DAY 1 Join tour in San Jose

After arriving in San Jose, we will check-in to our hotel which will be our base for the next two nights. San Jose lies in a fertile valley at an altitude of 1150 metres. Coffee and sugar cane are big industries here and coffee is even planted between new buildings and along the roadside on the outskirts of the city. The city is more cosmopolitan than other Central American capitals and is famed for its vibrant nightlife, which you may choose to sample this evening.

Quality Real Hotel

The Quality Real Hotel is conveniently located just a few miles from the airport and a short drive from the downtown area. The hotel has a restaurant, pool and health club while the comfortable rooms have complementary Wi-Fi.

DAY 2 Visit the volcania crate at Poas; tour of San Jose

This morning, an hour's drive will take us to Volcan Poas National Park, where the smoke from one of Costa Rica's most active volcanos rises majestically from the beautiful tropical rainforest. At almost a mile in diameter, the main crater is one of the largest in the world. The national park has many interesting trails which we can explore. One of these leads to a forest-fringed lake where fiery throated hummingbirds can be seen feeding on colourful flowers. This afternoon, an orientation tour of San Jose will help us to gain a feel for the city centre and main sights, including the National Museum.

DAY 3 Drive to Turrialba; visit Guyabo

This morning, a 45-minute drive takes us to Cartago, the old colonial capital that is situated at the foot of the Irazu Volcano. After exploring some of this interesting city, we continue our journey to the town of Turrialba, where we will spend the next two nights. This area is famous for its lush natural beauty. Its fertile land makes it an important agricultural region for coffee, sugar and Macadamia nuts, as well as dairy production, with its cheese being popular throughout the country. On arrival, we will visit the excavated Indian ceremonial centre at Guayabo. Dating from 1000 to 1400, this is one of the country's most important archaeological sites. Here, uncovered paved streets and water channels help us to understand about village life in that era. This evening, your Tour Leader may be able to organise an optional visit to a typical 'finca', where you can enjoy dinner prepared in a traditional family way.

Villa Florencia Hotel

Villa Florencia is situated on a hillside, ten minutes from downtown Turrialba. It is a peaceful setting surrounded by sugar cane plantations and with secondary forest to the back. Guests can relax in the garden among the flowers and fruit trees or by the free-form pool. In the morning a homely breakfast is served in the restaurant, and an a la carte menu is also available for dinner. The simple rooms have ceiling fans and Wi-Fi is available in the communal areas.

DAY 4 CATIE Agricultural Research Station optional visit

Today is left free for you to spend as you wish. You may choose to try white-water rafting on the Pacuare River. Regarded as one of the country's most exciting and scenic rivers, calm stretches between the Class III-IV rapids allow time to appreciate your passage through rainforest-topped canyons. Alternatively, you may choose to visit CATIE (Centro Agronomico Tropical de Investigscion y Ensenanza) Research Centre. Recognised throughout the world as an important agronomic station, its environmental development projects seek to enhance human wellbeing and protect natural resources. Its botanic garden is a special place to relax, surrounded by the calls of birds, the whisper of the giant Guanacaste Tree and the imposing Ceiba.

DAY 5 Travel by bus and boat to Tortuguero National Park

This morning, our drive to Cano Blanco takes us through extensive banana plantations. From Cano Blanco or La Pavona, a boat will take us to our spectacular lodge in the Tortuguero National Park, where we will spend the next two nights. As we travel through a fascinating network of jungle waterways, it is easy to understand why this area is often described as a 'mini Amazon'. Its complex canal system and narrow lagoons link small isolated settlements and are rich in fish, including rainbow bass and grouper. They also support an abundance of birds, such as heron, stork and kingfisher. We will also take a short walking tour of the carless village of Tortuguero.

Evergreen Lodge

Evergreen Lodge is ideally located just five minutes from the entrance to Tortuguero National Park. The rooms are spacious and designed to complement the jungle surroundings. There is a combination of individual cabins or clusters of rooms, all with ceiling fans.

