Vélo En Provence

Riding our bikes through the heart of Provence, we visit ancient vineyards, hilltop villages and discover the landscapes that inspired Vincent Van Gogh to paint here. We cycle past the ancient 'bories' (stone houses) in Luberon, the Roman remains in Orange and St-Rémy-de-Provence, maybe stopping to visit the region's elegant Romanesque abbeys. Making frequent stops to enjoy mouth-watering Provençal cuisine and local wines.

Why Book this trip

Unlike many other operators, we include the hire of your bike in the overall cost of the holiday: you don't need to bring your own or pay extra to hire one locally. We also provide a support vehicle, spare parts and take care of day to day bike maintenance. All you need bring is your own helmet.

Cycling Information

On this trip we cycle 237 km over six days (an average of 40 km per day) with further more challenging optional rides available. One of the more challenging options is the classic Tour de France climb of Mont Ventoux. We use quiet, undulating roads although there will be several steeper sections. Maps are provided to cycle individually or in groups while the Explore Leader drives the support vehicle, except on circular routes when the Explore Leader will cycle with the group. We have graded the route as moderate.

Suitability

We've given each of our tours a comfort rating and a tour pace, walking or cycling grade to give you a general idea about the level of activity on each tour and the standard of accommodation you will be staying in at the end of your day's adventure.

Often you'll stay in different styles of accommodation during your tour; so we make an average rating across the entire tour. For more information on where you'll stay each night, please refer to the day by day tour itinerary.

Accommodation Grade: Standard

Our mid-range accommodation offers a good level of service often with other amenities such as a restaurant, bar, garden or swimming pool. Generally rooms will be comfortable with en-suite facilities.

Tour Style: Classic

Packed with adventure, these tours offer inspiring destinations and authentic travel experiences at a reasonable price. Using all kinds of transport and accommodation, we'll take you off the beaten track to discover the true heart of the people and places you visit.

Cycling Grade: Moderate

Medium length rides are suitable for cyclists who are used to undulating routes with occasional energetic climbs. You'll be cycling mainly on trails and quiet roads and you should have a reasonable level of fitness.

There will be ample time to sample some of the regions' famous wines and explore the ruins of the chateau which was built as a summer residence for the Popes of Avignon. After lunch we can return to Orange following the course of the mighty Rhone taking a break in the village of Caderouse, where ramparts encircle the village. Today provides for a gentle introductory ride, but alternatively you can just follow the local back roads through small, quiet villages to give a longer optional cycle route. Later this afternoon you may like to visit the large and well preserved Roman theatre and triumphal arch. Our total cycling distance today is approximately 35 kilometres (Total 112 metres ascent and 113 meters descent), plus optional extra 31 kilometres.

Séguret is an open balcony on the Rhône Valley, sat beneath the medieval castle remains surrounded by vineyards which produce a very respectable Côte du Rhône. Inhabited since prehistoric times and enriched in Gallo-Romano times, today's village was built in the 10th century and belonged to the Papacy before becoming part of France revolution in 1793. Continuing on our way towards Carpentras we pass through the villages of Gigondas and then Vacqueras, birthplace of the troubadour poet Raimbaud. Along this section of the ride there are some excellent views of the limestone pinnacles and the opportunity to try some of the best Grenache wines produced in the foothills of the Dentelles. This is one place where you can view the lavender fields if travelling in July (Optional longer rides available). Our total cycling distance today is approximately 47 kilometres (Total 269 metres ascent and 215 meters descent), plus optional extra 23 kilometres.

DAY 4 Free day or optional circular cycle route via Gordes back to Carpentras

With three nights in Carpentras you may wish to take the opportunity to take a day off from cycling in which case, there are plenty of things to do and see in this historic and attractive town. The town is situated in an area where, in the 14th and 15th centuries, Jewish communities were protected, benefitting from the presence of the Popes in Avignon who granted them the freedom to worship and live peacefully, having been banished from the Kingdom of France. The Synagogue was built in 1367 and is one of the oldest in France. The Hotel Dieu in the town is an 18th century hospital with a well-preserved collection of apothecary jars, decorated walls and ceilings. Antique lovers will enjoy the Rue de Porte Mazan and the town's glass-covered shopping street. A short bus ride away is the city of Avignon and the amazing Palace of the Popes. For those that would prefer to ride, options include the strenuous climb up Mont Ventoux, or riding east of Carpentras to find some of the Luberon's prettiest villages. Three of them have made it into the list of the 'Les plus beaux villages' (most beautiful villages) of France, an association of 144 villages selected on the quality of their architecture, environment and patrimony. Riding through the lavender-hued vale, passing the simple Cistercian abbey of Senanque we continue south-east to arrive at Gordes where there may be time to experience the local street market. On the flanks of the Vaucluse plateau, just across the Luberon barrier, Gordes is a typical Provençal A maze of intricate lanes leads up to St Firmin's church and to the massive hulk of a Renaissance château perched on the top of the village (Optional longer rides available). Our total cycling distance today is from 20 kilometres, up to 80 kilometres (Total 934 metres ascent and 934 meters descent)

