## Pedalling In Poland

Poland is an idyllic location for a cycle holiday and we meander through its unspoilt landscapes, medieval towns and traditional timber-framed villages. Surrounded by the Beskid Mountains, we cycle on cliff-cut paths along the picturesque Dunajec Gorge and into Slovakia. We will sample some delicious local cuisine and experience a warm welcome from the locals.

### Why Book this trip

Unlike many other operators, we include the hire of your bike in the overall cost of the holiday: you don't need to bring your own or pay extra to hire one locally. We also provide a support vehicle, spare parts and take care of day to day bike maintenance. All you need bring is your own helmet.

### Cycling Information

On this tour we cycle 206 km over six days (an average of 34 km per day). The terrain is mostly flat or downhill with several short uphill sections on country lanes, gravel lanes (15%) or cycle tracks. The rides are not accompanied by a vehicle (available in case of emergencies). We have graded the route as easy to moderate.

### Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

### Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

### Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

### Cycling Grade: Easy to Moderate

This grade is ideal if you want to enjoy both easy and moderate rides on the same tour. You'll be cycling through flat or gently undulating terrain, with the occasional more energetic ascent.

## Your trip itinerary

Their passionate approach will make this trip fun and inspiring, bringing the destination to life whether you're travelling alone or with others.

## DAY 1 Join trip Krakow Airport; drive to Zakopane

We begin our exploration by driving from Krakow Airport straight to Zakopane in the Tatras. Zakopane has developed a very distinctive cultural character. The folk culture of the people who live in the Tatras, the Gorale is preserved in their music, their songs and their local costume. The characteristic 'Zakopane Style' of timber architecture, which developed around the turn of the twentieth century, is found nowhere else in Europe and has an unforgettable charm. 'Oscypek', a delicious smoked ewes milk cheese, is manufactured in this part of the world.

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** None

## DAY 2 Cable car and cycle via Chocholow to Nowy Targ

We begin our day by visiting some interesting sites in Zakopane, such as the atmospheric Old Graveyard. We then take the cable car to the top of Gubalowka Mountain and ride down through the long village of Dzianisz as far as Chocholow, a village which is now a living open-air museum of timber architecture. We can take our lunch in the village inn. After lunch we cross the Slovak-Polish border for the first time and head to the little village Sucha Hora. A newly built cycle path on the former railway track brings us through wild forests and marshy landscapes towards Ludzmerz (with its famous Marian pilgrimage shrine), and on to the town of Nowy Targ, the main centre for the Gorale region. Not far from Nowy Targ, we cycle past the point where the White and Black Dunajec rivers meet. The route then runs for part of the way along a riverside path, to the historic villages of Waksmund and Nowy Targ. Nowy Targ is where we spend the night in a pension at the edge of the forest and Gorce National Park. Nearby is one of the biggest centres in Europe for breeding the 'huchen' fish. Our total cycling distance today is approximately 54 kilometres (mostly downhill).

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Dinner

## DAY 3 Countryside cycling to Niedzica; explore the castle

Today we head south and follow the course of the Bialka, a third mountain river flowing into the Dunajec. Here we see its small but impressive gorge near Nowa Biala. On the way we can also have a look in the church at Debno, one of the oldest wooden churches in Poland (built around 1500) with an impressive painted interior. We are now in the Spisz region, which has rich history and a remarkable folk culture. Until 1918 this area was part of Hungary, and for many centuries it was home to several ethnic groups: Gorale and Ruthenians lived in the villages, Germans in the towns, and the Hungarian nobility in the castles. Weather permitting we can stop for a well deserved picnic by the reservoir, where you may choose to go for a swim. Following the bank of the reservoir, we reach one of these castles at Niedzica and spend the night nearby. Our total cycling distance today is approximately 38 kilometres

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 4 Cycle the Dunajec gorge to the spa town of Szczawnica

In the morning we ride to the Spisz village of Kacwin, whose unusual architecture is reminiscent of some Hungarian villages. At about midday we cross the border into Slovakia. First we ride to the village of Cerveny Klastor (Red Monastery), above which rise the three peaks of Trzy Korony (Three Crowns), the highest point in the Pieniny range. Here we can take our lunch and visit the local museum. Next is a real highlight of the trip as we cycle along the 'Pieniny Way', a cycle path carved out of the cliff running the whole length of the Dunajec Gorge. Only walkers and cyclists are allowed to use this path. The limestone cliffs and luxuriant greenery along the way are breathtaking and as we cycle we can wave to those on wooden rafts being steered down the river by Gorale. Unlike the rafters we can choose to stop at any time to take photographs. Also very beautiful is the gorge of the Lesnicki Potok, a stream which flows into the Dunajec from the Slovakian side, passing through the sleepy village of Lesnica. Here some might take the opportunity to do a little shopping before we head back into Poland and the small spa town of Szczawnica. In the late afternoon we can ride along the elegant promenade in the valley of the Grajcarek and explore the paths in the lower and upper Kurpark. Our total cycling distance today is approximately 24 kilometres

