Wild Scotland - M/V Polar Pioneer

Explore Scotland's wild islands, home to some of the world's largest seabird colonies, including adorable puffins and noisy Arctic terns. The Scottish isles are a bird watcher's paradise with species such as fulmars, kittiwakes, guillemots, gannets and shags, too. Your ship will get you as close to the highlights as possible, but you can also take to the water in Zodiacs and kayaks to really get the most out of your wildlife experiences - seals will frolic near to you, and whales and dolphins will swim around you. Back on land, discover ancient sites, huge monoliths and remote, picturesque villages in the Hebrides, Shetlands and little-visited, tiny isles surrounding the mainland. This is a diverse exploration of rugged and remote Scottish islands from a unique vantage point.

Ship Description

Polar Pioneer is a Finnish ex-research vessel, refurbished to provide an adventurous journey in the polar regions; its ice class means it has excellent manoeuvrability. The vessel accommodates only 54 passengers, meaning more time with the experts and a friendly on-board experience. Informed crew and experts will ensure you learn about how a polar expedition runs, your unique surroundings and the wildlife; Zodiacs will take you to shore for close encounters.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Premium

Our comfortable accommodation is hand-picked and chosen for its character, location or local importance. These properties have excellent facilities and a higher level of comfort and service.

Your trip itinerary

Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

DAY 1 Set sail from Oban

Board the Polar Pioneer around mid-afternoon in Oban and, after settling in, set sail in the evening.

 **Included Meals:** Dinner

DAY 2 Isle of Skye, Barra, Rum and Iona

From golden beaches to jagged peaks, bleak moors and heather clad hills, and from abandoned settlements to picturesque villages, your days in the Hebrides will be packed with variety. You'll explore remote lochs beneath some of Britain's most untamed mountains, wander between the bizarre rock formations of Skye's Quiraing, watch for whales, dolphins, otters and seals, or land at an island reserve that is home to red deer and white-tailed sea eagles.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 3 Isle of Skye, Barra, Rum and Iona

You may have the chance to sample single malt whisky at a distillery, or marvel at Fingal's Cave, where the melodious sound of waves crashing against towering basalt pillars inspired Mendelssohn's Hebridean Overture. The rugged island of Skye, named after the Norse word for cloud, is a hiker's paradise. It is a centre of Gaelic culture, and some islanders still speak the language. Hopefully, there will also be the time and right conditions to explore options on other, smaller islands to the west of Scotland, such as Barra, the Isle of Rum and Iona. It may also be possible to visit some fascinating spots along the coast of the Scottish mainland.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 4 Saint Kilda and surrounding islands

Island hopping north and east, we aim to visit tiny specks of land that bear the brunt of ferocious Atlantic storms. If weather and seas permit, you will be able to explore Saint Kilda, a World Heritage Site, where derelict crofts bear testament to the fortitude of hardy islanders that once dried seabirds for winter food. On Lewis, there's the chance to visit Carloway Broch, and stroll among a mini Stonehenge at Callanais. Home to breeding seals and vast seabird colonies, Flannan, North Rona and Foula boast spectacular cliffs, fantastic rock stacks, hidden beaches and luxuriant heaths where sheep once grazed.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 5 Saint Kilda and surrounding islands

Exposed to the full ferocity of Atlantic gales, the inhospitable volcanic stacks of Saint Kilda boast Britain's highest sea cliff (430 metres tall), and were once home to one of Britain's most remote communities. The settlement's last 36 residents were evacuated to the Scottish mainland in 1930, when the Scottish Office ceased to subsidise the community. The islanders had eaten seabird eggs, dried gannets and fulmars for winter food, and used their feathers, oil, bones and skins for fuel, tools and shoes.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 6 Saint Kilda and surrounding islands

In favourable sea conditions it's possible to land on Hirta, the largest island (3.2 kilometres by 1.6 kilometres), to visit derelict crofts and the ancient chape. One of Europe's most significant seabird breeding colonies, with over 200,000 breeding pairs of all species, Saint Kilda is home to Britain's largest colonies of gannets, fulmars and puffins. It remains home to Soay sheep, perhaps brought here by Stone Age man over 5000 years ago.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 7 Shetland Islands

Britain's most northerly islands lie almost 160 kilometres north of the Scottish mainland, at a similar latitude to the southern tip of Greenland, or Bergen in Norway. Kept relatively warm by the Gulf Stream, Shetland's 100 islands experience almost 24 hours of daylight in summer. They abound with nature reserves and archaeological sites, and offer a taste of traditional island life.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 8 Shetland Islands

We plan to visit some of Shetland's best preserved and most complex archaeological sites of brochs, or fortified Iron Age towers, as well as some of the world's largest colonies of sea birds.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 9 Orkney Islands

Mid way between Orkney and Shetland, Fair Isle houses a major European ornithological research station, and is also famous for knitwear and historic shipwrecks. About 4.8 kilometres by 3.2 kilometres, it is surrounded by impressive cliffs. The 70 or so islanders mostly live in traditional crofts on the more fertile low-lying southern part of the island. A bird watcher's paradise, Fair Isle lies on the intersection of major flight-paths from Scandinavia, Iceland and Faroe. It attracts common species and also eastern rarities such as the lanceolated warbler. In summer, the cliffs teem with breeding fulmars, kittiwakes, guillemots, gannets, shags and puffins, and it is an excellent place to view seabirds at close range, especially puffins. The island also has over 250 species of flowering plants, including wetland flowers, rare orchids, alpine species and common wildflowers. You'll be welcomed by the hospitable villagers and may take a hike or visit the museum.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 10 Orkney Islands

Among Orkney's archipelago of 70 windswept islands, lying 9.6 kilometres north of the Scottish mainland, a rich tapestry of archaeology, history and wildlife awaits. You follow the passage of time - from 5000 year old World Heritage neolithic sites, past relics from wandering Vikings and reminders of World War II occupation, to present day crofting communities. Imposing sea cliffs teem with seabirds and cliff top paths and bleak moors beckon keen hikers.

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 11 Aberdeen

Upon arrival in Aberdeen, disembark and continue homewards.

 **Included Meals:** Breakfast

Preparing for your Trip

Climate

United Kingdom

The UK has a temperate but very variable climate. In general the summers are warm with July and August being the warmest. The winters are cool and the lowest temperatures are recorded during January and February. Whatever the season it is advisable to be prepared for rain!

Clothing

Parkas
A complimentary parka is provided for you on board the ship and is yours to keep after the voyage. It has a comfortable wind-resistant inner jacket, which is detachable from the waterproof outer shell, and is designed to be worn over your essential base layers.

Gloves
Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap
Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers
Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks
Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing
Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.
