Along The Blue Danube

Imposing castles, glorious abbeys and pretty farms line the banks of the River Danube. We cycle along the most famous section of the river between Passau in Germany and Vienna in Austria, through densely-wooded valleys and green fertile countryside. Highlights along the route include Wilhering, the medieval city of Krems and the wine-growing region of Wachau.

Why Book this trip

Unlike many other operators, we include the hire of your bike in the overall cost of the holiday: you don't need to bring your own or pay extra to hire one locally. We also provide a support vehicle, spare parts and take care of day to day bike maintenance. All you need bring is your own helmet.

Cycling Information

On this trip we cycle 333 km over seven days (an average of 48 km per day). The path runs on traffic-free asphalt cycle paths (95%) and gravel tracks (5%) beside the Danube and is almost completely flat. A support vehicle carries our luggage from point to point throughout but cannot escort the rides along the cycle paths. We have graded the route as easy.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Cycling Grade: Easy

Suitable for cyclists who enjoy easy and relatively short rides on flat or gently undulating terrain. Ideal if you simply want to explore a region by bike at a relaxed pace.

DAY 1 Join trip Vienna; travel to Passau

Leaving our exploration of the wonderful city of Vienna until later, we begin the trip by heading straight to Passau, (either by train or private bus) a journey of some 3 hours. On arrival we shall settle into our hotel and get ready for tomorrow's cycle.

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** None

DAY 2 Cycle from Passau through small villages to Schlögen

Passau lies at the confluence of the Danube, the Inn and the Ilz and has hence long been known as the 'City of Three Rivers'. Once one of the centres of power for Roman Catholicism, much of the city was destroyed by a great fire in 1662. But, rebuilt in Italian baroque style, it remains today certainly one of Germany's most beautiful cities and a fine starting point for our trip. Before leaving Passau we get fitted up with our bikes. We'll then cycle through the Donauleiten Nature Reserve, part of the southern edge of the Bavarian Wald. A wealth of plants from different geographical origins grow here, and amongst the notable fauna there are more different reptiles to be found than in any other region of Germany. After passing through the small village of Erlau, the town of Oberzell and Jochenstein we cross over the Danube by ferry at Schlögen and enter Austria at Engelhartzell. Travelling now largely on the old tow path, we pass through a valley dominated by the Ranereidl Castle. It is not long before we arrive at Schlögen and the start of the famous 'Schlögener Schlinge' (Great Loop). Here we stay the night. Our total cycling distance today is approximately 44 kilometres

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 3 Cycle the 'Great Loop' from Schlögen to Linz

The Danube, up until it reached Schlögen, had been merrily cutting its course through soft soils. At Schlögen, however, the river came up against a granite ridge barring its path. Unable to cut through, it turned 180 degrees and went north east back the way it had come until it was able to make its way past the obstruction, thus creating the famous 'Great Loop'. The Danube's smaller tributaries were used for farming pearls and 'Passau pearls' enjoyed great popularity for many years. We cycle along the flat river path following its twists and turns. Arriving in Linz we shall take the time to make a tour of the recently renovated historic centre. Though the capital of Upper Austria is a busy centre of trade and industry (in fact Europe's first ever industrial factory was in Linz) it also has a growing reputation as a city of culture and the arts. Our total cycling distance today is approximately 53 kilometres

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 4 Pedal through the fertile countryside to Grein

Today's ride passes through green and fertile Austrian countryside and there are many sights along the way that could distract us, sights like the open air 'prehistory' museum at Mitterkirchen, the Berglitzl (a hunters' camp dating back to the end of the last Ice Age in 12000 BC), and Burg Klam, one of the best preserved castles in the country. One again our cycling follows the river allowing plenty of time to admire this waterway. Our destination is Grein, a pretty town that is itself dominated by the picturesque castle of Greinburg. It also boasts a 16th century Rathaus' and the oldest surviving theatre in Austria. Our total cycling distance today is approximately 65 kilometres

