## Pyrenees To The Med

Ride with us on scenic dedicated cycle paths from the foothills of the Pyrenees to the Mediterranean coast. We pedal through northern Spain's volcanic countryside and ancient walled villages to the port town of Sant Feliu de Guixols. We also stroll through the Ramblas in Barcelona, explore the medieval back streets in Girona and enjoy some delicious Catalan cuisine.

### Why Book this trip

Unlike many other operators, we include the hire of your bike in the overall cost of the holiday: you don't need to bring your own or pay extra to hire one locally. We also provide a support vehicle, spare parts and take care of day to day bike maintenance. All you need bring is your own helmet.

### Cycling Information

On this tour we cycle 164 km over four days (an average of 41 km a day) with a further optional 23 km available. We follow quiet dedicated cycle paths or dirt roads (85%) and some quiet country roads (15%). There is one day with a 390 metre ascent (support vehicle available) and two days with a little ascent (140-250m). Maps are provided to cycle individually or in groups while the tour leader drives the support vehicle, except on circular routes when the tour leader will cycle with the group. We have graded the route as easy to moderate.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Cycling Grade: Easy to Moderate

This grade is ideal if you want to enjoy both easy and moderate rides on the same tour. You'll be cycling through flat or gently undulating terrain, with the occasional more energetic ascent.

## Your trip itinerary

We believe that our Tour Leaders are the key to the success of our tours; they are passionate travellers who are bursting with first-hand local knowledge which they love to share. Your tour Leader will also take care of all the planning and organisation throughout your journey. Their passionate approach will make this tour fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

## DAY 1 Join tour Barcelona; city tour

On arrival in Barcelona after settling into our hotel in the city we can take an orientation tour. Founded over 2000 years ago, Barcelona truly has something for everybody. From the winding streets and alleys of the classical medieval Barrio Gotico (Gothic Quarter), to the contemporary architecture of the MACBA, a pedestrian visit of Barcelona allows you to discover the contrasts that make Barcelona one of the most exciting cities in Europe. Strolling up the famous Ramblas, passing street statues, flower stalls and bird stalls, and on to the Plaza Catalunya and then into the Eixample to catch a glimpse of some of the innovative architect Gaudi's most famous creations. Tonight we might opt to return to the Barrio Gotico to sample some of the local specialities.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** None

## DAY 2 Train to Ripoll and cycling to Olot

This morning we catch a train (2hrs) to Ripoll, a small town where the remains of the monastery remind us of the glorious days when this was the centre of power of the first Catalan counts, Guife el Pelos ('Willy the Hairy') is considered to be the founder of Catalonia when he started uniting the different counties in the 9th century and thus gradually creating independence from France. The monastery itself used to house one of the finest medieval libraries in Europe and still preserves the splendid Romanesque portal from 12th century. After receiving and familiarising ourselves with our bikes, we take the Camino de Ferro, the first section of the graded bike trail which was originally built in late 19th century as a railway line serving local coal mines. This incredibly green and lush valley is surrounded by mountains up to 2000 metres high. It leads all the way to Sant Joan de les Abadesses, another important site from early medieval days, and we will stop here briefly for a visit to the 9th century monastery with its delightful alabaster windows. Gradually ascending a mountain pass, with 390 metres in height gained over 7km of steady incline, we arrive in Olot in the late afternoon. The capital of the Garrotxa region, Olot is located between several dormant volcanoes. It is worth a walk through the old center of the town, especially after 5 pm when the shops open again and the narrow streets really begin to bustle with life. Our total cycling distance today is approximately 36 kilometres (Total 390 metres ascent) - longest ascent on this trip, the support vehicle is on hand.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 3 Cycling between volcanoes

Today's ride is dedicated to exploring the volcanic scenery in the heart of the Garrotxa Natural Park. We start cycling through the Fajeda de n'Jorda, the largest beech wood forest on the Iberian peninsula, and eventually reach the Croscat volcano. Here it is possible to see the cross-section of the volcano in a unique way as decades ago a huge slice was cut for construction material. All the volcanoes in the area are covered by lush forest. We shall explore the volcanoes and surrounding countryside by bike on small roads, off-road bike trails and good forest tracks. Keen cyclists may be able to do an additional optional ride. Today's ride is guided by the Tour Leader. Our total cycling distance today is approximately 26 kilometres (Total 280 metres ascent).

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 4 Cycling to Girona; explore on foot

In the morning we continue following the old railway line on the cycle path. Apart from one little ascent this is the most serene and gentle downhill on the whole trip, taking us through the rich and fertile valleys with corn and palm tree plantations, surrounded by the dramatic rocks of the Collsacabra Mountains. The trail leads directly into the heart of Girona where we can enjoy first impressions of this ancient town, built on a hill between two rivers. Girona was one of the first Paleolithic communities in the region and, under the Romans, a major town on the 'Via Augusta' between Rome and Cadiz. It reached its zenith, however, during the Middle Ages when Catalanian seafaring expansion reached as far as Athens, bringing great wealth to the region. A great place to sit for an early evening coffee is on the Rambla or the Carrer de Forca. Our total cycling distance today is approximately 63 kilometres (Total 140 metres ascent).

