DAY 1 Join tour Seville

Arrive in Seville and check-in at the hotel. The Andalusian capital can trace its ancestry back over two thousand years. It is now home to three UNESCO World Heritage sites and is one of the three largest Old Towns in Europe (Venice and Genoa being the other two). Your time is free to make your first impressions of this lively city.

Alcoba del Rey

Jacuzzi. It is located next to the Basilica de la Macarena, about 5 minutes taxi ride or 20-25 minutes walk from Seville Cathedral and the historic centre.

DAY 2 Orientation walk in Seville

This morning we take a walk through the city, taking in its beautiful 'Mudejar' architecture (a mixture of Christian and Moorish styles), culminating in a visit to the Alcázar. This afternoon has then been left free, offering a chance to visit the city's immense Gothic Cathedral, and perhaps even enjoy the views from the top of the Giralda Tower.

DAY 3 Train to Cordoba

Today we take the train to Cordoba. Standing on the banks of the Guadalquivir river, Córdoba was one of the most brilliant Moorish cities and is for many, the most beautiful city in Spain. The Arabs established themselves in Córdoba as early as 719AD, and before that the Romans had left their own mark here. The Roman philosopher Séneca (who was compelled to commit suicide by Nero) was born here. Córdoba has a wealth of treasures locked away in its back streets with secluded patios tucked behind delicate iron grills. The medieval synagogues in Córdoba and Toledo are the only two which remain in Spain today, Córdoba synagogue dates back to the 14th century. This afternoon we visit the renowned Mosque (Mezquita), an extraordinary and unique building where history has superimposed two faiths and erected two oratories on the one site (local guide optional). The early massive structure dates back to the 8th century, its roof supported by a forest of 850 coloured columns. Its jewel is the gleaming and superbly decorated Mihrab, which has survived in its original state. In the evening we suggest you take in some traditional flamenco music and dancing (optional).

Las Casas de la Juderia

This charming hotel is centrally-located just a few minutes from the Mezquita. The property is made up of attractively converted 17th and 18th-century houses interconnected with lovely gardens, fountains and patios. There is an outdoor swimming pool, restaurant, bar and Wi-Fi in all public areas.

DAY 5 Drive to Cazorla

This morning we drive by bus to the ancient town of Ubeda, set amid myriad olive groves on the borders of Andalucía and La Mancha (memories of Don Quixote!). Its fine cathedral, seignorial mansions and other edifices in golden stone give an idea of the reconstruction after its recapture from the Moors. We continue to Cazorla, an attractive mountain town nestling in a spectacular natural amphitheatre, overlooked by two Moorish castles. The steep, winding streets, whitewashed houses and balconied windows of its old quarter are full of character. An afternoon orientation walk immediately puts us in touch with the 'real' Spain.

Villa Turística

Single Rooms Available

DAY 6 El Chorro Walk

Those interested in a full day walk (6-7 hours approx) can join our tour leader on El Chorro walk. This involves an initial 2-3 hours' climb, following a path to an isolated Franciscan monastery. We continue to the spectacular gorge of El Chorro where we stop to picnic and marvel at the aerial gymnastics of the local avian population. Our return route provides excellent views over the surrounding countryside. The dark olive groves and (in season) the crimson splashes of poppies against the scorched earth appear as an impressionist painting. Finally we descend the valley back to Cazorla.

DAY 7 Bus to Granada

In the morning we travel by charter bus to the famous Andalucian city of Granada. The Arabic name 'Al Andalus' was given to the part of Spain under Islamic control for some 800 years. We include an afternoon orientation walk around the city which indicates the main points of interest including the Albaicín, the old Moorish quarter where many Islamic traditions are retained, giving the city its characteristic look of white walls and narrow streets. From the highest point are spectacular views across to the Alhambra and Generalife with the Sierra Nevada as a backdrop. When dusk falls, we suggest a stroll around the old Moorish Quarter to see its illuminated patios.

La Casa de la Trinidad

Set in an impressive building dating from the early 19th century, the hotel is located in the old town of Granada - just 2 minutes walking distance from the cathedral. Each of the 36 rooms has Wi-Fi.