Overnight: **Standard Hotel**

Single Room Available

 **Included Meals:** Breakfast

DAY 5 Cycle from Grein to Melk

Shortly after leaving Grein, travelling on the south bank, we ride through the 'Strudengau', where the presence of the Hausstein Rock causes dangerous eddies and the island of Worth forces the Danube waters swiftly through narrows that have long been difficult to navigate; so difficult in fact that eventually a canal was built to bypass this section of river. Further on we cycle by Ybbs, former trading centre on the Danube, located on the southern bank. Directly opposite on our side of the river is Persenbeug, in the early 1800's the most important shipbuilding town on the lower Danube. The ride continues, passing by Maria Taferl with its pilgrimage church, to Melk, dominated by its imposing Benedictine monastery. Our total cycling distance today is approximately 46 kilometres

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 6 Ride along the terraced vineyards to Krems

Today we cycle through the Wachau, with its terraced vineyards, fruit plantations and romantic villages constituting undoubtedly some of the most beautiful landscape along the entire Danube River. This region has been growing vines for wine production since the time of Charlemagne, and the industry still thrives today despite being variously ravaged over the centuries by weather, periods of war and pests. Today the wines produced in the Wachau are much prized throughout the world. Besides the sheer beauty of the landscape, we shall ride through historic towns and villages, like Weissenkirchen, Durnstein and Stein. Richard the Lionheart was once held hostage in Durnstein Castle, the ruins of which can be seen above the picturesque town. The medieval city centre of today's destination, Krems, invites us for a stroll. Regarded as the oldest city in lower Austria it is a beguiling mix of the Renaissance with the baroque and the Gothic, a profusion of narrow criss-crossing streets and alleyways, full of old town houses and pretty churches with impressive spires and towers. Our total cycling distance today is approximately 40 kilometres

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 7 Cycle the Krems and Danube tow paths to Tulln

With the Wachau region ending at Krems, the Danube enters the expansive flatlands of the Tulln plain. We set off today initially following the Krems River, but this soon meets up with the Danube itself. It does not immediately flow into it, however, and we find ourselves cycling along the well-surfaced tow path between the Krems to our left and the Danube to our right. We continue like this all the way to Altenwirth, and shortly afterwards cross the Danube by way of a dam to the south bank. Almost immediately we cross the Traisen, another tributary about to join the Danube, and turn left to continue along our journey. Crossing streams and traversing both forest and fields, we pass through the villages of first Zwentendorf, then Pischelsdorf, Langenschonbichl and Kronau to reach our nightstop of Tulln. Our total cycling distance today is approximately 46 kilometres

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 8 Arrive in Vienna by bike for orientation tour

For the final stage of our journey we return once more to the northern, or left, bank. After a while we shall see on the opposite bank the village and castle of Greifenstein. At Korneuburg the mighty Danube begins to dip southwards and soon afterwards enters the outskirts of the capital, Vienna. Proceeding through the streets we shall make an orientation tour of Vienna's main attractions before heading to our hotel to check in. The rest of the day is free for independent sightseeing. The city of Vienna remains a testament to the once immensely rich and powerful Habsburg dynasty and its architectural treasures are many, with impressive statues and public buildings at every turn, interspersed with tasteful gardens. You may choose just to spend a few hours walking or cycling around, soaking up the atmosphere, or you might take in a couple of the wonderful museums, or perhaps visit the world-renowned Schloss Schonbrunn, the enormous summer palace of the Habsburgs. Whichever you choose, Vienna will certainly provide a wonderful end to our trip. Our total cycling distance today is approximately 39 kilometres

Overnight: **Standard Hotel**
Single Room Available

 **Included Meals:** Breakfast

DAY 9 Trip ends Vienna

The trip ends in Vienna this morning after breakfast.

Your included bike is a 21 gear Bird custom hybrid and will be the correct frame size for your height. A 40 litre pannier and water bottle holder are included as well as the facility to fit your own pedals or saddle if you wish to bring them. A support vehicle carries the luggage from point to point but cannot always access the cycle routes. We provide spare parts and take care of the day to day maintenance. All you need to bring is your own helmet.

Climate

Germany

Germany has a variable climate with frequent changes of weather from day to day. Expect a contrast of warm summer days with the possibility of showers at any time.

Austria

Austria has a variable climate with frequent changes of weather from day to day. Expect a contrast of warm summer days with the possibility of showers at any time.

Clothing

Pack for all conditions. We recommend you bring cycling gear such as gloves and padded shorts, a warmer jacket/fleece, and a raincoat.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage: On Tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember you are expected to carry your own luggage so don't overload yourself.

Luggage allowance on trip: 20kg