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 5 Cycling to Sant Feliu de Guixos

This morning is left free to explore Girona further. You can ascend the ramparts of Girona's ancient city walls for fine views over the surrounding countryside, and then explore the backstreets on foot. Examples of the wealth from Catalanian seafaring days can be seen at the spectacular Cathedral, built between the 11th and 15th Centuries, which has a Romanesque cloister, Europe's widest Gothic Nave and a five-storey tower. Another suggestion is a visit to the Arabic Baths - built during in the 13th century by a noble family who wanted their private baths to be designed in the style of Moorish Spain. After lunch we head off on the bike trail towards the coast. Soon the scenery changes and the vegetation is increasingly dominated by pine and cork oak trees. A final descent brings us to the Mediterranean Sea and into Sant Feliu de Guixols. Our modernist hostel is perhaps the most original building in town, dating from the early 20th century. It's perfectly situated within a short 10 minute walk of Sant Pol beach. Our total cycling distance today is approximately 40 kilometres (Total 80 metres ascent).

Overnight: **Standard Hotel**  
**Single Room Available**

**Included Meals:** Breakfast

## DAY 6 Free day on coast; optional cycle to Tossa del Mar

Today is free for you to choose whether you wish to take it easy on the local beaches, visit the old monastery and the historical center of Sant Feliu, or perhaps fancy some more cycling. A very rewarding but challenging ride is along the coastal road to Tossa del Mar. The road was built in the 1950s under Franco in order to attract more tourism to the Costa Brava. Tossa del Mar itself had emerged on the world map a few years before when it hosted the shooting of a major Hollywood production with Ava Gardner. The 23 kilometres along the rocky cliffs is probably the most scenic section on the entire Spanish Mediterranean, affording splendid views across little bays and the sea. You can either take the same road back or a pick up service can be organized by your tour leader. Our total cycling distance today is approximately 23 kilometres (Total 500 metres ascent) (one way cycling, optional).

Overnight: **Standard Hotel**  
**Single Room Available**

**Included Meals:** Breakfast

## DAY 7 Transfer to Barcelona; free afternoon

After breakfast we travel to Barcelona by public bus (2hrs). After checking into our hotel you have the rest of the day free to explore Barcelona. You may choose to visit Antoni Gaudi's fascinating Park Guell where you can admire the beauty of his architecture and enjoy fantastic views across the city and the sea. Another of Gaudi's famous projects is the Sagrada Familia, the unfinished cathedral. Other examples of Gaudi's work not to be missed are the roof-top of La Pedrera and Casa Battlo both situated on Passeig de Gracia. Alternatively, take a stroll down to the port and the cable car across the harbour to the Jardins de Miramar, and then ascend to the Castell de Montjuic, dating back to the 17th century. Fantastic views are afforded out to the sea and back to the mountains. If you want to get back on two wheels (a great way to explore the city) please speak to your Tour Leader who will be able to advise on optional excursions (around 3 hours).

Overnight: **Standard Hotel**  
**Single Room Available**

**Included Meals:** Breakfast

## DAY 8 Tour ends Barcelona

The tour ends in Barcelona this morning after breakfast.

**Included Meals:** Breakfast

## Accommodation and Meals

### Accommodation Notes

Standard - Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Accommodation and service levels in Spain are generally very good. We try to use smaller, family-run hotels and pensions that might not offer the same luxuries as larger chain-style hotels, but they do provide a warm welcome, a comfortable place to stay and the chance to gain a better understanding of local life. One thing to be aware of in Spain is that breakfast tends to be a smaller affair, usually with fruit juice or coffee and a pastry.

In Barcelona we normally use a very good two star hotel, situated right next to the Art Nouveau Sant Pau Hospital and a few minutes

walking distance from Antoni Gaudi's masterpiece Sagrada Familia. In Olot our base is a good three star hotel some 3 km from the town centre and in the green outskirts of town providing easy access to both the Bicicarril and the Garrotxa Volcano Park. In Girona we stay in a three star hotel with easy access to the old town.

 Optional Rides

## Bike Details

Your included bike is a 27 gear Stevens Galant SX hybrid or a similar make and model and will be the correct frame size for your height. Female and male frames are allocated accordingly when booking unless you specifically request otherwise. A pannier and water bottle holder are included as well as the facility to fit your own pedals or saddle if you wish to bring them. A support vehicle carries the luggage from point to point and is driven by the tour leader. Maps are provided to cycle individually or as a group. We provide spare parts and take care of the day to day maintenance. All you need to bring is your own helmet.

## Climate

### Spain

Overall, spring, early summer and autumn are ideal times for a Spanish trip - though the weather varies enormously from region to region. The high central plains suffer from fierce extremes, stiflingly hot in summer, bitterly cold and swept by freezing winds in winter. The Atlantic coast, in contrast, has a tendency to damp and mist, and a relatively brief, humid summer. The Mediterranean south is warm virtually all year round. Spain's Islands the Canaries and Balaerics experience very mild winters and warm summers making them ideal year round destinations.

## Clothing

Bring cycling gear such as shorts, quick drying tops and cycle gloves. Remember weather is changeable in the mountains and it can be cool, especially at night, so bring a warmer jacket/fleece. Don't forget your swimming costume for the Mediterranean.

## Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

---

## Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to tours that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

---

## Luggage: On Tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

Luggage allowance on trip: 20kg
