In Shackleton's Footsteps - M/V Polar Pioneer

In Shackleton's Footsteps

This all-encompassing voyage covers the wildlife havens of the Antarctic Peninsula, South Georgia and the Falkland Islands, as well as heading deep into the continent to the Weddell Sea. You'll enter a world inhabited by king penguins, the second tallest in the world, elephant seals and killer whales (orcas), plus various other penguin species. You're also in Shackleton's domain, and will see where this pioneering explorer's crew survived for four months in the harsh Antarctic winter.

Wildlife

Whales

Thanks to the abundance of the small, shrimp like krill as the basis of the food chain, many species of whales make the water south of the Antarctic Convergence their summer home. Some of the species found in the frigid southern waters include: the Humpback Whale who consumes over a ton of krill each day; the Southern Right Whales easily identified by the whitish callosities on the jaws and forehead; the Sperm Whales made famous in Moby Dick; the Killer Whale which is actually not a whale at all but the largest of the dolphin family; the Sei Whale which can achieve speeds up to 55 km/h over short distances; the playful Minke Whales very common in the peninsula area; the Fin Whale who can attain a length of 25 to 27 meters making them the second largest whales; and the Blue Whale which is not only the largest whale in the oceans but also the largest animal that has ever lived.

Penguins

The common name for all flightless, aquatic birds, penguins are only found south of the equator. Penguins have been grouped into 18 species and 6 genera, with most making their homes in Antarctica and the sub Antarctic islands, though others are native to the coasts of Australia, South Africa, South America, and the Galapagos Islands. Penguins are speedy and agile swimmers, but extremely slow on land. The regions we visit are inhabited by 6 different species including the giant King Penguin who can grow up to 1 metre in height (found only on South Georgia Island); the Adelie Penguin named after French explorer Dumont d'Urville's wife; the Chinstrap Penguin identified by the distinctive black line connecting the black cap to below the chin; the Gentoo Penguin with its orange bill and white flash above and behind its eyes; the Macaroni Penguin (Only on South Georgia Island) who number roughly 12 million and are easily identified by the orange tassels meeting between the eyes; and the Rockhopper Penguin (Only in Falkland Islands) who are similar to the Macaroni in appearance but slightly smaller and have yellow tassels.

Ship Description

The M/V Polar Pioneer is a Finnish ex-research vessel, refurbished to provide an adventurous journey in the polar regions; its ice class means it has excellent manoeuvrability. The vessel accommodates only 54 passengers, meaning more time with the experts and a friendly on-board experience. Informed crew and experts will ensure you learn about how a polar expedition runs, your unique surroundings and the wildlife; Zodiacs will take you to shore for close encounters.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Preparing for your Trip

Climate

Argentina

Argentina has a climate that ranges from subtropical in the north to cold in the temperate south. The Andes has erratic rainfall and flash floods from December to May. From June to September spring like sunny days temper the cold nights.

Falkland Islands

Antarctica Region

Polar Temperatures during Antarctic season: Min.: -15°C; Max. 12°C; Average 0°C.

Clothing

Parkas

You should look for a lightweight, roomy, wind and water-resistant parka with some insulation. Bright colors are more visible - and thus safer - in polar environments.

Gloves

Keeping your hands warm and dry can be a challenge. Thin polypropylene gloves can be worn underneath warm outergloves. This allows you some protection from the cold when removing your gloves to operate your camera etc. We strongly recommend that you bring more than one pair of gloves, in case one gets wet (or lost).

Hat/Cap

Warm, woollen hat/cap to protect your ears, as well as a scarf, neck gaiter or other face protection, such as a balaclava.

Trousers

Water-resistant trousers of coated nylon or, even better, Gore-Tex® are essential for your comfort. They can be worn over your regular clothes to keep you warm and dry. We suggest that you purchase trousers a few sizes larger than you normally wear as you will be wearing them over other clothing. Gore-Tex® or similar fabrics are excellent for keeping out wind and water without trapping excess heat. Rain gear and Gore-Tex® products can be found in any outdoor sport clothing store. In addition to your waterproof trousers, warm ski pants are suggested if you have them. Warm trousers such as jeans, corduroys etc are also good.

Socks

Warm wool socks worn over a thin pair of silk, polypropylene socks should provide enough warmth and insulation for your feet. Bring several pairs of socks, since you will inevitably get your feet wet.

Outer Clothing Woollen, knit or cotton sweaters/tops, polar fleece tops (medium weight), several cotton turtlenecks and T-shirts for layering on and off the ship.

Underclothing

Thermal underwear is highly recommended as it will keep you warm without adding bulk. Most polar travellers prefer a lightweight version.

Equipment

There are no hairdryers aboard the Polar Pioneer.

Sunglasses and sun cream

Insect repellent

Personal toiletries

A refillable water bottle

Books/reading material

Camera and memory cards

Seasickness remedy

Walking poles

Footwear

Complimentary waterproof boots will be supplied on-board. However, if you have extra small or large feet, you are advised to bring your own.

Also ensure you take good walking boots and trainers for relaxing.

Luggage: On Tour

One main piece of baggage and daypack. Remember you are expected to carry your own luggage so don't overload yourself.

Please note that a 15kgs luggage weight limit is sporadically enforced on the internal flight to Ushuaia, occasionally charges may be levied against passengers taking luggage in excess of 15kgs.

Luggage allowance on trip: 15Kg
