Classic Antarctica - Fly and Cruise

Fly to Antarctica...

The unique Fly and Cruise format of this Antarctica itinerary offers the benefit of speed and comfort. Instead of spending multiple days sailing from South America, across the notorious Drake Passage, which is renowned for its stormy waters, you will board a four-engine jet and in just about two hours arrive in Antarctica, where your ship will be waiting.

You can then set about your wildlife-watching along the western coast of the Antarctic Peninsula and the South Shetland Islands. Each day (hopefully) you'll be able to explore the peninsula by Zodiac, for great photographic opportunities; you'll also enjoy lectures and presentations from on-board experts.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Tour Comfort: Comfortable

Hand-picked and chosen for their character, location or local importance, these properties have excellent facilities and a higher level of comfort and service. They provide the perfect wind down after an active day.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Tour Pace: Relaxed

Easy paced tours with plenty of time to relax and absorb the sights and immerse yourself in the local surroundings.

Antarctica Region

Water £: The mighty seventh continent is the last true wilderness of significant size and is as far away from human influence as it's possible to get without leaving the planet. Antarctica is the coldest, driest and windiest place on Earth with no trees or rivers. Despite this, for a few weeks each year, its perimeter supports an astonishing array of life. Thriving rookeries of noisy penguins adorn the summer shores patrolled by skua hunting for an easy meal. In the sea, millions of tiny krill support a thriving population of whale and seal species while in the air albatross soar on the ocean breeze. Antarctica has a stark beauty which is without comparison. Ice-choked channels and snowy landscapes provide ever-changing scenes of beauty which are without comparison. Giant tabular icebergs calved from the edges of the ice shelf float majestically through the waves, their perfectly flat tops resembling giant aircraft carriers of epic proportions. This icy land has long been a draw for adventurers and explorers. In the early 20th century the likes of Scott, Amundsen, Oates and Shackleton all pitted their wits and strength against the harsh conditions. Some of these famous explorers were to pay for their curiosity with their lives. Today, with the advent of polar-rated expedition vessels, it is now possible for adventurous travellers to reach the edges of this remote region. To travel here is a real privilege; it's a journey that those with an interest in the natural world should strive to do at least once.

International Departure Taxes

Airport Departure Tax - USD \$5.00 from Ushuaia, USD \$18.00 from Buenos Aires

Tipping - Local Crew

Tipping is collected at the end of the voyage and is divided among the crew. Tipping is a very personal matter and the amount you wish to give is at your discretion, but as a generally guideline, we suggest US\$12 per person per day.

Preparing for your Tour

Climate

Antarctica Region

Polar Temperatures during Antarctic season: Min.: -15°C; Max. 12°C; Average 0°C.

Clothing

Dress on board is informal. Pack comfortable, casual clothing for all activities. Wind and waterproof outer layers are essential, and the most important piece of clothing you will bring is a parka. Beware of tight clothing that leaves no room for trapped air, which is an excellent insulator. Wool, silk and some of the new synthetic fibres, like polar fleece, retain heat better than cotton.

Parkas

You should look for a lightweight, roomy, wind and water-resistant parka with some insulation. Bright colors are more visible - and thus safer - in polar environments.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing

Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Equipment

Sunglasses and sun cream

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards (and something to protect the camera when out in the elements)

Seasickness remedy

Walking poles
A hairdryer is available in each cabin.

Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own.

Also ensure you take good walking boots and trainers for relaxing.

Luggage: On Tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Luggage allowance on tour: 20kg
