesting to note that according to the Bible, Moses took an Ethiopian wife. Almost all of the Ethiopian Jews were taken to Israel during the wars and famines of the 1980s and 90s, but they have found it difficult to assimilate themselves into the modern Israeli lifestyle.

Overnight: **Simple Hotel**

 **Included Meals:** Breakfast

DAY 7 Drive to Axum; the former capital of the Ethiopian empire

Although the roads are rough and dusty, the views in this remote part of Ethiopia are simply spectacular and more than make up for them. The drive affords some excellent photo opportunities of the jagged Simien Mountains and the Tekeze Valley. The route is dotted with intermittent mountain hamlets that add to the splendour of the scenery. Our journey brings us to the sacred city of Axum in the Tigrayan region, that was the capital of the Ethiopian empire between the 1st and 10th centuries AD. As the birthplace of Christianity within the country, it was also a bustling commercial centre. Should the road to Axum be impassable due to local conditions, we plan to return to Gondar and fly to Axum.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 8 Sightseeing in Axum

Evidence of Axum's former importance now lies at several points in or near the town. Ruined fortresses, palaces and churches, plus an abundance of giant obelisks or 'stelae', carved from enormous slabs of granite stand as mute reminders of its former glory. Axum makes claim to be the final resting place of the sacred Ark of the Covenant. But while its local guardians continue to celebrate the legend, the object of their veneration is kept strictly under wraps.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 9 Drive and visit Yeha and Adwa; continue to Adigrat

Today we head east from Axum to Yeha, said to be Ethiopia's oldest settlement, probably dating back almost 3,000 years. A large temple, dedicated to the moon god Ilmuqah, is related to other pagan temples to the same god in Yemen, indicating connections across the Red Sea from the earliest times. The temple was later converted into a church in the 6th century, but still has wonderful friezes of ibex carved into the façade. En route we shall make a visit to the important town of Adwa, set amidst rugged mountains. It was at Adwa that the Ethiopians became the first African nation to repel a colonial power, when they defeated the Italian army in 1896. Since then, Ethiopia has been a symbol of African independence, free from European control. We will visit the Saturday market here. This afternoon we continue to the town of Adigrat.

Overnight: **Simple Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 10 Visit Tigray churches; continue to Mekele

Today we head into the Tigray region to discover the remarkable rock-cut churches. These architectural gems were created prior to the 16th century and unknown to the outside world until the 1960s. About 150 are now known to be in existence with all but a handful still in active use by the orthodox Christian community. We look to explore two clusters including Abreha We visit Atsbeha and the sandstone church of Chirkos at Wukro with its cruciform pillars and barrel vaulted ceiling. We will also make a visit to the Negash Mosque and tombs which is the most important Islamic site in Ethiopia and the oldest mosque outside Arabia!

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 11 Scenic drive to Lalibela

A full days drive today takes us to the south, between the mountains to the west and the stark landscape of the Danakil Depression to the east, via the town of Woldiya, to arrive at the remarkable archaeological site of Lalibela.

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 12 In Lalibela; visit rock cut churches

We spend today exploring one of the world's most remarkable historic sites. Although churches carved in rock are found in other parts of the world, those found in Ethiopia are particularly interesting. Generally, they were excavated on all sides of a rectangle, leaving a large block of stone isolated in the centre. This rock was then shaped and formed both inside and out and the carvings show extremely skillful workmanship. Lalibela, the 'New Jerusalem', is thought to have been constructed some 800 years ago by King Lalibela. Lalibela was his capital city, but today it is a small village, virtually cut off from the outside world. Our tour this afternoon involves a certain amount of scrambling through a labyrinth of tunnels. The churches stand in two main groups on either side of a stream, known locally as 'The River Jordan'. There are 11 rock-cut churches of which the most impressive is Bet Giorgis. It is carved in the form of a Greek cross and approached through a passage in the rock. Between them, these rock-cut churches are one of the great wonders of the world. Most churches have a permanent roof built over them to preserve them and are listed as a UNESCO World Heritage site.

Preparing for your Trip

Climate

Ethiopia

Ethiopia is generally pleasant and warm, but varies with altitude. The long rains usually arrive mid- June to early September and the short rains between mid-February and April although this pattern has been completely erratic in recent times. After the rains, the highlands of northern Ethiopia are usually green and thus particularly scenic. The temperature all year round rarely falls below 18°C. Night-time temperatures in the mountains can be cold and can drop below freezing at higher altitude. There is a strong risk of sunburn at high altitude in Ethiopia. Additional information and climate charts can be accessed at <http://www.explore.co.uk/weather>. Seasonal weather patterns can be unpredictable. Up-to-date information on the weather worldwide can be found by following the BBC weather link on this page.

Clothing

Daytime temperatures are mainly warm and comfortable but evenings in the highlands can be cool. We recommend a thick sweater or warm fleece and lightweight wind/waterproof clothing. Take a sun hat.

Equipment

Sun cream, a torch, memory cards for cameras. Insect repellent against fleas could be useful for the churches at Lalibela. You may want to consider taking walking poles for support on walks.

Footwear

Good walking shoes with ankle support are highly recommended as well as comfortable sandals.
