Brown Bear Weekend

Sparsely-populated North Eastern Finland is an untamed expanse of pristine natural beauty. The dense taiga forest with its many rivers and lakes offers a haven to the elusive European brown bear. Travelling deep into the forest to specially prepared observation hides, we aim to observe this amazing animal in its natural habitat during this exciting short break.

Why Book this trip

Finland is the destination for this exciting wildlife filled trip. Spend a night camping out in hides observing the nature that Vartius has to offer with the likes of wolves, arctic hares, wolverines and of course wild brown bears all calling this region their home.

Wildlife

Finland is home to approximately 1200 brown bears which are mainly located in eastern Finland, close to the Russian border, where there is less human habitation. The viewing season runs between April and September, before the weather starts to turn colder and the bears go into hibernate. June is mating season for brown bears, so we could be lucky enough to see the male bears following a female mate. By travelling in spring (May), any cubs that have been born over the winter start to take their first explorations into their surroundings. The long northern summer means that there is between 12 and 16 hours of direct sunlight each day, plus 2 to 4 hours of twilight - all the more light for trying to observe these inquisitive giants of the forest.

On this trip, although bear sightings are not guaranteed, it is common to see a number of individual bears from our hides during one night. There is a variety of other wildlife in the area that we may also be fortunate enough to see including owls, wolverine, foxes and elk.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Simple

No-frills accommodation which includes berths on sleeper trains, rooms in village houses, boat cabins, campsites, huts and simple family-run lodges, guesthouses and hotels. Sleeping arrangements are simple and amenities are adequate, sometimes with en suite facilities and occasionally communal.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Tour Pace: Relaxed

Easy paced tours with plenty of time to relax and absorb the sights and immerse yourself in the local surroundings.

Your trip itinerary

Tour itinerary notes

While our intention is to adhere to the day-by-day itinerary as printed below, a degree of flexibility is built in. Overnight stops may vary from those suggested.

Your Tour Leader

This tour will not be accompanied by an Explore Tour Leader. Instead you will be accompanied by an Explore Representative. The representative will not be with you

for every section of the tour and will not stay at the accommodation at night or eat out with the group in the evenings. However they will be available for you and your group during the included activities and will help if any problems occur.

DAY 1 Join trip at Kajaani airport; drive to the Wild Brown Bear Centre

Arriving at Kajaani airport we then take a bus east towards the Russian border through a magnificent landscape of densely packed forest of both deciduous and coniferous trees broken up by lakes, bubbling streams and flowing rivers, as we make our way to the home of the brown bear. Our journey will take around 1 hour 30 minutes. On arrival at the Wild Brown Bear Centre you will have a free evening. If time allows, we recommend ending your day by partaking in the pastime that is almost a national obsession in Finland - the sauna. Please note that on our 23 Jun 2017 we will fly into Oulu airport instead of Kajaani airport and transfer from here to the Wild Brown Bear Centre. The journey will take approximately 3 hours and you'll see some spectacular Finnish scenery along the way.

Overnight: **Simple Lodge**

 **Included Meals:** Dinner

DAY 2 Guided nature walk; exciting evening spent bear watching from hides

This morning we include a guided walk through the forest with a local wildlife guide, to gain a greater insight into the natural history of this pristine region. During the 4 to 5km walk we learn more about the habitat of the brown bear, whilst looking for the other animals and rare plants found in this truly unique area. This afternoon we will walk to our specially prepared hides to spend a night observing bears. Located in a small open wetland area, with a fabulous backdrop of spruce and pine forests the hides have been designed to offer the best opportunity for the observation and study of bears. Each hide accommodates up to 8 people and is equipped with comfortable viewing chairs, a sleeping area and a toilet. Although predominantly a solitary animal, bears do congregate in numbers within popular areas where food is plentiful. Although as with all wildlife viewing we cannot guarantee that bears will be seen, it is common for a number of individual bears to be observed from the hides during any one night. In the viewing season we can expect 12 to 16 hours per day of direct sunlight and 2 to 4 hours of twilight, so maximising the opportunity to see these amazing animals. As well as bears, owls, wolverine, foxes and elk are visitors to this area, so make sure you load a large memory card into your camera!

Overnight: **Simple Hut**

 **Included Meals:** Breakfast, Lunch, Dinner

DAY 3 Free day with the chance to enjoy a nature trek or go canoeing

This morning we return on foot to our hotel located a short walk from the hides. After freshening up, the day is free for personal exploration, although you may wish to join an optional canoeing trip or nature trek (12 km) with our local guide. For those people not wishing to partake in these options, the location of our hotel makes it an ideal place to just sit and relax. There is the opportunity this evening to return to the hides for a second night of bear watching (optional - space permitting) or relax in a traditional smoke sauna. In the unlikely event that bears were not seen on the first night, a second night of bear watching will be included without additional charge.

Overnight: **Simple Lodge**

 **Included Meals:** Breakfast, Dinner

DAY 4 Drive to Kajaani airport where the trip ends

This morning if time allows we drive via Kuhmo, a town located on the banks of Lake Lammasjarvi in the Kainuu region, before returning to Kajaani airport.

 **Included Meals:** Breakfast

Accommodation and Meals

Accommodation Notes

The Wild Brown Bear Centre's remote location makes it ideal for wildlife spotting and relaxing in the tranquil surroundings. The lodge is furnished in a simple style and the bedrooms are basic with some having shared bathroom facilities. There is a dining room area, auditorium and two saunas at the lodge.

You will spend at least one night of your stay in the wildlife watching hides, which are positioned by a picturesque lake. There are 21 hides and the largest can accommodate up to 10 people. They are equipped with comfy chairs and beds in the back in case you need to take a snooze at any point during the night. They also have basic toilet facilities and we recommend taking hand sanitiser with you. Outdoor shoes aren't permitted to be worn inside the hides (in order to keep them clean and noise to a minimum), so you might want to wear soft slippers or thick socks when inside. It is also advisable to bring insect repellent with you, as the location beside the lake

can attraction insects. Once we have entered the hides at around 18.00 we won't be able to leave until approximately 07.00 the next morning.