The cycling route takes us southeast through the market gardens of the Vaucluse and Bouche du Rhône regions following lanes across flat farmland and through delightful old villages. It is possible to make a short detour to the Grottes de Thouzon en route. These caves offer an easy walk along a horizontal gallery via the fossil bed of an underground river where you can discover the delicate beauty of the only natural cave developed for tourism in Provence. Our route crosses the Durance River to Noves, a typical village with two 14th century gateways and a 12th century church. Our destination for today is St Rémy-de-Provence the birthplace of Nostradamus and one time home to Van. (Optional 66 kilometre longer ride is available). Close by we can visit the Barbegal Mill, a sixteen wheel water powered device constructed in the 3rd or 4th century. We continue cycling through olive groves, to visit Les Baux-de-Provence, another of France's most beautiful. Perched on a rocky spur, the village overlooks some staggeringly beautiful countryside. DAILY DISTANCES

Optional Rides

Bike Details

Your included bike is a 21 gear Trek Navigator hybrid and will be the correct frame size for your height. Female and male frames are allocated accordingly when booking unless you specifically request otherwise. A 15-litre pannier and water bottle holder are included as well as the facility to fit your own pedals or saddle if you wish to bring them. A support vehicle carries the luggage from point to point and is driven by the Explore Leader. Maps are provided to cycle individually or as a group. We provide spare parts and take care of the day to day maintenance. All you need to bring is your own helmet.

Climate

France

Across France, from April - August, weather conditions are generally warm and pleasant with moderate rainfall; Autumn temperatures are a bit lower and the winter months (though colder) remain mild. The summer months on the Mediterranean Coast in the south tend to be warmer than the rest of France and have less rainfall, and also more mild winters; freezing conditions are nearly unheard of. The mountainous areas of the Alps, Juros and Pyrenees can be quite different. During summer the morning and evening temperatures are considerably cooler and it becomes much colder in winter with heavy snowfall. Western France, along the English Channel, there can be very strong winds and frequent rain during the winter months Nov - Apr. Wine harvesting takes place in late August/early September.

Clothing

Pack essentially for hot weather. However, you must bring a warm sweater or jacket for cycling on cool days and for wearing during the evenings. In case of rain, waterproofs are essential. Also, a pair of long trousers or tracksuit bottoms are useful for cycling along hedgerow-lined footpaths.

Equipment

On all Explore cycle holidays we strongly recommend you bring along and wear your cycle helmet. In case of an accident resulting in personal injury, certain insurance policies are invalidated in cases where a helmet was not being worn. Cycle glasses to protect against dust, pollen and the sun, padded cycle gloves and a water bottle or water delivery system (e.g. camelback or platypus) are also useful. You may choose to bring your own gel seat cover for added comfort. If a handle bar bag or pannier is not provided (check bike details) then you may like to bring a small rucksack to wear while cycling. Other items to consider bringing are a sunhat and sun cream, torch, earplugs and insect repellent. Please carry some or all of your cycling equipment e.g. helmet as part of your hand luggage. A swim towel would also be useful for day 5.

Footwear

If you are not bringing cycle shoes then try to bring stiff-soled shoes as these are better for cycling - transmitting your energy into the pedals more efficiently. This becomes more relevant and recommended the more demanding the grade and distances to cover. SPD cycle shoes are not well suited to trips that combine sightseeing with cycling. Comfortable shoes, trainers, sandals or flip flops are useful when not on the bike.

Luggage: On Tour

We recommend you bring a daypack and one main piece of luggage (total allowance: 44lb/20kg) which will be transported between hotels while you cycle. Check the bike details section to see if a pannier or handlebar bag is provided on the bike.

It does occasionally happen that luggage does not always reach its destination on the same flight as its owner, or possibly it may be damaged in transit. If you are unlucky enough for this to occur, it is important that you file a PIR (Property Irregularity Report) with the airline before leaving the airport. This is essential when you come to make a claim either against the airline or from your travel insurance company.

Luggage allowance on trip: 20kg