DAY **6** Full day to explore the park searching for wildlife

Today we have the opportunity to explore some of this spectacular national park. To kick off our day, there is the option of a bird watching trip by boat at dawn, where we have the opportunity to spot some of Costa Rica's spectacular birdlife. This morning, water birds such as herons, egrets and kingfishers are among the birds that may be spotted, although other species of birds such as toucans may be found in the area. Later this morning, we will head out on a nature walk to understand more about the area's unique ecosystem. This afternoon, we will take to the waterways for further exploration. On our travels, we may come across the howler monkey, aptly named by the way it noisily protects its territory. Much shyer animals in this area include ocelots, tapir and the incredibly elusive jaguar. At certain times of year, you may be lucky enough to see different species of turtle nesting close to our lodge. Hawksbills nest from October to March, with leatherbacks taking over from April to November. The best time to see the nesting season is between June and September when over five-thousand green, leatherback and, occasionally, 700-pound loggerhead turtles come ashore to nest on Tortuguero's beaches. At this time of year, there is the option of an evening turtle walk to take in this spectacle.

DAY **7** Journey by boat to Cano Blanco, drive to Arenal

Leaving our lodge this morning, we travel by boat back to Cano Blanco. This afternoon, our drive skirts around the great central volcanic massif, passing through fertile farmlands, rich with tropical crops. Soon we catch sight of the famous Arenal Volcano. This classic cone, which rises to 1633 metres, is covered by a tangled mass of vegetation on one side, while the other is starkly barren. Having remained dormant for hundreds of years, it erupted unexpectedly in 1968, destroying the small towns of Tabacon and Pueblo Nuevo on its west side. After this, it was known for its regular explosions, which became a huge spectacle at night. However, since 2010, the volcano has gone quiet once more. Our accommodation for the next two nights is in La Fortuna. The town was renamed after the 1968 eruption, when it was seen as being 'fortunate' that its location, on the volcano's eastern side, saved it from decimation. This evening, we can make the most of the local geothermal activity by enjoying an optional bathe in nearby hot springs.

Casa Luna Hotel and Spa

The Casa Luna Hotel and Spa is a lovely quiet property; rooms are set among beautiful tropical gardens with a small stream - home to many tiny frogs and noisy toads. There is a large swimming pool outside with tumbling waterfall and wet bar. Each bedroom is tastefully decorated and the dining area is open to the surroundings, providing spectacular views of Arenal Volcano. The hotel is located on the road, an easy one hour walk, from La Fortuna waterfall.

DAY 9 Travel to the Monteverde Cloudforest Reserve

This morning we will explore the Arenal Volcano National Park, home to one of the most majestic volcanoes in Costa Rica. We will take a walk on the flanks of the volcano where your leader will point out interesting flora and fauna and provide more information about the science and history of the volcano. We will walk to a viewpoint for a closer view of the volcano. Following this we will travel around Arenal Lake up into the cloud forest region of Monteverde - one of the most well-known places in Costa Rica to see wildlife. The last part of our journey is on bumpy roads, but we are rewarded with a three-night stay here to enjoy all that this area has to offer. Perched on the Continental Divide between the Pacific and the Caribbean, it is thought that there has been indigenous habitation in Monteverde since 3000 BC. However, the turning point in its recent history came in 1950, when a group of pacifist Quakers from Alabama moved here to avoid subscription in the Korean War. They sought a lifestyle in a country in which they could embrace their peaceful beliefs and continue to cultivate their dairy farms. These families went on to establish the community of Monteverde and some of its famed cloudforest reserves. Monteverde is regarded as offering some of the best canopy experiences in the world. This afternoon, you may choose to 'fly' through the dramatic scenery on a zipwire, or take a more sedate walk through the canopy on treetop walkways. This evening, there is the opportunity to go on a guided night walk in search of nocturnal species, such as pacas and tarantulas.

Ficus Hotel and Sunset Suites

Ficus Sunset Suites is located in the middle of the tropical cloud forest, near Santa Elena. The property has beautiful gardens with walking trails throughout. The garden provides the property with a variety of vegetables which are used in the restaurant kitchen. Rooms have tropical decor with exotic hardwood furniture, fan and garden views.

DAY 10 Nature walk in the cloudforest searching for wildlife

We have the next two days to explore all that this area has to offer. The famous, but now very rare, resplendent quetzal is fairly commonly seen in this area, one of the last remaining places in Central America where its habitat has been preserved. Sacred to the ancient Maya and Aztec peoples, it is considered one of the most beautiful birds in the world and the best time to see it is during its breeding months of March and April. This morning, we will have a guided tour the Monteverde Cloudforest., walking the paths that wind their way through gigantic ferns and giant ferns and giant trees dripping with lichen and moss. The jungle floor is often littered with blossoms that fall from the high canopy providing a carpet of colour amidst the endless green. The rest of our day is free to spend as you wish. You may choose to stay longer in the Monteverde Cloudforest or explore one of the other private forest reserves in the area.