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 5 Pedal though old villages and fruit gardens to Rytro

Today we follow what is known as the 'green Dunajec Gorge', where the river passes between two ranges of Beskid Mountains, the slopes of which are lined with beech woods. Leaving the main road, we turn across a suspension bridge to the right bank and make our way between the paths among the farms of the village of Tylmanowa. We can catch a glimpse through the open doors of the old barns, granaries and hen houses. One stretch of river at Wietrznice has been artificially prepared for whitewater canoeing. After lunch, we ride through Lacko, known for its Slivovitz, and then alongside more fruit gardens on the valley slopes. At Golkowice we leave the Dunajec and ride uphill to Rytro, an old feudal village at the foot of castle ruins. The night is spent in a small hotel on the shady banks of the Poprad, a tributary of the Dunajec. Tonight for something really special we have a camp fire with grilled trout fresh from the water. Our total cycling distance today is approximately 52 kilometres

Overnight: **Simple Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast, Dinner

## DAY 6 Explore historic Stary Sacz by bike; drive Krakow

After taking a ride around the Rytro area we cycle 10 km through the Poprad Valley to Stary Sacz. This historic little town is one of the most beautiful in Southern Poland and we take some time to breathe the atmosphere of past times and discover the maze of narrow streets by bike. Boarding our bus we head to the neighbouring town of Nowy Sacz, which still has something of the Habsburg Empire about it. The neo-Baroque town hall in the beautiful market square dates from that period, and the streets are lined with well-restored art nouveau houses. From Nowy Sacz we return to Krakow (about 2 hours). Our total cycling distance today is approximately 18 kilometres

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## DAY 7 Cycling tour of Krakow Old Town and local area

Poland's former capital (until 1596) has a very distinctive character and is on the UNESCO World Heritage list. Its historic architecture came through the Second World War unscathed and the city has preserved its rich culture to the present day. It was the residence of Polish kings, and has nearly a hundred churches, as well as Poland's oldest university. Among its most important architectural treasures are St Mary's Church, which contains the world-famous altarpiece carved by Veit Stoss, the medieval buildings of the Jagiellonian University, and Wawel Castle with the Cathedral. Taking a cycle tour of the city we shall visit the 'Planty' (the attractive gardens laid out around the Old Town on the site of the medieval city walls), Europe's biggest medieval town square, Kazimierz (the former Jewish quarter) and the promenade along the River Vistula at the foot of Wawel Castle. Not far from the old town centre we can cycle across the Blonie, Krakow's large green open space, to reach the Kosciuszko Mound (optional), which has a fine view over Krakow and its environs. An optional evening of 'Klezmer' music is a fitting way to bring our trip to a close. Our total cycling distance today is approximately 20 kilometres

Overnight: **Standard Hotel**  
**Single Room Available**

 **Included Meals:** Breakfast

## Preparing for your Trip

### DAILY DISTANCES

Day 2		48km
Day 3		47km
Day 4		40km
Day 5		55km
Day 6		20km
Day 7		20km

### Bike Details

Your included bike is a 21 gear Bird custom hybrid and will be the correct frame size for your height. A 40 litre pannier and water bottle holder are included as well as the facility to fit your own pedals or saddle if you wish to bring them. A support vehicle carries the luggage from point to point but cannot always access the cycle routes. We provide spare parts and take care of the day to day maintenance. All you need to bring is your own helmet.

### Climate

#### Poland

Poland has a temperate, changeable climate. September and October are cooler and gradually become damper until late November when temperatures fall below freezing with snowfall, particularly in mountainous areas. Cold temperatures last through to March, but are tolerable. Snow can lie for up to three months in the mountains.

#### Slovakia

Summers are short in the mountains. July to August is the hottest period, when daytime temperatures average 20-22°C, though it may be much cooler in the early morning or late evening. During the winter, snow and ice is not uncommon, with snow generally starting in December and continuing to early February. Mountain weather is notoriously changeable and it can be cold at any time of year, so be prepared.. Early July is the best time for flowers.

### Clothing

Bring cycling gear such as gloves, cycle shirts and shorts. Remember weather is changeable in the mountains and it can be cool, especially at night, so bring a warmer jacket/fleece. A raincoat is essential at all times in case of rain.

### Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage.

### Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

### Luggage: On Tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike. Remember you are expected to carry your own luggage so don't overload yourself.

Luggage allowance on trip: 20kg
