Your trip itinerary

Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

DAY 1 Copenhagen to Kangerlussuaq

Fly from Copenhagen to Kangerlussuaq in the evening. On arrival, you will be transferred to the sturdy M/S Fram.

M/S Fram

 **Included Meals:** None

DAY 2 Sisimiut

As we cruise north, you can look forward to encountering gigantic icebergs, fjords and spectacular landscapes, as well as small villages, settlements and larger towns. Sisimiut is the second largest community in Greenland and is situated 40 km north of the Arctic Circle. Here you'll find fishing trawlers, a shipyard and a busy fish processing factory. We recommend a visit to the arts and crafts workshop close to the pier. Watch the local craftsmen at work as they create traditional jewellery. Here you will have the opportunity to purchase some of their handicrafts and local souvenirs.

M/S Fram

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 3 Qeqertarsuaq

Qeqertarsuaq is situated on the old volcanic island of Disko and plays host to the Arctic Station, part of Copenhagen University, studying flora, fauna and the climate. Enjoy a stroll along the beach with its grounded icebergs or join the walking tour to Blæsedalen, an area rich in high Arctic flora.

M/S Fram

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 4 Qasigianguit

Qasigianguit, known as the Pearl of the Disko Bay, is the second oldest town in Greenland and was founded in 1734. The oldest house is still in use, and archaeology and history buffs should definitely pay a visit to the local museum. Explore the settlement on your own, or join the excursion, which includes a settlement walk, entrance to museums and a visit to the church.

M/S Fram

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 5 Uummannaq / Ukkusissat

The town of Uummannaq is situated in scenic surroundings at the foot of a 1170 m heart-shaped mountain. Here, you can join a walking tour, or just stroll around this beautiful town on your own. There is also the opportunity to take an optional boat excursion to Qilakitsoq, where mummies from the ancient Thule era were found. In the early evening, we call at Ukkusissat, a traditional hunting and fishing settlement of about 190 welcoming inhabitants. When we arrive, the locals will greet us at the pier and entertain us with traditional songs and dances, before proudly welcoming us to their village. Once ashore you may stroll around on your own.

M/S Fram

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 6 Illorsuit

Illorsuit lies at the mouth of the Uummannaq Fjord. There are only 90 people living in this settlement. It is a traditional hunting and fishing community, and you are likely to see whale meat and fish drying on the front porch right next to the laundry on several of the houses. It is a place rarely visited by tourists, so we are probably as much of an attraction to the locals, as their village is to us. Later we will land in Illorsuit to visit this settlement.

M/S Fram

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 7 Upernavik

We hope to visit a location near Saqqaq, that was without an official name until 2013. The place has special significance to one the expedition crew members of the M/S Fram, Friederike Bronny. As a young geologist student, she spent a year in a tent in this small

valley and also visited the spot several times later as an Expedition Leader. A few years ago, the ship was planning on making a landing here and the captain needed to inform the authorities. As the location had no name, the captain advised the authorities that on board, they refer to this spot as 'Camp Frieda' after their Expedition Leader. A short while later, the authorities relayed that they had now infact officially named the spot as Camp Frieda.

M/S Fram

Included Meals: Breakfast, Lunch, Dinner

DAY

8 Qullissat / Eqip Sermia

Arriving in Qullissat, we will go ashore and you will have time to visit the settlement on your own. If ice conditions allow, we will hopefully be able to enjoy the stunning views of the Eqip Sermia glacier. Here you will have an outstanding opportunity to experience glaciers first-hand and sense the vastness of their nature. The Equip Sermia Glacier calves icebergs into the open ocean and we will use the Polar Circle boats to go ashore where we hope to enjoy a barbecue dinner, with a view over the glacier.

M/S Fram

Included Meals: Breakfast, Lunch, Dinner

DAY

9 Ilulissat

The meaning of Ilulissat is icebergs and the Ilulissat Ice fjord was inscribed to the UNESCO's list of World Heritage Sites in 2004. The floating icebergs form impressive sculptures against the Arctic backdrop, with colours varying depending on the light. Hear the icebergs' soundtrack of crackling and rumbling, as the sounds echo from one end of Ilulissat to the other. Our shore excursions include hikes, an historic town walk and a boat tour to the ice fjord.

M/S Fram

Included Meals: Breakfast, Lunch, Dinner

DAY

10 Itilleq

We continue our journey South and in the early afternoon, we reach the small settlement of Itilleq. Itilleq means the hollow and as its name suggests, the village is situated in a hollow, majestically surrounded by high mountains and glaciers. It can truthfully be called the Arctic Circle Village as the Arctic Circle is indeed found only 200 metres to the south. The 130 people who live here are mainly engaged in hunting and fishing activities. The island has no fresh water so its inhabitants have to use a facility that makes fresh water from seawater. The town's church has an interesting history; it was built in Thule (Umanak, North Greenland) in 1930 and was moved to Itilleq in 1963.

M/S Fram

Included Meals: Breakfast, Lunch, Dinner

DAY

11 Kangerlussuaq to Copenhagen

Kangerlussuaq is situated in the end of the Kangerlussuaq fjord. The settlement and airport lies just north of the Arctic Circle and is one of the best places to observe native wildlife. Take the opportunity to join one final excursion to the Greenland Ice Sheet. This vast, icy, wasteland stretches 1,500 miles north and reaches heights of up to 3,200 metres above sea level. The road to the edge of the Ice Sheet boasts beautiful natural scenery, ranging from Arctic desert and tundra with low-growing shrubs, to hilly terrain offering breathtaking views over the landscape. You will leave the M/S Fram in the evening and will be transferred to the airport in Kangerlussuaq for your onward flight to Copenhagen.

M/S Fram

Included Meals: Breakfast, Lunch, Dinner

Greenland

Preparing for your Trip

Climate

Arctic Region

The average temperatures in the Norwegian Arctic is approximately 5 degrees centigrade during the summer months (June-August.) It can however feel significantly colder with the wind, so be prepared for colder temperatures.

Greenland

Clothing

Pack comfortable, casual clothing for all activities. Wind and waterproof outer layers are essential, and a jacket is provided in the cost of the cruise. Beware of tight clothing that leaves no room for trapped air, which is an excellent insulator. Wool, silk and some of the new synthetic fibres, like polar fleece, retain heat better than cotton.

Parkas

A wind and waterproof jacket is provided as part of the cost of your holiday.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing

Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Equipment

Sunglasses and sun cream

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards (and something to protect the camera when out in the elements)

Seasickness remedy

Walking poles

Footwear

Waterproof boots are available on-board, free of charge. Ensure that you take good walking boots with you and comfortable trainers or grip-type shoes, for relaxing on the ship and for when out on deck.

Luggage: On Tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Luggage allowance on trip: 20kg