DAY 12 Drive south to Manuel Antonio National Park

Leaving the cloudforest behind us this morning, we descend to the Pacific Coast, enjoying staggering views over the Gulf and Peninsula of Nicoya. Heading south, we then pause at Carara Biological Reserve, famed for the scarlet macaws and abundant birdlife which populate this transitional forest. Finally, we continue along the Pacific Coast to Manuel Antonio National Park, where we will spend the next two nights.

Set on a cliff in the 500 acres of Punta Quepos, the Parador Hotel is positioned in one of the most pristine and tranquil areas of Manuel Antonio but still close to the park itself. Its elegant Mediterranean style architecture blends into the tropical gardens, home to monkeys and sloths. It has expansive views of the Pacific on one side and the bay on the other. Facilities include two restaurants, two pools, including an adult only infinity pool, a miniature golf course, tennis courts, fitness centre and nature trail.

DAY 13 Explore Manuel Antonio's wildlife and beaches

This morning, we explore the Manuel Antonio National Park, famed for its beautiful beaches and rich wildlife. During our time in the park, we are likely to see white-faced capuchin monkeys, coatimundi (part of the racoon family) and the tiny squirrel monkeys. This is also one of the best places in Costa Rica to see sloths. The majority of a sloth's diet comes from buds and leaves. As leaves provide little energy, sloths move only when necessary and even then very slowly so they are easy to spot. The remainder of the day can be spent relaxing on the white sandy beaches, enjoying a swim in the warm azure waters. The sunsets from this coast are spectacular and have to be seen to be believed.

Preparing for your Trip

Climate

Costa Rica

Seasonal weather patterns can be unpredictable. Up-to-date information on the weather worldwide can be found by following the BBC weather link on this page. Costa Rica has a tropical climate with high temperature humidity and rainfall. The average temperature is 21°C in the highlands and variable in the lowlands. The rainy season is from May to November and the summer from December to April, but it does still tend to rain, usually in short bursts. Bear in mind that Costa Rica has 12 microclimates and weather can vary significantly in one day.

Clothing

Lightweight clothing is essential in midsummer though a warmer sweater is advisable for cooler evenings in the highlands (especially in Monteverde). A good waterproof is essential, and you should consider waterproof trousers. The jungle lowlands are hot and muggy, and it can rain at any time of year. Long trousers and long-sleeved shirts are recommended on jungle walks. Please note there is a laundry next to the hotel in La Fortuna / Arenal

Equipment

We recommend a sunhat, sunscreen, a small umbrella, a torch, insect repellent, beach towel and a water bottle. Binoculars are essential for bird and animal spotting, and, for those interested, we also recommend bringing snorkelling equipment for your time at Manuel Antonio National Park..

Footwear

Lightweight trail/walking boots for jungle walks, comfortable shoes/trainers and sandals. In the rainy season waterproof boots are recommended.

Cool Earth focus on areas in immediate danger of deforestation, supporting local communities to be forest guardians. To date 350,000 acres of rainforest has been protected. Saving rainforest also protects rare animals and plants, allows local forest communities to maintain their way of life, and protects a major source of oxygen and fresh water. When you travel on an Explore holiday we make a donation to Cool Earth that exceeds the impact of our customers flights each year.

Earth Matters

We are passionate about sustainable travel and work hard to create tours where your holiday delivers real benefits to the local communities. We minimise our impact by travelling in small groups, respecting local cultures, reducing waste and offsetting 100% of the CO2 from our flights.

When you travel with Explore, you are directly contributing to local economies and helping empower the people you meet. We currently support a range of charities and good causes, including: Toilet Twinning (helping to flush away poverty), Lone Buffalo Foundation (a community project based in Laos providing creative skills for young people) and have recently supported women's cooperatives in Borneo and Morocco. We are a member of Tourism Concern's Ethical Tour Operator Group (www.tourismconcern.org.uk) and support their campaign for fair and ethical tourism. We also care passionately about the world's wildlife and actively support and promote the Born Free Organisation and Mahouts Elephant Foundation.