Single Rooms Available

DAY 8 Visit Alhambra; Free PM

A major highlight of our trip is our guided visit of the magnificent palace of the Alhambra. In 1239 Muhammad al-Ahmar, founder of the Nasrid dynasty and Sultan of Granada, began work on this, the finest example of Moorish architecture outside the Arab world. The fabulous decoration in stucco, both inside and outside the buildings, reveals the purest expression of a sophisticated civilisation just before its decline. We also visit the Generalife, one of the most beautiful landscaped gardens in the world, which surrounds the summer residence of the Caliphs. It is possible to spend all day enjoying the Alhambra and Generalife, and those who wish to, may stay on after our visit.

DAY 10 Free time in and around Ronda

Today is left free, you may choose to spend more time exploring Ronda itself or going off for walks in the nearby countryside. A walk down into the gorge and strolling along the bottom of the rocks where the old town is built on gives you a very different vantage point of the town.

DAY 11 Drive to Grazalema

After a free morning in Ronda we will transfer to Grazalema, a delightful white village nestled beneath the limestone peak of San Cristobal, Grazalema is famous for hand-woven blankets first introduced during Moorish times and they are still made here on big old wooden looms. The village is a perfect base for walking. The Grazalema Parque Natural is one of the most stunning and ecologically important parks in Spain. The park is a micro-climate with the highest average rain fall in Spain and contains an ancient forest of Holm Oak and Montpellier Maple. You may get the opportunity to see buzzards and eagles soar high above, while mountain goats graze the mountain slopes. Those wishing to relax can ramble around the cobblestone backstreets whilst others might choose to go off for a walk into the hills.

Hotel Fuerte

DAY 12 In Grazalema

Grazalema by many is viewed as the archetypal Sierra town, and its peaceful beauty is in perfect accord with its surroundings. Spending time in this village gives us the opportunity to try different walks through the rolling countryside and to nearby villages such as Benaocaz (4-5 hours). Spending time soaking up the atmosphere in the village square will give you a real taste of rural Spain and makes a fitting end to the walking part of our tour.

Preparing for your Tour

Climate

Spain

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round.

Clothing

Outside of the summer months of June to September, Andalucia is generally mild, though the region of the Sierras (highlands) is subject to rain and if you intend to walk we strongly recommend you bring waterproofs. In addition during this time a warm sweater or fleece, is also recommended. Warm nightwear is advised as hotels are not well heated. Lightweight cotton clothing is advised from June to September.

Equipment

During the summer months we recommend you bring a sunhat and sunscreen as temperatures can be very high. A water bottle and a torch is essential. Walking poles recommended.

Footwear

Walking boots or shoes are strongly recommended for the walks in the Sierras, ideally waterproof just in case, plus comfortable trainers for walking around towns. Sandals are useful in summer.

Luggage: On Tour

One main piece of luggage and a daypack. We recommend a soft kit bag rather than a hard suitcase as we use a variety of public transport and taxis on this tour. A daypack is essential for walking in the Cazorla/Grazalema regions. Remember you are expected to carry your own baggage - so don't overload yourself.

Luggage allowance on tour: 15Kg

General Information

Food

The prices for meals and drinks can vary greatly depending upon location and the prices detailed below are an average guide. In general you would expect that drinks purchased in a supermarket or local bar to be less expensive, whilst drinks in an upmarket bar or restaurant may be more expensive. The costs for meals may vary depending upon location, type of restaurant and number of courses eaten and so the prices given are an average guide. Local restaurants located off the beaten track may be less expensive, whereas an upmarket restaurant located in the centre of a major city may charge more.

Cool Earth

Explore are delighted to support Cool Earth to reduce carbon emissions through preventing the illegal deforestation of the South America rainforest. One of the top sources of global carbon emissions, rainforest deforestation equivalent to the USA's annual emissions, it also destroys flora and fauna, sometimes to the point of extinction. It also degrades the lives and communities of the 350 million residents of the rainforest.

Cool Earth prevents the deforestation through its support of local communities as forest guardians and by focussing on areas in immediate danger of deforestation. It has so far protected over 350,000 acres of rainforest, with each acre saving an emission of 260 tons of CO2, as well as protecting rare animals and plants. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers flights each year. In addition to mitigating emissions, when you travel with Explore, you are helping to protect the source of 20% of the world's fresh water and oxygen, as well as the livelihoods of the 1.6 billion people who are reliant on the rainforest. www.coolearth.org
